

July 29, 2020

Dear Bryan Students,

As we continue preparations to repopulate the campus this fall, I wanted to take this opportunity to share a few updates with each of you. As Director of Safety & Security for the college, my energy focuses on preparing the campus and our personnel for a safe and healthy fall. While COVID-19 presents many challenges to campus life, we will work together to keep everyone as safe as possible at Bryan College.

We have provided the The BC Healthy Fall planning guide through our website and social media. You may have received information on this plan from Ms Kim ("Mama Tutt") via email. We ask that you continue to review this guide and should additional questions, please email those to [bchealth@bryan.edu](mailto:bchealth@bryan.edu).

We have heard that you are excited about coming to campus this fall! I can assure you we are just as happy to see you back. As you prepare your return, we ask you to consider isolating yourself for as much time as possible prior to returning to campus. By doing your part, this will limit the opportunity for your exposure to COVID-19.

We understand not all will be able to self-isolate. However, if the majority of inbound students do their best to assist us in this endeavor, it will increase our efforts to remain on the hill for the duration of the upcoming Fall semester! We are truly privileged and excited for you to return/arrive and continue your quest to learn and lead from a Christian Worldview in preparation for what God has in store!

Seeking to Learn, is to Seek to Serve; Christ Above All
