EIGHTY-FOURTH YEAR

OUR MISSION

Educating students
to become servants of Christ
to make a difference in today's world

A MESSAGE FROM THE PRESIDENT OF THE COLLEGE

Selecting a college is one of the most important decisions of your life, and yet is often one of the most challenging. The most critical question which you will ask to enable you to make that decision is this: “Is this the best college to prepare me vocationally to fulfill God’s calling on my life, equip me to engage the culture from a Christian world and life view, and encourage me to walk worthy of our Lord Jesus Christ, fully pleasing Him?”

As a Christian liberal arts college, Bryan will challenge you academically to think critically regarding the world of ideas while affirming the truth of the Word of God as the foundation of all life and learning. We believe that the study of every discipline should enable you to see God’s creative hand and give Him glory through its pursuit. Bryan provides the type of academic rigor which prepares you to enter the best graduate and professional schools while growing in faith and the spiritual disciplines.

Success in life is dependent upon gaining the tools which allow you to understand your discipline of study, think clearly and creatively, and articulate your ideas in an effective way. A Bryan education will put you on a path of lifelong learning and living a life of true significance. I trust this Catalog will provide you with sufficient information to help you make one of life’s most important decisions. Bryan College – dedicated to understanding, engaging, and redeeming our culture for Christ’s kingdom.

Stephen D. Livesay, Ph.D.
President

Brief History

Founded in 1930, Bryan College is situated on a beautiful 125-acre wooded hilltop in the Tennessee Valley community of Dayton, Tennessee. Bryan College is an independent, coeducational, Christian liberal arts college named for William Jennings Bryan (1860-1925), a prominent statesman in American political life. As an orator and national leader, Mr. Bryan promoted the interests of the “common man” and defended the authority of the Bible as a foundation for public and private values.

Institutional Distinctives

Chartered in 1930 under the laws of Tennessee as a general welfare corporation with the basic purpose of providing “for the higher education of men and women under auspices distinctly Christian and spiritual,” the College has responded to changing times with various modifications of its educational program. Bryan College was established as a four-year undergraduate college of arts and sciences, although until 1958 the corporate title used the term “University.” In December, 2005 the College was authorized by the Southern Association of Colleges and Schools Commission on Colleges to offer its first graduate degree: the Master of Business Administration. The goals for institutional development and the changing climate in American higher education will continue to influence the educational program. However, the original institutional purpose as a Christian liberal arts college remains unchanged.

With an awareness of its heritage and a commitment to its future, the College endeavors to serve its constituencies by traditional and novel means. Bryan College maintains the following distinctives as part of its vision for the next century.

Bryan College has developed and will maintain:

- ◆ An identity as a Christian liberal arts college which is evangelical, nondenominational, and regionally accredited.
- ◆ A firm biblical emphasis, both in curriculum and in principles for everyday life, based upon unequivocal acceptance of the inerrancy and authority of the Scriptures.
- ◆ A Christian worldview as the foundation for the engagement of faith, learning, and living.
- ◆ A competent faculty committed to a quality academic program.
- ◆ A balanced position regarding theological beliefs, daily life and conduct, and educational philosophy and practice.
- ◆ A close bond of fellowship and a sense of community under the Lordship of Jesus Christ that fosters positive relationships among faculty and students of diverse backgrounds.
- ◆ A commitment to a progressive approach in addressing the technological nature of our changing society.
- ◆ A setting of natural beauty where lake and mountains meet, ideal for serious study and growth.

Institutional Mission and Purpose

Bryan College’s mission is “educating students to become servants of Christ to make a difference in today’s world.” The College seeks to assist in the personal growth and development of qualified students by providing an education based upon an integrated understanding of the Bible and the liberal arts.

Educational Goals – Learning Outcomes

In order to maintain its distinctives and pursue its institutional purpose, the Bryan College community strives together to accomplish seven educational goals expressed as learning outcomes.

1. Students will develop a knowledge of the Bible and the liberal arts and an ability to harmonize that knowledge through an understanding of their relationships.
2. Students will develop competency in one or more subjects as a foundation for graduate studies or vocations related to the disciplines of Christian Studies and Philosophy, Humanities, Literature & Modern Languages, Natural Science, and Social Science.
3. Students will demonstrate academic excellence by thinking critically, working independently and cooperatively, communicating clearly, and expressing themselves creatively.
4. Students will develop wholesome attitudes, healthful habits, responsible citizenship, constructive interests and skills, and the recognition that education is a continuing process for both faculty and students.
5. Students, faculty, and staff will serve the local community and the Bryan constituency with academic and creative experiences and consultative services in ways consistent with the educational philosophy, purpose, and resources of the College.
6. Students will mature spiritually and engage in opportunities for Christian leadership, ministry, service, worship, and discipleship.
7. Students will enhance their undergraduate and graduate education and participate in research projects and colloquia conducted by Bryan's faculty, academic departments, and affiliate and ancillary organizations.

ESSENTIAL BELIEFS

The college charter states that no sectarian test or statement of belief is to be imposed on any student. It also specifies that anyone serving as a trustee, officer, or member of the faculty or staff must subscribe to the Statement of Belief, which appears below. The College's religious position and control, educational philosophy, and community life standards are consequential outcomes of the Statement of Belief.

Statement of Belief

This Statement of Belief is reported to have been formulated and adopted at the 1919 Philadelphia Convention of the World's Christian Fundamentals Association, an interdenominational Protestant evangelical organization of that period. Consequently, it is a nonsectarian statement of evangelical orthodoxy. Its adoption as the religious position of the College was appropriate in view of the fact that Bryan was organized by leaders from various religious denominations and chartered as a non-sectarian institution. The college community continues to represent a wide spectrum of religious denominations and the normal divergence which is characteristic of the larger American evangelical community.

The College, as an evangelical Christian community, endeavors to create an atmosphere in which personal commitment to Christ and Christian standards of behavior will be forthcoming. Trustees, administrative officers, faculty, and staff affirm annually their faith and commitment by subscribing to the Statement of Belief.

The Bryan College Statement of Belief

We believe:

- that the holy Bible, composed of the Old and New Testaments, is of final and supreme authority in faith and life, and, being inspired by God, is inerrant in the original writings;
- in God the Father, God the Son, and God the Holy Ghost, this Trinity being one God, eternally existing in three persons;
- in the virgin birth of Jesus Christ; that He was born of the virgin Mary and begotten of the Holy Spirit;
- that the origin of man was by fiat of God in the act of creation as related in the Book of Genesis; that he was created in the image of God; that he sinned and thereby incurred physical and spiritual death;
- that all human beings are born with a sinful nature, and are in need of a Savior for their reconciliation to God;
- that the Lord Jesus Christ is the only Savior, that He was crucified for our sins, according to the Scriptures, as a voluntary representative and substitutionary sacrifice, and all who believe in Him and confess Him before men are justified on the grounds of His shed blood;
- in the resurrection of the crucified body of Jesus, in His ascension into Heaven, and in “that blessed hope,” the personal return to this earth of Jesus Christ, and He shall reign forever;
- in the bodily resurrection of all persons, judgment to come, the everlasting blessedness of the saved, and the everlasting punishment of the lost.

Religious Position and Control

The College is controlled by a self-perpetuating Board of Trustees, the maximum complement of which is thirty, in three classes of ten each with staggered terms. The charter and bylaws state that the members of the board shall be “born again Christian men and women with a sound Christian testimony.” The names of the members of the Board of Trustees appear elsewhere in this *Catalog*.

In policy and practice, the College strives to cooperate with local churches, each member of the college community choosing his own place of worship and service. In general, the College refrains from scheduling any official activities at times which would conflict with the regular schedule of local churches. In actual practice, the College has emphasized two major principles: first, the relevancy of the message of the Bible for today and, second, the unity in the body of Christ of all who are Christians by spiritual rebirth.

Because Bryan is a college and not a church or denomination, it does not seek to wield ecclesiastical power and influence; neither does it set itself up as a judge on such matters, nor does it attempt to prescribe what other Christians shall do. The trustees do not legislate “stands” for faculty or students, nor are loyalty pledges sought from the alumni. All matters necessary to the college community relationship are laid down in the Charter and Bylaws, the *Catalog*, the *Faculty-Administration Guide*, and the *Student Handbook*. The institutional emphasis is placed on a positive application of the principle of loyalty to Christ and of seeking to honor Him.

Some movements and institutions sharing the same heritage as Bryan’s have adopted an exclusive policy whereas others have taken an inclusivist position; but Bryan endeavors to maintain the position it has held from the very beginning. The College believes that this position is consistent with its history, its current development, and the principles of a Christian liberal arts college.

Educational Philosophy

Bryan College is founded upon the belief that God is the author of truth; that He has revealed Himself to humanity through nature, conscience, the Bible, and Jesus Christ; that it is His will for all people to come to a knowledge of truth; and that an integrated study of the liberal arts and the Bible, with a proper emphasis on the spiritual, mental, social, and physical aspects of life, will lead to the balanced development of the whole person. All programs incorporate a Christian worldview as the foundation for the engagement of faith, learning, and living.

The opportunity for such study should be available to all students who meet admission standards, regardless of their sex, race, creed, color, national or ethnic origin, disability, or age. Although students are neither required to subscribe to any statement of belief nor placed under any duress with regard to their religious position, the college leadership desires that its graduates will ultimately find their lives transformed by the living Christ, being filled with the Holy Spirit, and consistently practicing a thoroughly Christian lifestyle which grows from a well-developed biblical worldview. These graduates should be well-integrated persons and mature citizens who accept their responsibility to glorify God and serve others.

Community Life Standards

In matters of social life and personal conduct, College personnel aspire to exemplify the College motto, “Christ Above All.” Emphasis is placed on the positive application of the principles of loyalty to Christ and seeking to honor Him rather than on a code of controls. Love and reverence for God, respect and care for the personal self, courtesy and concern toward others, and respect for the law are broad principles which govern the conduct of all College personnel.

The trustees, administration, faculty, and staff of the College believe that the following standards of conduct and behavior are meaningful guidelines for our community, are necessary for carrying out our mission, and apply to all persons employed by Bryan College, including adjunct and full-time faculty, and full-time and part-time staff.

1. To enable our mission, all employees of the College must be professing Christians who concur with and support the Bryan College Statement of Belief.
2. To continually refresh our spiritual life and maintain our core values, all employees of the College, consistent with the Bryan College Statement of Belief, are expected to be maturing followers of Christ and active in the life of a local church.
3. To live a life of holiness and foster a loving community, all employees are expected to avoid impropriety and abstain from practices prohibited in or inferred from scripture. These behaviors include, but are not limited to, dishonesty, theft, vandalism, immodest dress, profanity, gossip, drunkenness, pornography, and sexual sins (fornication, adultery, homosexual behavior).
4. To be good citizens as the Bible calls us to be, all employees should submit to and pray for governmental authority over them.
5. To model scholarship with integrity, all employees must refrain from academic dishonesty, including cheating and plagiarism.
6. To cultivate an emotionally healthy lifestyle, all employees will abstain from the use of illegal drugs and from the misuse of prescription drugs. They will also refrain from the use of legal substances for the purposes of altering one’s psychological or physiological state in a way not recommended by medical professionals.
7. For the purposes of student and employee safety and to encourage the respect of all persons, all employees are prohibited from using or possessing alcohol on campus, during Bryan-sponsored events off-campus, in the presence of students at private gatherings, or while operating any vehicle while on College business. In addition, all employees are prohibited from using tobacco products on campus, during Bryan-sponsored events off-campus, or while operating College vehicles.

The Honor Code

The Christian Life Standards apply directly to the academic area through the Bryan College Honor Code. The Honor Code is simply stated: “Every student shall be honor bound to refrain from cheating (including plagiarism). Every student shall be honor bound to refrain from stealing. Every student shall be honor bound to refrain from lying. Any violation of this Honor Code can result in dismissal from the College.” The Bryan College Honor Code is designed to enhance academic uprightness on the campus.

Academic Honesty Policy

Students are expected to submit their own work and engage in their own research. The Community Life Standards apply directly to the academic area through the Bryan College Honor Code. The Honor Code is simply stated: “Every student shall be honor bound to refrain from cheating (including plagiarism).”

In regard to plagiarism, the *Chicago Manual of Style (2003)* states “with all reuse of others’ materials, it is important to identify the original as the source.” (p. 136). Even when one uses other people’s thoughts or concepts without crediting them as the source they have stolen intellectual work.

It is not plagiarism to quote material from a book, article, or web site as long as the author or source of the material is properly cited. Similarly, it is not plagiarism to copy a chart or a diagram from such a source, as long as the source is clearly credited. It is plagiarism to copy verbatim or closely paraphrase a chart or illustration, or material from any book, article, or web site without clearly identifying the source from which it was obtained.

Violations of the Academic Honesty Policy & Appeals Procedures

The Bryan College policy on academic honesty, revised in 2010, requires a proportional discipline response to violations of the policy. At the undergraduate level the first incident is recorded in the Office of the Vice President of Academics and any correction is handled by the professor of the course. A second incident automatically results in the failure of the course in which it takes place. A third incident usually requires the immediate suspension of the student from the College. For graduate programs, the first incident may result in the immediate suspension of the student from the College.

If one is found in violation of the Academic Honesty Policy he or she has the right to appeal the accusation and the resulting punishment, in writing, to the Vice President of Academics within 30 days of notification by the Academic Office of the violation. The appeal will be heard by the Academic Appeals Committee at their next regular meeting. Appeals made after the 30 day window, inclusive of non-business days and standard college vacation days, will not be considered valid and may not be entertained by the Committee. The decision of the Committee is final and no further appeal is available. Details as to the construction of the appeal letter and its contents can be obtained by contacting the Office of the Vice President of Academics.

HISTORY AND DEVELOPMENT

During his visit to Dayton in 1925 for the Scopes Evolution Trial, William Jennings Bryan (1860-1925) expressed the wish that a prep school and junior college for men might be established on one of Dayton’s scenic hills. Following Mr. Bryan’s death in Dayton on July 26, 1925, a memorial association with a national membership was formed to establish in Dayton an educational institution in his honor.

Bryan’s Heritage

At the 1896 Democratic convention in Chicago, Mr. Bryan had become a national figure with his famous “Cross of Gold” speech, which brought him the first of the three nominations for the presidency. Though he lost all three presidential

racism, he was the leader of his party from 1896 through the first election of Woodrow Wilson in 1912 whose nomination he helped to secure. He served as Secretary of State in Wilson's first administration, and his energetic efforts for world peace in a world moving toward World War I resulted in the ratification by the U.S. Senate of twenty of the thirty treaties he had negotiated. The rising tide of pro-war feeling in America led to his resignation as Secretary of State in 1915, although he later supported the war effort and remained a leader in his political party. He was the foremost public orator of his day and was famous for his lectures on the Chautauqua circuit. As a public figure, he was a spokesman for prohibition and for biblical fundamentalism in the modernist-fundamentalist controversy which dominated the Protestant religious scene in America the first quarter of the century. Mr. Bryan's involvement in *The State of Tennessee v. John Thomas Scopes* in which he assisted the State of Tennessee in its prosecution of Mr. Scopes was logical, for Bryan participated as a champion of biblical Christianity against the encroachments into public education of the secular religion of materialistic Darwinism. After Mr. Bryan's death in Dayton on July 26, 1925, the Bryan Memorial University Association launched a national campaign to raise five million dollars, half for endowment and half for buildings. A wooded hilltop tract overlooking Dayton was obtained and construction began with high enthusiasm for the new institution. The immediate and continuing effect of the Depression caused the collapse of the fund-raising effort and the consequent halt to construction. Classes, however, opened on September 18, 1930, in the old Rhea County High School, which had been vacated that year for a new high school building nearby.

Bryan's Campus

From its modest beginning, the present campus of more than ten buildings set on a beautiful 125-acre campus emerged. Most of Bryan's physical facilities are relatively new. A brief description follows.

Mercer Hall

The central campus building, previously known as the Administration Building, is a 440-by 54-foot, three-story concrete, steel, and brick structure that houses the classrooms and staff offices. It was completely renovated in 2001.

The science laboratory complex occupies most of the third floor of the building. This facility includes modern science labs and equipment, faculty offices, and lecture rooms outfitted with state-of-the-art technology.

Faculty and staff offices are located in the south wing of the main floor and consist of suites with four or five offices each. There are also three large lecture rooms in this wing. The administrative offices occupy the north wing of the main floor.

The ground floor consists primarily of classrooms and computer labs in addition to the mailroom and technology offices. Scopes Trial and Origins museums are being developed on this level.

Latimer Student Center

The Erwin D. and Lane Latimer Student Center, completed in 2000, is a 39,000 square-foot building designed to enhance Bryan's ability to accomplish its mission. It contains a 500-seat cafeteria and a 100-seat dining room for special events, a 70-seat student café, three student activity areas, the college bookstore, and offices for Student Life, the English Department and Spiritual Formation.

Library

Bryan College's 22,000 square-foot library provides access to well over 300,000 books, e-books, media items and online journals. The library's digital resources are available to students via the Internet using the library's research computers or their own internet accessible devices. Students may also request items from thousands of other libraries representing more than 1.8 billion holdings worldwide through the library's resource sharing (interlibrary loan) network. A full-time public services librarian is available to assist with computer searches and research questions for most of the library's operating hours each week, and librarians provide information literacy instruction sessions in several classes each semester.

Residence Halls

The College has five residence halls: Arnold, Huston, Long, Woodlee-Ewing and Robinson. Each residence hall contains a computer lab. In addition to the residence halls, off-campus housing is available to single students who are at least 23 years old and to all married students.

The **H. D. Long Residence Hall** and **Huston Residence Hall** both were built in 1963-64. They each have fifty-two student rooms which are individually climate controlled. Each student room has a sink and is furnished with built-in beds or modular furniture, wardrobes and study desks. Several floors were renovated in 2007 in order to allow roommates to arrange their own living space. Each hall has a lounge, kitchen, residence director's apartment, bathrooms, laundry rooms, and storage areas.

Arnold Residence Hall, with a capacity of 104 students, was built in 1972. The fifty-two rooms are "suite style," with a connecting bathroom for every two rooms. The building is carpeted throughout with a lounge, kitchen, laundry rooms, and storage facilities. All rooms are individually climate controlled.

Woodlee-Ewing Residence Hall, with a capacity of 174 students, was built in 1984. The building is designed in "suite style" to accommodate two students per room, with every two rooms having a connecting bathroom. Each room's built-in furniture is arranged to provide two private study centers. All rooms are carpeted and individually climate controlled. Lounges, a kitchen area, storage facilities, a laundry room, and a resident director's apartment complement the eighty-seven student rooms.

Robinson Hall, built in 2006, houses 120 students. Each of the 60 rooms has a sink and modular furniture, allowing roommates to arrange their own living space. Rooms are individually climate-controlled and wireless internet is available throughout the building. Residents on each wing share a bathroom and shower facility. In addition to student rooms, Robinson Hall contains a resident director's apartment, study areas, a computer lab, lounge, laundry and storage areas.

Townhouses at Bryan Commons are located off of Landes Way and overlooking the campus, two buildings of townhouses were completed in 2010. One building has seven townhouses and the other has five townhouses. Each two-story townhouse of approximately 1500 square feet includes three bedrooms, two baths, a full-size kitchen and a living room. These are two of four planned townhouse buildings.

Rhea House

Rhea House, completed in 1969, was a gift of the community to the College through funds raised by the Rhea County Advisory Committee. This two-story brick dwelling served as the home of the College President and his family until it was converted to a men's residence. Effective fall 2006, Rhea House was occupied by the Advancement Office.

Bryan Village Apartments

This complex of eight buildings was developed beginning in 1961 for the use of married students. One-bedroom and two-bedroom units are available with easy access to laundry facilities.

Anderson Building

This building, formerly known as the Annex building, was renamed in honor of John C. Anderson, who is Bryan College's faculty emeritus in Greek. The ground and main floors house faculty offices for the Division of Christian Studies and Philosophy. The ground floor also provides classroom, meeting and study areas for divisional activities.

Summers Gymnasium

With a seating capacity of one thousand, this building was constructed as the first unit in a physical education and intramural/intercollegiate sports complex. The present building includes a college tournament-size rubber-cushioned, floating, maple hardwood basketball playing floor, auxiliary facilities, and locker and shower rooms. In the summer of 1982, an annex was added to the front of the gym which provided a more spacious lobby, four offices, an athletic training room, and additional storage areas and rest rooms.

In January 2007, a 3000 square foot athletic training facility was added to the gymnasium. During the summer of 2007, Summers Gymnasium was renovated with a complete fitness center for use by all in the Bryan community. A 6000

square foot extension onto the gymnasium houses the coaches' offices as well as locker rooms and other facilities.

Athletic Facilities

A varsity soccer field was constructed in 1995. This Bermuda grass field is regulation size. The four tennis courts with Laykoid surface meet the specifications of the U.S. Lawn Tennis Association. Two courts are lighted for night use. The men's baseball field was completed in the spring of 2002 and was donated by the Senter family, long-time friends of the college. In January 2007, a practice facility with two regulation size basketball courts was erected on the north side of the campus. A regulation, collegiate size, softball field was added in 2010.

Rudd Memorial Chapel

The Rudd Memorial Chapel was occupied in 1976. It is a combination auditorium and fine arts building. It houses the College's main chapel auditorium with a regular seating capacity of 850, a large main stage for dramatic and musical productions, seven teaching studios, faculty offices, a recording studio, choir and band rooms, three classrooms, and ten music practice rooms. During the summer of 2012, the auditorium and lobby were completely remodeled with new lighting, seating, flooring, and a digital sound system. **Brock Bicentennial Hall**, located on the ground floor, is a multipurpose room with adjacent kitchen facilities. The room was remodeled in 2007 as a black box theatre that will accommodate 200 people and is suitable for large classes, recitals, and plays.

Rankin Communication Studies Center

This building, named in honor of an outstanding Bryan alumna, Joanne S. Rankin, was renovated in 2005 to house a seminar room and faculty offices for the Department of Communication Studies. Darkroom and production spaces for the student news and yearbook staff are also housed here.

The first floor of the Rankin Center houses Bryan's first full-service health clinic, known as the PolyClinic, in conjunction with a health provider in the greater-Chattanooga area. The clinic is open to the public and serves all Bryan students, faculty, and staff members.

President's House

The President's house was completed on the west end of the campus in the spring of 2001. This stately, yet functional two-story brick dwelling with its walk-out basement provides more than a dwelling for the President and his family. While the two upper levels house the College president and family, the basement floor provides a meeting place for up to 30 persons and a private efficiency apartment for guests of the President. Outside the basement entrance is a spacious area for outdoor activities. The College is thankful that many of the building materials for the President's House were donated by local businesses in Dayton and Rhea County.

Bryan's Location

Bryan's 125 acre wooded hilltop campus overlooks the Richland embayment of TVA's Lake Chickamauga and the town of Dayton in the western edge of the valley made world-famous by the federal program of flood control, electrical power, and recreational facilities known as the Tennessee Valley Authority. Dayton, 38 miles north of Chattanooga on U.S. Highway 27, is approximately 40 miles from connections with Interstate Highways 24, 75, and 40. Dayton is the county seat of historic Rhea County, named for John Rhea, a Revolutionary patriot and early congressman from Upper East Tennessee. The population of the town is 6,600 with a service area of 12,000. Recent growth has increased the county population to 30,300. A sizable community of retirement residents who live principally in the north end of the county on the shores of Watts Bar Lake is a decided asset to the county. The natural beauty of East Tennessee and the potential for continuing growth and development of the area are factors making Bryan's location a definite plus.

Chattanooga's airport, Lovell Field, is approximately an hour's drive from the campus. A Greyhound bus terminal is also located near the airport. Dayton's own municipal airport serves small, mostly private, aircraft.

Excellent hiking and outdoor sporting opportunities are available at Dayton's Pocket Wilderness. Nearby Chattanooga is home to the internationally famous Tennessee Aquarium. Additional sightseeing opportunities are

available at Rock City, Ruby Falls, and the Lookout Mountain Incline. The Tennessee Valley was scene of many Civil War battles. The Lost Sea, an underground lake in Sweetwater; Cumberland Mountain State Park; Fall Creek Falls State Park; Chickamauga Battlefield National Park; Watts Bar Dam and the Chickamauga Dam, both part of the TVA complex; the world-famous Oak Ridge Atomic Research Center; Gatlinburg, the gateway to the Great Smoky Mountains; and Nashville are all within an easy day's drive from the Bryan campus.

Legal Notices

This *Catalog* is intended to give a realistic statement of admissions requirements and procedures, academic policies and practice, programs of instruction, college expenses, financial aid programs, etc. The College must reserve the right, however, to change, without notice if necessary, statements in the *Catalog* concerning policies, academic offerings, rules of conduct, charges, and to make any other alterations as circumstances may require. Furthermore, the course listings are offered primarily with the degree student in mind. A student who plans to attend Bryan fewer than two years should ascertain whether the courses desired will be taught during the anticipated enrollment period.

Bryan College does not discriminate on the basis of sex, race, color, age, national origin, or ethnic group in the education programs and activities which it operates according to the Civil Rights Act of 1964, and Title IX of the Education Amendment of 1972, Public Law 92-318. Nor does the College discriminate against qualified handicapped persons, according to the requirements of Section 504 of the Rehabilitation Act of 1973, Public Law 93-112. This policy extends to both employment and admission to the College.

In conformity with the Americans with Disabilities Act (ADA), Bryan College requires individuals (applicants, employees, or students) to identify specific requests for reasonable accommodations that may be necessary due to the existence of a qualified disability.

Inquiries should be directed as follows. Regarding Title IX or ADA contact the campus ADA Coordinator. Regarding Section 504, contact the Vice President of Finance. The address and phone numbers for both are the same: Bryan College, P.O. Box 7000, Dayton, TN 37321-7000. The phone number is (423) 775-2041.

COLLEGE PERSONNEL

BOARD OF TRUSTEES 2013-2014

CAMPUS LIFE

SOCIAL LIFE

Social life includes a variety of spontaneous get-togethers, as well as many scheduled events and activities. Many students enjoy hiking in the rugged Tennessee mountain countryside or driving to Chattanooga for an evening of movies, dinner, or spending time in the aquarium district. Water skiing, snow skiing, rafting, Christian concerts, class outings, banquets, and many other functions are planned by the Student Government Association, the classes, or other groups.

The Bryan Fine Arts Concert Series and other cultural groups in nearby Chattanooga provide excellent programs available to Bryan students and faculty. The Bryan Chorale, for example, is open to students on the basis of auditions. It provides students with musical training and fellowship. This choir, under the supervision of the director, regularly takes a tour of several days duration in the spring and sings on various occasions during the school year. The Chamber Singers, a select musical ensemble, sings light classics, spirituals, and madrigals. These highly trained singers are in popular demand for high school assemblies, special banquets, fraternal groups, and music festivals.

Hilltop Players, the campus drama organization, provides cultural enrichment and entertainment for the student body as well as the local community. The playbill for the year usually consists of three productions per year (two main stage productions and one Dessert Theatre production).

Supervised residence halls provide a living environment in which students develop a strong sense of community, receive encouragement, care, support, and guidance, and are given opportunity to serve others. Resident Directors, who are assisted by student Resident Assistants, supervise residence halls. Together, this staff seeks to identify and meet students' needs through individual counseling, group activities, Bible studies, and educational programming. Bryan College complies with federal laws regarding the maintenance of campus crime reports, and such information is available through the Office of Student Life.

STUDENT LEADERSHIP

Opportunities for experience in the area of leadership are abundant at Bryan College. Whether leading a group of students on a week-long mission trip, teaching a Bible study, organizing a student government meeting, or planning a campus-wide activity, Bryan students gain invaluable insight for future leadership in the marketplace. Particular attention is given to leadership development of those in student leadership positions. Ongoing leadership development opportunities include leadership luncheons with significant Christian leaders, regional and national leadership conferences, and personal leadership mentoring.

STUDENT GOVERNMENT ASSOCIATION (SGA)

SGA is a leadership team of students elected or appointed by the student body to provide various opportunities and services throughout the school year. The responsibilities of SGA members include providing spiritual, intellectual, emotional, and social growth opportunities (chapels, concerts, bible studies, banquets, etc.). Another major focus area of SGA is to cooperate with the administration in meeting various needs of the student body as they arise. Facilitating communication within the student body, to the faculty, administration, alumni, and the surrounding community is a vital service to the College. Through these different areas of ministry, SGA seeks to develop the leadership of its members and provide beneficial services to the College ultimately to the glory of God.

INTRAMURALS

The intramural program promotes wholesome recreation throughout the school year by providing a sequence of athletic games. It is designed to give every degree-seeking student in the School of Arts & Sciences an opportunity to participate in the sport of his or her choice. Competition is carried on among class teams and by sign-ups. Volleyball, basketball, flag football, soccer, ultimate Frisbee, and Ping-Pong/pool tournament are the principal sports in the intramural program.

ATHLETICS

Men's varsity competition is carried on in baseball, basketball, cross-country, track & field, golf and soccer. Women's varsity sports include basketball, cross-country, track & field, golf, soccer, softball and volleyball. Students participating in intercollegiate sports are required to maintain institutional standards for participation with a minimum of 12 hours per semester. Bryan is a member of and follows the eligibility regulations established by the National Association of Intercollegiate Athletics (NAIA).

Only students currently enrolled in the undergraduate School of Arts & Sciences and eligible by both Bryan College and NAIA standards may be considered qualified students and allowed to participate in intercollegiate athletic programs at Bryan College. Exceptions may be made for students enrolled in Bryan College graduate programs, within the School of Adult and Graduate Studies, who have completed their undergraduate degree from Bryan College, have participated in athletics as an undergraduate at Bryan, and are otherwise eligible to participate in athletics.

Bryan College complies with the "Equity in Athletics Disclosure Act" (EADA) and such data is available through the Office of Intercollegiate Athletics and the Office of Admissions and Financial Aid.

SPIRITUAL FORMATION

At Bryan College, education is about the whole person. Ultimately, spiritual formation is the work of the Holy Spirit to bring Christians into increasing maturity in all aspects of their lives. This value has strong expression in the emphasis placed on relationships at Bryan. Faculty and staff pursue relationships with students that are meant to incite growth in students with God, within relational communities and themselves.

In addition to a strong relational community, the Office of Spiritual Formation cultivates a set of values and practices that are meant to support strong values of spiritual growth. The following paragraphs detail four particular departments within the Office of Spiritual Formation that give leadership to both academic and non-academic strategies at Bryan College to assist in the spiritual growth of students.

Faith & Mission

The department of Faith & Missions seeks to help students deepen their commitment to Christ through a variety of venues. Chapel exists as a regular corporate gathering of the Bryan community for spiritual nurture, worship, and worldview development. Guests from around the world speak in chapel, offering rich teaching and wisdom. As a part of the educational strategy at Bryan, chapel is held 3 times a week.

At Bryan College, James 1:27 is taken seriously: "Religion that is pure and undefiled before God, the Father is this: to visit orphans and widows in their affliction...." Practical Christian Involvement (PCI) connects students with members of the community—students invest thousands of man-hours each year off-campus, in the homes and churches of the larger community, expressing God's compassion to area residents. Practicing the Christian life is deeply instructional to a student's ability to live that life post-Bryan.

At Bryan, we recognize the uniquely transformative affect that global engagement can have on spiritual growth—that's why international projects are a strategic aspect of the spiritual formation strategies of the college. Bryan's Italy Study Abroad program is an innovative semester-long experience designed to bring together exciting academics, cultural experiences, and personal encounters with a missions lifestyle. Close contact with the Italian people, their values, and beliefs gives students a unique perspective on Christ's impact on other cultures. The Acts Project couples a semester-long class on missions with a two to six month international internship based on student's vocational interests.

Christian Life Formation courses explore topics in Bible, theology, ancient and contemporary Christianity, relationships, spiritual disciplines and contemporary culture. Flexible formats (such as small reading groups, large weekend retreats, discussions, and field trips) and a range of instructors allow for creative courses,

emphasizing mentoring relationships within the groups, and transferable experiences that affect students' ability to live fruitful Kingdom lives.

Worship Arts

Worship Arts cultivates the corporate worship life of the Bryan Community. Through worship teams, special days of prayer/worship, dance, art, readings, and Scripture, worship venues create sacred corporate space for the Bryan community to gather together. Leadership opportunities on campus exist for students to participate in worship through the Worship Leadership Team. Further, worship teams are sent out to churches and other organizations in order to provide worship opportunities for other communities. In addition, in partnership with the Christian Ministries department, students can take specialized coursework in worship, minor in Worship Arts, or get a major in Christian Ministries with an emphasis in Worship Arts.

Worldview Formation

Students today wrestle with deep questions related to life and reality. They want to believe and love the truth, and this in a world characterized by virtual relationships, cut-and-paste spirituality, and the exodus from the church. The Office of Worldview Formation exists to cultivate a generation of students who love God, live the gospel, and shape their communities in deeply redemptive ways specifically in the midst of challenging questions. Discussion groups, relationships, and other opportunities are available throughout the year for Bryan students. As a part of Worldview Formation, the Worldview Initiative accomplishes these values by involving a selected group of Bryan students in specialized worldview training and shaping them into a team that travels and hosts worldview formation events at Christian high schools around the country.

COUNSELING & SOUL CARE

There are times when life can feel a bit more challenging than a normal relational context can address. To address these times, counseling is available to students through the Department of Counseling and Soul Care located in the Office of Spiritual Formation. Both individual and group counseling opportunities offer space for the Holy Spirit to use Scripturally-informed conversations to move people towards deeper wholeness in Christ. Confidential appointments can be made by contacting the office. In conjunction with the Psychology department, students can take specialized courses in Soul Care counseling.

ADMISSIONS INFORMATION

School of Arts and Sciences

ADMISSIONS PROCESS

TRADITIONAL UNDERGRADUATE PROGRAM

SCHOOL OF ARTS AND SCIENCES

The following policies pertain to the traditional undergraduate program, defined as being comprised of undergraduate, degree seeking students enrolled in on-site classes located on the main campus of Bryan College in Dayton, Tennessee. For other admissions criteria please refer to the appropriate section of the catalog. These would include the adult degree completion program, graduate programs and online enrollment.

Bryan College welcomes applications from students who have a commitment to academic scholarship, spiritual development, and outstanding character. The admissions process begins when the completed application is submitted to the Office of Admissions at <https://apply.bryan.edu/>. Applicants are also required to submit official transcripts or GED scores and official ACT or SAT scores. *The applicant's personal application portal is designed to lead him through the process of submitting test scores, transcripts, essay and references.* Each component of the prospective student's file is carefully reviewed, and when it is complete the student is notified of Admissions' decision. Compatibility with the lifestyle of the Bryan Community as evidenced by relevant applicant statements, essays, references, and an interview when required, is also important to success at Bryan College. To assist families and students, each prospective student is assigned an admissions staff member who will assist the student through the admissions and the financial aid process. Admissions decisions are made on a rolling basis and students are encouraged to apply as early as the spring of their junior year of high school. By applying early, all deadlines which occur throughout the senior year can easily be met. While faxed copies of certain documents may be used during the admissions process, they are not substitutes for required official documents. Official score reports and transcripts must be submitted to the Office of Admissions in order for a student to be considered for a clear acceptance.

To reserve their place in the entering class, applicants who have been granted acceptance should remit a \$100 enrollment deposit by May 1 (December 1 for spring entrance.) Enrollment deposits received from applicants are refundable through May 1 (December 1), after which there is no refund.

As students continue through their degree program, the deposit is retained in a special account in individual students' names until the final semester of enrollment, when it is credited to the students' accounts. Students enrolled in the fall semester who fail to notify the Office of Student Life before December 15 that they do not plan to re-enroll for the spring semester or who withdraw within the first two weeks of classes forfeit the \$100. Students enrolled in the spring semester who fail to notify the Office of Student Life before July 1 that they will not enroll in the fall or who withdraw within the first two weeks of classes will forfeit the \$100.

In order to guarantee a room in the residence halls, applicants who have been granted acceptance and have submitted an enrollment deposit of \$100 must also remit a \$100 housing deposit. Housing deposits are credited directly to the student's account and are non-refundable. Students will be placed in available rooms in the order in which housing deposits are received. Commuters are not required to submit a housing deposit.

ENTRANCE REQUIREMENTS

Students may enroll at Bryan College after they have been granted clear admission or conditional admission.

New College Freshmen

Clear Admission

Clear admission is granted to applicants who have graduated from high school and who have the following minimum academic achievements.

High school 2.50 GPA with ACT score of 18 or SAT (critical reading/math) score of 860

OR

High school 2.00 GPA with ACT score of 20 or SAT (critical reading/math) score of 920

The student's high school record should consist of a minimum of 18 units including the following recommended areas: English (four units), science (three units), mathematics (three units), social science/humanities (three units), and foreign language (two units). Additionally, for clear admission, a minimum TOEFL (Test of English as a Foreign Language) score of 75 on the internet based test (iBT) with no subscore below 17 (200 on the computer-based test) is required of those applicants for whom English is a second language.

Conditional Admission

Conditional admission may be given to applicants who do not meet the requirements for clear admission if the Admissions Committee judges the applicant to have potential for success at Bryan College. Conditional status is intended to signal a need for special counsel and assistance and is not punitive. Freshmen admitted on academic condition or earning marginal scores on relevant subtests of the ACT will be required to take one or more developmental courses and will be limited in the number of semester hours that they may take during the first semester. For more details please refer to the Academic Information section under Satisfactory Academic Progress.

Early Acceptance

Early acceptance (acceptance prior to graduation from high school for enrollment after high school graduation) is granted to high school seniors who present a three-year high school transcript with satisfactory grades and course distribution and satisfactory ACT/SAT test scores. Files are reviewed for official acceptance once all necessary final and official documents have been received. Admission to degree candidacy is subject to receipt of confirmation of high school graduation with satisfactory grades.

Early Admission

The Admission Committee may grant early admission for the fall semester to an applicant who has completed the junior year of high school. Each early admission application will be carefully reviewed based on the admission criteria and the recommendation of the sending high school. Only those applicants who show definite potential for success will be admitted. If an early admission applicant is not accepted for early admission, the application may be transferred to a later date for regular admission upon completion of high school.

The early admission student is a regular degree candidate whether or not a high school diploma is granted but must maintain the same standards for continuance as other students. The early admission student using Bryan College courses to complete high school requirements is not eligible for financial aid.

Transfer Students

Clear Admission

Applicants who have earned 12 or more semester hours (or 18 quarter hours) of college level credit after high school graduation are considered to be transfer students at Bryan College. Those with fewer than 12 postsecondary semester hours of transferring coursework enter Bryan College under the New College Freshmen guidelines.

Clear admission is granted to transfer students on the basis of information outlined under the New Student Freshmen guidelines above as well as previous college records. An official transcript must be received from each college attended.

Clear admission is also granted to transfer students with a cumulative grade point average of 2.75 on a 4.0 scale in at least 12 hours of coursework completed after high school at regionally accredited colleges without regard for New Student Freshmen high school requirements. Remedial and developmental courses will not be considered as part of a student's cumulative grade point average. Students granted clear admission for this reason may be required to take a residual ACT examination for placement purposes.

Conditional Admission

A transfer student who does not meet the academic standards for clear admission may be granted conditional admission and placed on academic probation if the Admissions Committee judges the applicant to have potential for success at Bryan College. A student so admitted is subject to all restrictions placed on conditional students as well as

placement in developmental courses as determined by the College. For more details please refer to the Academic Information section under Satisfactory Academic Progress.

Articulation Agreement with Tennessee’s Public Community Colleges

Bryan College accepts the Board of Regents-approved transfer associate degree from public community colleges in the state of Tennessee.

Students earning these degrees are automatically granted 60 semester credits and junior standing upon admission to Bryan. Since some of Bryan’s four-year degree programs require specific course work to be completed as core curriculum classes, students must complete these courses either as part of their associate degree or at Bryan College. (Students planning to transfer should carefully choose their core curriculum courses in consultation with their community college adviser and Bryan in order to ensure that the best selections are made in light of their intended four-year major.)

The College also requires completion of CT 113, CT 402, BIB 222, BIB 224, and one other elective from the Christian Studies and Philosophy Division (excluding GRK, HEB, CT 111,112 and 214) plus the remaining coursework that students with a transfer associate degree must take to finish their baccalaureate program. All courses in the student’s major – both lower and upper division – must have a grade of C- or higher. Though admitted with junior standing, graduation at Bryan within two additional years is not guaranteed.

Classification of Transfer Students

Upon receipt by Bryan College of all transcripts of record of previous postsecondary studies, the Registrar will prepare a tentative evaluation of credits to be accepted for transfer and will assign the student a tentative classification. This tentative evaluation and classification will be reviewed and revised as necessary after the student has matriculated and met with the academic adviser. In the case of unconditional transfer, the evaluation and classification are then formalized. No transfer student will be classified as a senior, regardless of the amount of credit transferred, until the student has matriculated and has on record an approved application for graduation showing when and how all graduation requirements will be met.

In the case of conditional transfer, transfer credit becomes official and classification is formalized when the transfer student has successfully completed one full semester at Bryan earning at least 12 semester hours of credit with a cumulative GPA of 2.0 or above. If the student fails to complete successfully the first full semester at Bryan, the College reserves the right to reevaluate the tentative transfer of credit and to reclassify the student.

Home School Students

Home-educated students must meet the standard entrance requirements stated previously for clear acceptance. Families should carefully choose their high school curriculum and use standardized tests to further measure academic progress. (See the recommended units under New College Freshmen) Parents are encouraged to join a local home school association, which proves very helpful in choosing curriculum, preparing transcripts, and keeping updated on the latest legislation. Contact the Office of Admissions for questions related to the transition from home school to college.

Re-Admission Students

Former Bryan College students who left the College for one or more semesters (not including the summer term) and who wish to re-enroll must apply for re-admission at <https://apply.bryan.edu/>.

Students in good standing who interrupt their studies at Bryan **by prior arrangement** for one or two semesters to participate in study or practicum experiences as a part of their degree program are eligible to re-enroll. No re-admission application is required.

Students who were suspended for a specific period are eligible to apply for re-admission upon expiration of the suspension period. Students who were dismissed become eligible to apply for re-admission after a period of at least 12 months. The approval of the Vice President of Academics is required in the case of suspension or dismissal for academic reasons, and the approval of the Dean of Students is required in the case of suspension or dismissal for citizenship reasons.

Upon receipt of notice of acceptance, the former student who forfeited a deposit because of failure to give adequate notice of non-continuance must remit the \$100 enrollment deposit and \$100 housing deposit.

International Students

Students who are not citizens of the United States apply for admission in the same manner as other students. In addition, they must meet any special requirements of their own country plus those of the United States Department of Homeland Security. Qualifications of applicants are considered on an individual basis. The International student must provide evidence of ability to meet education and living expenses before the College will send the I-20 form required by the United States Department of Homeland Security. For clear admission, a minimum TOEFL (Test of English as a Foreign Language) score of 75 on the internet based test (iBT) with no subscore below 17 (200 on the computer-based test) is required of those applicants for whom English is a second language. Bryan College does not offer courses in English as a second language.

International students who have post-secondary transcripts that may apply toward a degree at Bryan are responsible for submitting those records to an approved agency that will evaluate and translate the documents. The cost for this service is the responsibility of the student.

Veterans

The educational programs offered by Bryan College are approved by the Tennessee State Approving Agency for GI Bill educational benefits, Vocational Rehabilitation Program, and Educational Assistance to Children of Disabled Veterans. Veterans and eligible dependents of veterans follow the same procedures for admission as other students, but they must comply with the provisions of the law under which they apply for financial assistance. Students receiving benefits from the VA must be degree seeking students at Bryan College.

Bryan grants college credit for some training courses in the service. Students should submit an AARTS or SMART transcript for evaluation. For more information, contact the Office of the Registrar.

Currently Enrolled or Former Online Students

Undergraduate, degree-seeking students who previously enrolled in Bryan classes online and wish to continue their education through traditional on-campus classes must meet the requirements for and be accepted into the traditional program. Contact the Admissions Office for a review of the existing student records and instructions.

Visiting Students

Anyone wishing to take one or more courses but not pursue a degree from Bryan College must submit an application. This includes dual-enrolled high school students and transient students who are enrolled elsewhere for their degree. Some courses may require additional documentation of test scores, GPA, or completed prerequisites. Those desiring to become degree-seeking students must meet the requirements for and be accepted into the traditional program. Contact the Admissions Office for a review of the existing student records and instructions.

Visiting students include those individuals who enroll as full-time or part-time students but who will not be approved as degree candidates until they have met all entrance requirements placed upon new college students or transfer students. Though not required to be high school graduates, visiting students must be persons of suitable age, maturity, experience, and ability.

Dual Enrollment

High school students taking courses through a dual-enrollment arrangement must be at least 16 years of age, must be a junior or senior, and must have at least a 3.0 high school grade point average. Students enrolled onsite or at a partner site must submit a form signed by a parent and school official attesting to the student's readiness for college-level coursework.

Dual enrolled students may take lower division courses only (courses numbered up to 299).

There are several dual-enrollment formats to choose from:

- Online courses – classes are entirely online
- Onsite courses - *Regularly* scheduled classes offered at the main campus in Dayton, TN, on a space available basis. (Tutorials, independent studies, private music lessons etc. are not available to visiting students.)
- Partner sites – Bryan College classes offered on select high school campuses.

Transient Students

Students who are enrolled in another college or university and do not wish to transfer to Bryan College in order to earn a degree may enroll as transient students. Enrollment under this condition is usually limited to one semester or 18 credit hours and students are usually enrolled in courses that will transfer to another institution and apply toward degree requirements. It is solely the student's responsibility to communicate with their home institution regarding transfer of credit from Bryan College. Students desiring to enroll in courses in which there are prerequisites must provide documentation, normally a transcript, to satisfy the prerequisite.

CAMPUS VISITS

Students who are considering Bryan College are encouraged to visit the campus. High school juniors, seniors, and prospective transfer students are especially encouraged to participate in one of Bryan's campus visit events scheduled each academic year. The dates for these special programs are available online at www.bryan.edu/visit. Those who are not able to visit at these times may visit the College during the academic year. The regular office hours for the admissions staff are Monday-Friday 8:00 a.m.-5:00 p.m. Eastern Time.

FINANCIAL AID

School of Arts and Sciences

POLICIES AND PROCEDURES

Student financial assistance at Bryan College is provided through scholarships, grants, loans, and student employment. The information that follows represents current College practices. Regulations and funding for federal, state, and College programs are subject to change, as Bryan College administers programs accordingly.

Student financial assistance is based on the premise that parents have the primary obligation to provide for the education of dependent children. Additional responsibility rests with the student to contribute to his or her own education from personal assets, earnings, and appropriate borrowing.

Merit and need are the basic principles of financial aid eligibility. Merit includes good citizenship, performance and leadership ability, and satisfactory academic progress. Need is the difference between what it costs to attend Bryan College and what the family is reasonably expected to pay toward these costs. Need is demonstrated through the information requested on the Free Application for Federal Student Aid (FAFSA). In addition, a report generated by the FAFSA is used by the College Office of Financial Aid to determine eligibility for federal loans, federal work-study, and federal and state grants. The applicant for federal aid is encouraged to apply online at www.fafsa.ed.gov.

General Policies

- College funded scholarships and grants are given to students who are enrolled full-time – fall and/or spring semester(s). To be considered full-time, a student must be enrolled each semester for a minimum of 12 credit hours. Students who receive college-funded scholarships and grants and drop below full-time status will have their awards revised.
- Awards are divided equally between the fall and spring semesters. If a student withdraws at the end of the fall semester, the spring awards are canceled.
- Although a student normally will depend on the continuance of aid, renewal is not automatic and is subject to standards and regulations governing the various programs. Students **must re-apply** for aid each year by completing the FAFSA. Current students may lose all or a portion of institutional aid if the priority deadline is not met.
- Any financial aid that is offered through a pre-award notification or an estimated or preliminary award letter, or any type of aid offered that requires subsequent eligibility confirmation or certification is not guaranteed and is subject to being reduced or revoked once final eligibility criteria can be evaluated.
- A student who loses federal, state or institutional aid eligibility in a particular term may regain eligibility in a future term if standards and regulations are once again met. Although the Financial Aid office makes every effort to accurately review eligibility at appropriate intervals, it is ultimately the responsibility of the student to notify the office when eligibility has been regained. No financial aid will be awarded retroactively.
- In the event a College scholarship or grant is revoked, the date of the cause for revocation determines the date of the revocation. However, a college award may be canceled retroactive to the beginning of the semester at the discretion of College authorities.
- If a student withdraws from the College, a student's Business Office account is settled in accordance to the College's "Refund Policy" as detailed under College Expenses in this *Catalog*. The withdrawal process includes an "Exit Interview" with the Financial Aid Office and/or the Business Office if the student's account has ever been credited with proceeds from a Federal Perkins, Stafford, and CIOS.
- Any outside grants or scholarships received by a student must be reported to the Financial Aid Office and may require an adjustment to the student's financial aid package.
- International students are required to provide evidence of means of support for the first year of enrollment at Bryan College by completing the U.S. Department of Justice INS Form I-134. International students are not eligible for federal financial aid programs unless they are classified as an eligible non-citizen and possess an Alien Registration Number.

- Academic scholarships are awarded to entering students. Continuing students are not awarded new academic scholarships.
- Graduates of Bryan College may receive a 50% tuition remission on courses in the traditional undergraduate program after two academic years have elapsed since the alumni's graduation from Bryan College.
- A Visiting Student, who is not seeking a degree at Bryan College, is not eligible for federal financial aid.
- Audited courses will not count toward the enrollment status of a student for financial aid purposes.
- The spouse of a full-time student may take one course, a maximum of three hours, at a reduced fee.
- Bryan College Institutional Awards are available up to ten semesters, except as noted by scholarships or grant guidelines.
- Athletic scholarships will be reduced 25% if a student lives off campus and not in the same residence as his/her parent(s).
- Federal, state, and institutional grants and scholarships are assigned to tuition first, then room, then board.
- A cash refund will not be provided as a result of receiving any Bryan College scholarship or grant in combination with another Bryan College scholarship or grant, a federal grant, outside scholarship or a state scholarship or grant. If the total of the specified types of aid exceeds tuition, room and board (or tuition only for commuters) Bryan scholarships will be lowered in the amount of the overage.
- Bryan scholarships or grants may be replaced by other types of aid.

SATISFACTORY ACADEMIC PROGRESS FOR FINANCIAL AID ELIGIBILITY

Financial Aid recipients must demonstrate through their scholastic records that they are making satisfactory academic progress toward completion of their program(s) of study in order to maintain eligibility for enrolling in classes and receiving any form of federal, state, or College financial assistance. Academic progress for financial aid is measured at the end of each term utilizing qualitative and quantitative standards.

Credit Definitions

Credits attempted are defined as all classes for which a student receives a passing grade (“D-“ or better, “P”, or “S*”), or an “F”, “I”, “W”, “AW”, “NR” or “U*”). Credits earned are defined as all classes for which a student receives a passing grade (“D-“ or better, “P”, or “S*”). Repeated courses count as credits attempted during each term the student is enrolled in the course; however, the highest grade will be counted once as credits earned. A student is allowed to repeat a successfully passed course one time and have the course count toward determining eligibility requirements. A passed course may be repeated more than once but financial aid will not be awarded based on enrollment in the course. A failed course may be repeated an unlimited number of times and continue to count toward financial aid eligibility until which time the course is passed twice or until the student fails to meet other criteria pertaining to satisfactory academic progress. Credits transferred from other institutions are awarded “CR” and are included in the qualitative and quantitative calculations.

Qualitative Standards for Financial Aid Eligibility

This standard measures a student's quality of performance in terms of courses attempted and Bryan College cumulative grade point average (GPA), as shown below.

Credit Hours Attempted	Cumulative GPA
1-26	1.5
27-55	1.75
56 & above	2.0

Quantitative Standards for Financial Aid Eligibility

This standard has two components: maximum time frame and course completion rate. The maximum time frame in which a student must complete a program of study cannot exceed 150 percent of the published program length measured in credit hours attempted. Example: A student pursuing a program that contains 120 hours would be allowed to attempt a maximum of 180 hours [120×150 percent (1.5) = 180]. The number of hours attempted includes any transfer hours accepted from other institutions that are applied to the student's program of study. In conjunction with the maximum program length, students must successfully complete (measured as credit hours earned) at least 66.67 percent of all coursework attempted as they progress through their program of study. This is a cumulative process, illustrated as follows: A student has maintained satisfactory academic progress for the first two terms of enrollment. However, at the end of the third term the student's academic transcript indicates 45 hours attempted and 27 hours earned. The course completion rate is 60.0 percent (27 divided by 45). The student does not meet the required 66.67 percent standard and thus will be placed on Financial Aid Warning for the following term.

Financial Aid Warning

A student who does not meet satisfactory academic progress standards is placed on Financial Aid Warning for one term, during which the student is eligible to receive financial aid. If the student meets the standards at the end of the probationary term, the student is removed from Financial Aid Warning status and maintains financial aid eligibility. If the student does not meet the standards at the end of the probationary term, the student is placed on Financial Aid Suspension.

Financial Aid Suspension

A student on Financial Aid Suspension is not eligible for any form of federal, state, or College financial assistance and remains ineligible until satisfactory academic progress standards in Bryan College courses are met.

Appeal Process

A student who feels mitigating circumstances existed which adversely affected the student's ability to maintain satisfactory academic progress may submit a written appeal within five business days of receiving notification of the suspension status. This appeal should be directed to the Director of Financial Aid. The Financial Aid Advisory Committee will hold a hearing in a timely manner to hear the appeal. The committee is chaired by the Director of Financial Aid as a non-voting member except in the eventuality of a tie. Other members are the Vice President of Enrollment Management, the Vice President of Finance and a current faculty representative. The student is allowed to bring documentation, address the committee, and have other people speak on his behalf. The committee votes by

secret ballot. If a student's appeal is approved by the Financial Aid Advisory Committee, the student will be placed on Financial Aid Probation for one term. After the Financial Aid Probation term the student must be making Satisfactory Academic Progress or must successfully follow an academic plan. If the student's appeal is not approved the student has no additional recourse.

FEDERAL FINANCIAL AID

Federal Grants

Federal Pell Grant (\$5,645 maximum award) - The Federal Pell Grant provides a foundation for financial assistance. Eligibility is determined through the FAFSA need analysis process. Award amount is determined by the number of credit hours taken each semester.

Federal Supplemental Educational Opportunity Grant (\$4,000 maximum award) - The Federal Supplemental Educational Opportunity Grant is based on need and is awarded to students who demonstrate the greatest financial need and are Federal Pell Grant recipients.

TEACH Grant (\$4,000 maximum award) – The TEACH Grant is awarded to students who are planning to teach in high-need subjects in designated Title I schools that serve low-income students.

Student Employment

Limited student employment is available through the Federal Work-Study Program. The average work assignment is eight hours per week with the minimum hourly wage at current minimum wage standards. However, actual job placement, hours worked, and amount earned cannot be guaranteed. Receiving a job is competitive and students must be hired by a supervisor. Students wishing to work but not eligible for the Federal Work-Study Program may apply as part-time, temporary employees of the College as well as apply for off-campus employment through the Office of Career Services.

Education Loans

The following is a description of the loan programs available to students and their parents. It is the policy of Bryan College to notify students of eligibility for loans.

Federal Stafford Loan – A Subsidized Stafford Loan is awarded based on financial need and the federal government pays the interest on these loans while the borrower is in school at least half-time. An Unsubsidized Stafford Loan is not awarded based on financial need and interest accrues from the date of disbursement until the final payment. Repayment begins six months after student ceases to be enrolled at least half time. Minimum monthly payment is \$50, but may be more depending on the total amount borrowed. A Master Promissory Note (MPN) and Entrance Counseling are required.

Federal Perkins Loan – Awarded to students with remaining need after borrowing the maximum amount of Stafford Loans available. No interest accrues and no payments are required as long as the student is enrolled at least half time. Repayment begins nine months after student ceases to be enrolled at least half time. Minimum monthly payment is \$40, but may be more depending on the total amount borrowed. Annual interest rate is fixed at 5%. A Master Promissory Note (MPN) and Entrance Counseling are required.

Federal Parent Loan for Undergraduate Students (PLUS) – This is a loan to the parent not the student. Interest accrues and repayment begins 60 days after the loan is fully disbursed. Minimum monthly payment is \$50, but may be more depending on the total amount borrowed. The student for whom the parent is borrowing must complete the FAFSA. A Master Promissory Note (MPN) is required.

Standard length of time to repay loans is 10 years, although there are additional repayment options available through the loan servicer. Deferment of repayment of loans may be granted for certain types of conditions/activities. ALL LOANS MAY BE PREPAID AT ANYTIME WITH NO PENALTY OR EXTRA FEES IMPOSED.

STATE FINANCIAL AID

State Grants and Scholarships

Tennessee Student Assistance Award (TSAA) (\$4,000 maximum award) – Provided to Tennessee residents who meet eligibility criteria and who demonstrate financial need based on federal eligibility. The FAFSA serves as the application for the TSAA.

Tennessee HOPE Scholarship (\$5,500 maximum award) – Provided to students who are Tennessee residents one year prior to high school graduation and meet eligibility criteria. The FAFSA serves as the application for the Hope Scholarship.

Ned McWherter Scholarship (\$3,000 maximum award) – Provided to Tennessee residents who meet eligibility criteria and have obtained a high school cumulative GPA of at least 3.5 and have a composite score on the ACT or SAT which places them in the top five percent of test takers nationally (29 ACT; 1280 SAT). The application is available at www.TN.gov/collegepays.

Non-Tennessee Residents – Some states have financial assistance programs for students attending out-of-state colleges. Students are encouraged to contact the Office of Higher Education in their state of residence to determine if they are eligible for any of these programs.

INSTITUTIONAL FINANCIAL AID

Bryan College Scholarships and Grants

The Admissions Application is the application process for all Bryan College Scholarships and Grants. Presidential, Dean's, Director's and Transfer Scholarships are generally renewable for ten (10) consecutive semesters provided the student meets the cumulative grade point average continuance requirements. A student not meeting the requirements will lose all or a portion of his/her award in each semester where his/her cumulative grade point average is below the minimum requirement. A student may regain the full amount of his/her award by raising the cumulative grade point average above the minimum requirement. Charts detailing the continuance requirements may be found at the end of this section.

Presidential Scholarship (\$14,000 maximum award) – Incoming first-time freshmen who meet the following criteria will be considered:

- Current high school senior
- Minimum of 6 or 7 semester cumulative high school grade point average of 3.5 on a 4 point scale
- Minimum ACT score of 28 or SAT combined critical reading/math of 1240 (writing score not considered)

A limited number of students will be chosen to compete at the Scholarship weekend in February and/or March. Participants may be selected to receive additional scholarship funds.

Dean's Scholarship (\$6,000 maximum award) – Incoming first-time freshmen who meet the following criteria will be considered:

- Current high school senior
- Minimum of 6 or 7 semester cumulative high school grade point average of 3.0 on a 4 point scale
- Minimum ACT score of 24 or SAT combined critical reading/math of 1100 (writing score not considered)

A limited number of students will be chosen to compete at the Scholarship weekend in February and/or March. Participants may be selected to receive additional scholarship funds.

Transfer Scholarship (\$4,000 maximum award) – Incoming students with acceptable college credit hours in non-remedial coursework completed after high school graduation with a minimum cumulative grade point average of 3.0 may receive a Transfer Scholarship.

Athletic Scholarship (Amount varies) – For students who demonstrate athletic ability and character which will contribute to the Bryan College athletic program. Incoming freshmen and transfer students may arrange for a tryout by contacting the Office of Admissions. This scholarship does not combine with any other Bryan College scholarship or grant.

Musical Merit Scholarship (\$8,000 maximum award) – The recipient of this competitive scholarship is chosen by the Music Department faculty. Incoming first-time freshmen majoring in music are eligible to compete for this scholarship. Students must audition on campus during a Scholarship weekend event. (One awarded each year.)

Music Scholarship (Amount varies) – For students who demonstrate musical ability and are pursuing a music major or minor. Any incoming students may arrange for an audition by contacting the Office of Admissions.

Theatre Scholarship (Amount varies) – Awarded to students who demonstrate ability in drama and/or theatre. Incoming students may arrange an audition by contacting the Office of Admissions.

Alumni Grant (\$1,000 maximum award) – This grant is offered to students who have a parent or grandparent that has graduated from Bryan College. This grant is renewable.

AWANA Grant (\$1,000 maximum award) – In order to be eligible for this grant a student must have received the AWANA citation award. Contact LuAnn Klein from AWANA Headquarters at luannk@awana.org to apply. This grant is renewable.

Christian Worker Grant (\$1,000 maximum award) – This grant is for students whose parent is a full-time worker at a Christian non-profit organization, serving within the U.S. and whose income is the major source of support for the family. Need must be established using the FAFSA. A letter from the organization verifying employment to the Financial Aid Office must be submitted for consideration. This grant is renewable.

Foreign Missionary Grant (\$3,000 maximum award) – This grant is for students whose parent is a full-time worker at a Christian non-profit organization, serving primarily outside of the U.S. and whose income is the major source of support for the family. Need must be established using the FAFSA. A letter from the organization verifying employment to the Financial Aid Office must be submitted for consideration. This grant is renewable.

Sibling Grant (\$1,000 maximum award) – This grant is designed to help families who have more than one member of an immediate household attending Bryan College full-time. This does not include married children or students considered independent for financial aid purposes. The grant is set up with a tiered scale providing more money relative to the number of siblings at Bryan.

- Two siblings enrolled concurrently receive \$500 each
- Three or more siblings enrolled concurrently receive \$1,000 each

If a sibling graduates or leaves the school at any time, the amount of aid will be adjusted accordingly.

Summit/Homeschool Scholarship (\$1,000 maximum award) – Students are eligible who have attended an approved Summit Ministries Conference as a paying participant within 32 months prior to enrollment at Bryan College or who were homeschooled during their junior and senior years of high school and are entering Bryan as a first-time freshman. This scholarship is non-renewable.

Bryan Opportunity Program (tuition, room and board maximum award) – The program is a guarantee that eligible students who demonstrate significant financial need will receive scholarship and/or grant funds from federal, state and/or institutional sources which meet or exceed the cost of tuition, room and board (if applicable) at Bryan College. Incoming first-time freshmen who meet the following criteria are considered for the program:

- Tennessee resident
- Total family income less than or equal to \$35,000
- Current high school senior
- FAFSA completed by the priority deadline (typically January 31)
- Full Tuition – Cumulative high school GPA of 3.0 on a 4 point scale AND ACT 21/SAT 980 (reading/math)
- Full Tuition, Room and Board – Cumulative high school GPA of 3.6 on a 4 point scale AND ACT 28/SAT 1240 (reading/math). Room and board is for a two person room in the regular residence

halls.

Award is renewable as long as the students complete the FAFSA by the priority deadline each year, maintain a total family income \leq \$35,000, and maintain a Bryan GPA of 3.0.

Rhea County Scholarship (\$12,000 maximum award) – This scholarship is awarded to students who are residents of Rhea County by September 1 of their senior year in high school. The student must have a cumulative high school GPA of 3.0 AND an ACT 24/SAT 980 (reading/math). This scholarship does not combine with any other Bryan College Scholarship or Grant. Student must maintain a Bryan GPA of 2.5 to keep 100% of their scholarship. If the student’s Bryan GPA is between 2.0 to 2.49, they will keep 50% of their scholarship.

REACH Scholarship (\$8,000 maximum award) – This scholarship is awarded to students who are residents of Bledsoe, Bradley, Meigs, McMinn or Sequatchie county by September of their senior year in high school. The student must have a cumulative high school GPA of 3.0 AND an ACT of 24/SAT 980 (reading/math). This scholarship does not combine with any other Bryan College Scholarship or Grant. Students must maintain a Bryan GPA of 2.5 to keep 100% of their scholarship. If the Bryan GPA is between 2.0 and 2.49, they will keep 50% of their scholarship.

* **Health Administrative Charge** – Degree seeking students enrolled in seven (7) or more hours in the College of Arts and Sciences on the main campus must choose from one of the following three options:

1. Show proof of insurance with an acceptable insurance plan. Acceptable plans meet the 3 out of 4 test detailed on the Bryan Polyclinic website, and most insurance plans (other than Medicare and Medicaid) are acceptable.
2. Purchase an acceptable student insurance plan. We will provide information on a reliable provider, and the plan must pass the 3 out of 4 test *and* provide coverage for the entirety of the school year.
3. Pay a \$200/semester health administrative charge. This is *not* insurance, but is required for students who do not choose option 1 or 2. Also, this option is *not* open to student-athletes.

SETTLEMENT OF ACCOUNTS

Charges for each semester are due and payable by July 31 and December 15. The school offers a monthly tuition payment plan administered by Sallie Mae for those students who wish to pay tuition and fees on an installment basis. Information regarding the payment plan is available by calling 1-800-635-0120 or www.bryan.edu/paymentplan.

Basic Full-Time Expenses 2013-2014*

Room and Board (2 person room)	\$3125.00	-0-
Total for one semester	\$13,700.00	\$10,575.00
Total for two semesters	\$27,400.00	\$21,150.00

* *Expenses determined by individual needs are not included.*

All accounts are due and payable within the academic year, and the issuance of transcripts and the conferring of degrees depends on the open account being paid in full. Students with delinquent accounts may be prohibited from attending classes until such amounts are paid. Financial accounts for graduating seniors (money owed to the College) must be cleared (paid in full) for students to participate in Commencement. Any unpaid charges may be subject to collection agency cost, attorney fees, or credit bureau reporting. Bryan College retains a security interest in all transcripts, diplomas, letters of recommendation, or grade reports which will not be released until all debts are fully paid.

Student Billing

Estimated charges for the upcoming semester/term can be viewed via the e-student account once a student is preregistered for classes. Additionally, a statement will be mailed to the student's home address prior to the beginning of each semester/term if there is a balance due. The statement will indicate the due date. A printed statement of charges can also be generated upon the request of the student. Payment in full or a completed payment plan contract is required prior to registration. Payments should be addressed to: Business Office, Bryan College, P.O. Box 7000, Dayton, Tennessee, 37321-7000 and should clearly indicate the student's name and account number.

Withdrawal Refund Policy

The financial aid office calculates federal financial aid* eligibility for students who withdraw, drop out, or are dismissed prior to completing 60.01% of a semester. The federal funds calculation is done prior to and apart from the institutional funds calculation. Refund/repayment calculations are based on the percent of earned aid using the following formula:

$$\text{Percent earned} = \frac{\text{\# of days completed up to withdrawal date**}}{\text{total days in the semester}}$$

Federal financial aid is returned to the federal government based on the percentage of unearned aid using the following formula:

Federal aid to be returned = 100% - % earned. When federal financial aid is returned, the student may owe a balance

to the College. The student should contact the College Business Office to arrange for balance repayment.

* Federal financial aid includes the Pell Grant, SEOG, TEACH Grant, Perkins Loans, Stafford Loans (subsidized and unsubsidized), and the PLUS Loan.

** Withdrawal date is defined as the actual date the student began the institution's withdrawal process, or the student's last date of recorded attendance, or the midpoint of the semester for a student who leaves without notifying the College.

In the event a student withdraws, drops out, or is expelled from the College prior to the end of a semester or summer term of enrollment, the student's eligibility for institutional funds used for tuition, room, and board (board is not available during summer) will be equal to the percentage of total institutional charges as determined by the withdrawal policy. See refund policy below.

Another aspect of the institutional aid calculation process will be to determine whether the student has received an overpayment for noninstitutional costs (i.e., room and board off campus, books, supplies, transportation, and miscellaneous expenses) for the period of enrollment for which the student has been charged. This pertains to a student who had excess funds on account after all institutional costs were paid and the student requested all or part of the excess funds for personal use. The College will notify the student of any amount the student must return as a repayment. The percent earned and used for Federal aid will be applied to determine all refund/repayment calculations. Federal regulations stipulate that when a refund (and repayment, if applicable) is calculated for a student who has received financial assistance from any of the Federal Title IV programs, the refund must be allocated in the following order and returned to the appropriate program(s):

- | | |
|--------------------------------------|-----------------------------------|
| 1. Unsubsidized Stafford Loan | 5. Pell Grant |
| 2. Subsidized Stafford Loan | 6. SEOG |
| 3. Perkins Loan | 7. TEACH Grant |
| 4. PLUS Loan | 8. Other Title IV Programs |

Once a student's withdrawal date has been established, the refund and repayment (if applicable) amount(s) and allocation(s) will be determined by the Office of Financial Aid and Business Office.

Withdrawal prior to the first day of classes: 100%

Withdrawal during the first week of the semester: 90%

Withdrawal during the second week of the semester: 75%

Withdrawal during the third and fourth week of the semester: 50%

Withdrawal during the fifth and sixth week of the semester: 25%

Withdrawal after the sixth week of the semester: 0%

A student who believes that mitigating circumstances warrant exceptions from the above stated refund policy may submit, within 15 days of the student's withdrawal date, a written appeal to: Business Office Manager, Bryan College, P.O. Box 7000, Dayton, TN 37321-7000.

Dropped Course Refund Policy

Students are eligible for a full tuition refund on courses that are dropped on or before the last day of the drop/add period, which concludes on the Friday of the first full week of classes and a comparable period for terms of shorter duration. This is only applicable to *adjustments* in student load and does not apply to students who withdraw from the semester entirely. There will be no tuition or fee refund for classes dropped after the drop/add period.

ACADEMIC INFORMATION

DEGREES OFFERED

Bryan College grants two associate degrees, the Associate in Arts (A.A.) and the Associate in Science (A.S.); two baccalaureate degrees, the Bachelor of Arts (B.A.) and the Bachelor of Science (B.S.); and two graduate degrees, Master of Business Administration (M.B.A.) and Master of Arts with a major in Christian Studies (M.A.).

Majors Offered

Bryan College offers majors and options in the following programs. Detailed requirements for each major area of study are contained in the Academic Programs section of this *Catalog*. Each student must complete an Application for Major and receive approval from an academic department in order to be officially enrolled in a major program. This application for major is normally completed during the second semester of the sophomore year, but it may be completed earlier once a student has decided on a major.

The specific course requirements for each of these majors are listed under the appropriate disciplines in “Programs of Instruction.” In addition to course requirements, each department requires a senior assessment in the major, and the College requires a variety of core curriculum assessments prior to graduation.

Core Curriculum Requirements

Associate Degree Candidates

Candidates for an Associate degree are required to complete 38 hours of core curriculum requirements.

Associate degree candidates must successfully complete either ENG 109-110 College Writing I and II (6) or ENG 111 Freshman English (3). Students scoring 18 or higher on the ACT English and 18 or higher on the ACT Reading, or score 5 or higher on the SAT essay may elect to take ENG 111 Freshman English rather than ENG 109-110.

In addition, associate degree candidates complete the core curriculum as listed below.

- COL 100 College Success Seminar (1)
- CT 113 Christian Worldview (3), BIB 224 New Testament Literature and Interpretation (3) and two Christian Life Formation courses (2)
- EHS 111 Concepts of Physical Fitness (1);
- COMM 111 Intro to Communication (3) OR ENG 211 Introduction to Literature (3);
- a behavioral & social science elective chosen from: PSY 111, PSY 228, PSY 334, ECFN 211, HIS 393, HIS 395, PSGS 221, PSGS 421 or PSGS 492;
- a natural science laboratory course (4);
- one college level math course (3) above MATH 099 excluding MATH 211 Statistics;
- foreign language - first year competency required with at least one course at the college level;
- a fine arts & humanities elective chosen from: FA 311, MUS 210, THT 111, FLM 210 and
- one of the following history courses: HIS 111, 112, 221 or 222.

Pre-Core Curriculum Requirements – Some students will be required to complete some additional coursework designed to ensure that they will be successful in their college-level courses.

Mathematics: MATH 091 *Real-World Arithmetic* (waived with an ACT subscore in Elementary Algebra of 10 or above or 500 on the Math SAT), MATH 099 *Intermediate Algebra* (waived with an ACT subscore in Intermediate Algebra/Geometry of 10 or above or 530 on the MATH SAT). Students required to take MATH 091 and/or MATH 099 must complete these classes within the first *three* semesters of college attendance, at Bryan or elsewhere, and prior to taking *any* other math courses.

Baccalaureate Degree Candidates

Candidates for baccalaureate degrees complete the core requirements as outlined below. Candidates should complete most core curriculum requirements by the end of the junior year.

Bachelor of Arts degree candidates must complete the following core curriculum requirements:

STUDENTS WILL MAKE A DIFFERENCE IN TODAY’S WORLD BY –

STRENGTHENING THE FOUNDATION:

COL 100 College Success Seminar (1) –All incoming students will be placed in this course their first semester. It is expected that the course will be successfully completed within the first two semesters of college attendance. Students who are transfers with 31 or more transfer hours are not required to enroll in this course.

ENG 111 Freshman English (3) OR ENG 109-110 College Writing I and II (6)

Bachelor of Arts degree candidates must successfully complete either ENG 109-110 College Writing I and II (6) or ENG 111 Freshman English (3). Students scoring 18 or higher on the ACT English and 18 or higher on the ACT Reading, or score 5 or higher on the SAT essay may elect to take ENG 111 Freshman English rather than ENG 109-110.

ENG 411 Expository Writing (3)

MATH elective (3)

A college level math course beyond MATH 099 (excluding MATH 211 Elementary Statistics) must be completed by all students. Math majors must be prepared to take MATH 221 Calculus II as a major requirement and so need to complete MATH 122 Calculus I or equivalent.

Pre-Core Curriculum Requirements – Some students will be required to complete some additional coursework designed to ensure that they will be successful in their college-level courses.

Mathematics: MATH 091 *Real-World Arithmetic* (waived with an ACT subscore in Elementary Algebra of 10 or above or 500 on the Math SAT), MATH 099 *Intermediate Algebra* (waived with an ACT subscore in Intermediate Algebra/Geometry of 10 or above or 530 on the Math SAT). Students required to take MATH 091 and/or MATH 099 must complete these classes within the first *three* semesters of college enrollment, at Bryan or elsewhere, and prior to taking *any* other math courses.

DEVELOPING A CHRISTIAN WORLDVIEW:

CT 113 Christian Worldview (3)

Christian Life Formation (4 credits including CT 101 Foundations for Christian Life and CT 402 Worldview & Life)

BIB 222 Old Testament Literature and Interpretation (3)

BIB 224 New Testament Literature and Interpretation (3)

Christian Studies and Philosophy Division elective (3) (excluding GRK, HEB, CT 214 and PHIL 111, 112)

CT 113 Christian Worldview, BIB 222 Old Testament Literature and Interpretation, BIB 224 New Testament Literature and Interpretation, and a minimum of four hours of Christian Life Formation to include CT 101 and 402 are required for graduation with a baccalaureate degree. CT 113 should be the first lecture course in the series and is normally completed in the first semester for full-time students. The other lecture courses can be taken in any order, though some courses may have prerequisites. CT 101 is taken the first fall semester and CT 402 the final spring semester before graduation. With permission of the academic adviser BIB 115 Biblical Foundations may be taken by those with minimal knowledge of the Bible as the Christian Studies and Philosophy Division elective. Those electing to take BIB 115 must do so prior to taking any other Bible course.

If a student transfers in as a freshman or sophomore, Bryan requires that all 16 credit hours of the Christian Studies and Philosophy Core Curriculum requirements be completed. If a student transfers in as a junior with 56 or more credit hours, Bryan requires 13 credit hours of Christian Studies consisting of CT 113, BIB 222, BIB 224, three additional hours of Christian Studies electives and CT 402. If a student transfers in as a senior with 85 or more hours, Bryan requires a minimum of seven credit hours of Bible to include CT 402 and

two of the following: CT 113, BIB 222 and BIB 224. Transfers who wish to complete a Biblical Studies minor are not exempted from any core BIB or CT courses.

Choose two courses (6 credits) of general survey history (100/200 level) electives

ENGAGING THE CULTURE:

Psychology elective chosen from PSY 111 General Psychology, PSY 228 Family Life or PSY 334 Social Psychology

Psychology majors and minors must choose PSY 111 General Psychology.

COMM 111 Introduction to Communication

Political and Governmental Origins elective chosen from ECFN 211 Introduction to Political Economy, HIS 393 American Constitutional History, PSGS 212 Politics, Philosophy & Economics, PSGS 221 Origins & Basis for Government, PSGS 225 State & Local Government, PSGS 229 Media & American Politics, PSGS 230 Jurisprudence

Christian Thought majors must choose PSGS 221 Origins & Basis for Government

and second year foreign language competency and completion of at least one college level course

Second-year competency is demonstrated by the successful completion of the second semester course or higher in a typical intermediate language course sequence (for example, FREN 212, SPAN 212, GRK 212, HEB 312 or equivalent, or higher).

A student for whom English is a second language may choose to meet the foreign language requirement by earning a minimum score of 111 on the internet based (iBT) TOEFL exam or 273 on the computer-based version or 640 on the paper-based exam, thereby demonstrating intermediate proficiency in English.

Biblical Studies and Christian Thought majors are required to take Greek as the core curriculum foreign language. Spanish majors must choose Spanish. Liberal Arts majors in the Classical Studies option must choose a classical language. Graduate schools may not count American Sign Language toward foreign language requirements.

EXPLORING THE ARTS:

ENG 211 Introduction to Literature

One Creative Arts elective choose from: FA 311 Introduction to Fine Arts, FLM 210 Medium of Film, MUS 210 Music Appreciation, or THT 111 Introduction to Theatre

UNDERSTANDING THE NATURAL WORLD:

Choose two courses (6 credits), one of which must include a laboratory experience from Biology, Chemistry or Physical Science.

The non-laboratory science is limited to Biology, Chemistry, and Physics course offerings. Exceptions must be approved by the Division of Natural Science. Mathematics majors must choose Physics I and II. Psychology majors must choose BIO 111 for the lab science. Christian Thought majors must choose BIO 310 Philosophy of Science (3 cr.) for the natural science elective.

EHS 111 Concepts of Physical Fitness

Three credits of EHS activities

Credit in varsity sports may substitute for activity courses. Students 26 years of age or more, *at the time of enrollment*, are exempt from exercise and health science requirements but must earn the full 124 hours of credit for graduation, the four hours in lieu of exercise and health science being taken in electives.

If students change from a B.S. program to a B.A. program, or B.A. to B.S., they will be subject to the stated requirements for the new degree.

Bachelor of Science degree candidates must complete the following core curriculum requirements:

STUDENTS WILL MAKE A DIFFERENCE IN TODAY'S WORLD BY –

STRENGTHENING THE FOUNDATION:

COL 100 College Success Seminar (1) – All incoming students will be placed in this course their first semester. It is expected that the course will be successfully completed within the first two semesters of college attendance. Students who are transfers with 31 or more transfer hours are not required to enroll in this course.

ENG 111 Freshman English (3) OR ENG 109-110 College Writing I and II (6)

Bachelor of Science degree candidates must successfully complete either ENG 111 Freshman English (3) OR ENG 109-110 College Writing I and II (6). Students scoring 18 or higher on the ACT English and 18 or higher on the ACT Reading, or score 5 or higher on the SAT essay may elect to take ENG 111 Freshman English rather than ENG 109-110.

ENG 411 Expository Writing

MATH elective.

A college level math course beyond MATH 099 (excluding MATH 211 Elementary Statistics) must be completed by all students. Applicants for teacher licensure at the elementary level must complete MATH 114, 117 or 122. Secondary, K-12, and PreK-12 licensure students must complete MATH 114, 116, 117 or 122. Biology and Environmental Science majors must complete MATH 117, MATH 119 or 122. Business Administration majors must complete MATH 119. Math majors must be prepared to take MATH 221 Calculus II as a major requirement and so need to complete MATH 122 Calculus I or equivalent.

Pre-Core Curriculum Requirements – Some students will be required to complete some additional coursework designed to ensure that they will be successful in their college-level courses. MATH 091 *Real-World Arithmetic* (waived with an ACT subscore in Elementary Algebra of 10 or above or 500 on the Math SAT), MATH 099 *Intermediate Algebra* (waived with an ACT subscore in Intermediate Algebra/Geometry of 10 or above or 530 on the Math SAT). Students required to take MATH 091 and/or MATH 099 must complete these classes within the first *three* semesters of college enrollment, at Bryan or elsewhere, and prior to taking *any* other math courses.

DEVELOPING A CHRISTIAN WORLDVIEW:

CT 113 Christian Worldview (3)

Christian Life Formation (3 credits including CT 101 Foundations for Christian Life and CT 402 Worldview & Life)

BIB 222 Old Testament Literature and Interpretation (3)

BIB 224 New Testament Literature and Interpretation (3)

CT 113 Christian Worldview, BIB 222 Old Testament Literature and Interpretation, BIB 224 New Testament Literature and Interpretation, and a minimum of three hours of Christian Life Formation to include CT 101 and 402 are required for graduation with a baccalaureate degree. CT 113 should be the first lecture course in the series and is normally completed in the first semester for full-time students. The other lecture courses can be taken in any order, though some courses may have prerequisites. CT 101 is taken the first fall semester and CT 402 the final spring semester before graduation. With permission of the academic adviser BIB 115 Biblical Foundations may be taken by those with minimal knowledge of the Bible in lieu of either BIB 222 or 224. Those electing to take BIB 115 must do so prior to taking any other Bible course.

If a student transfers in as a freshman or sophomore, Bryan requires that all 12 credit hours of the Christian Studies Core Curriculum requirements be completed. If a student transfers in as a junior with 56 or more credit hours, Bryan requires 9 credit hours of Christian Studies consisting of CT 113, BIB 222 or BIB 224 and three additional hours of Christian Life Formation, including CT 402. If a student transfers in as a senior with 85 or more hours, Bryan requires a minimum of six credit hours of Bible to include CT 113, CT 402 and two additional hours of Christian Life Formation electives. Transfers who wish to complete a Biblical Studies minor are not exempted from any core BIB or CT courses.

Choose one course (3 credits) of a general survey history (100/200 level) elective

Liberal Arts: Elementary licensure and History: Secondary licensure must choose HIS 111 Western Civilization I

ENGAGING THE CULTURE:

Psychology elective chosen from PSY 111 General Psychology, PSY 228 Family Life or PSY 334 Social Psychology

All teacher licensure students are required to take PSY 330 Life-span Development as the Psychology elective. Exercise & Health Science majors are required to take PSY 111 General Psychology as the Psychology elective.

COMM 111 Introduction to Communication

and first year foreign language competency and completion of at least one college level course

First-year competency is demonstrated by the successful completion of the second semester course or higher in a typical elementary language course sequence (for example, FREN 112, SPAN 112, GRK 112, HEB 212 or equivalent, or higher).

A student for whom English is a second language may choose to meet the foreign language requirement by earning a minimum score of 111 on the internet based (iBT) TOEFL exam or 273 on the computer-based version or 640 on the paper-based exam, thereby demonstrating proficiency in English.

Christian Ministry majors are required to take Greek as the core curriculum foreign language. Spanish: Licensure option majors must choose Spanish. Licensure programs require proficiency in traditional foreign languages. Graduate schools may not count American Sign Language toward foreign language requirements.

EXPLORING THE ARTS:

One Creative Arts elective choose from: ENG 211 Introduction to Literature, FA 311 Introduction to Fine Arts, FLM 210 Medium of Film, MUS 210 Music Appreciation, or THT 111 Introduction to Theatre. Music majors are not eligible to take MUS 210.

UNDERSTANDING THE NATURAL WORLD:

Choose two courses (5 credits) from a natural science area.

Biology majors must choose BIO 112 Botany and CHEM 131 General Chemistry I. Environmental Science majors must choose BIO 112 Botany and BIO 115 Environmental Science. Exercise and Health Science majors must choose BIO 111 Introduction to Biology. Liberal Arts: Elementary Education majors must choose BIO 111 Introduction to Biology and PHYS 211 Earth Science Survey. Math: Licensure must choose either Physics I and II or Chemistry I and II.

EHS 111 Concepts of Physical Fitness and one EHS Activity course

Credit in varsity sports may substitute for activity courses. Students 26 years of age or more, *at the time of enrollment*, are exempt from exercise and health science requirements but must earn the full 124 hours of credit for graduation, the two hours in lieu of exercise and health science being taken in electives.

Teacher licensure candidates, 26 years of age or more at the time of enrollment, are not required to complete any EHS activity credits but must complete EHS 111 Concepts of Physical Fitness.

If students change from a B.S. program to a B.A. program, or B.A. to B.S., they will be subject to the stated requirements for the new degree.

GRADUATION REQUIREMENTS

Associate Degree Candidates

The Associate in Arts and Associate in Science degrees are awarded subject to candidates meeting the following requirements. Candidates must:

1. Complete a minimum of 60 semester hours of coursework with a cumulative GPA of 2.0.
2. Complete the Bible course requirements outlined above.
3. Complete the core curriculum requirements outlined above.
4. Complete the program in a major area of study with no grade lower than *C-* counting toward the major area of study.
5. Demonstrate proficiency in the use of the English language as described under Core Curriculum Requirements.
6. Complete the last 30 semester hours in residence, maintaining at least a 2.0 GPA. Transfer students must earn a minimum of fifteen semester hours at Bryan in the major area of study.
7. File an Application for Graduation two semesters prior to the expected graduation date. Students will not be placed on the prospective graduate list until this application is on file in the Office of the Registrar. This form constitutes a formal agreement between the student and the institution regarding the completion of graduation requirements.
8. Participate in commencement exercises held early in May or in mid-December. When participation would create a hardship, exceptions are granted by the President. Since there is no ceremony in August students with one or two courses (a maximum of seven credits) left to complete at the end of the spring semester may participate as *candidates* for graduation in the May ceremony provided they have submitted and have had approved a definitive plan to complete their program by August 31 of the same year. In order to participate in the December commencement ceremony all requirements must be completed. In no case may a student participate in two commencement exercises for the same degree. In order for students to participate in Commencement financial accounts with the College must be paid in full.

While faculty advisers and the Office of the Registrar will assist students in every possible way, final responsibility for meeting all requirements rests with the student.

Baccalaureate Degree Candidates

The Bachelor of Arts and Bachelor of Science degrees are awarded subject to candidates meeting the following requirements. Candidates must:

1. Complete a minimum of 124 semester hours of coursework, earning a minimum of 25 percent of the semester hours required for each degree through instruction at Bryan College, with a cumulative GPA of 2.0. Additionally, a minimum of 30 semester hours must be at the 300/400 level. A candidate for a second Bryan baccalaureate degree awarded either simultaneously with or subsequent to the first degree must complete a minimum of 30 semester hours at Bryan beyond the courses required for the first degree, as well as meet the specific course requirements of both programs.
2. Complete the Bible course requirements outlined above.
3. Complete the core curriculum requirements outlined above. The College requires a variety of core curriculum assessments prior to graduation.
4. Complete the program in a major area of study with no grade lower than *C-* counting toward the major area of study, and, in the case of education licensure candidates, toward their professional education core. When a student fails to earn a *C-* or above in a major course, the course may be repeated, or another course from the major field of study may be substituted. Students should consult with the academic adviser and the Registrar in these cases. In addition to course requirements, each department requires a senior assessment in the major area of study prior to graduation. Transfer students must earn a minimum of 15 semester hours at Bryan in the major area of study. Also, 40% of the credits in the major must be at the 300/400 level. Licensure candidates must also complete a prescribed professional education sequence.

5. Complete an optional minor area of study with no grade lower than a C-. At least nine hours of a minor must be taken at Bryan. Six hours of a minor must be courses not overlapping with major courses. An application for minor form must be submitted to the Office of the Registrar for each minor program of study.

6. Demonstrate proficiency in the use of the English language as described under Core Curriculum Requirements.

7. Complete the last 31 semester hours in residence, maintaining at least a 2.0 GPA. Students desiring to take courses at another institution within the last 31 semester hours in residence must submit and have approved a Petition for Off-Campus Credit and a Petition for Academic Exception.

8. File an Application for Graduation form by the end of the junior year. Students will not be placed on the prospective graduate list until this application is on file in the Office of the Registrar. This form constitutes a formal agreement between the student and the institution regarding the completion of graduation requirements.

9. Participate in commencement exercises held early in May or in mid-December. When participation would create a hardship, exceptions are granted by the President. Since there is no ceremony in August students with one or two courses (a maximum of seven credits) left to complete at the end of the spring semester may participate as *candidates* for graduation in the May ceremony provided they have submitted and have had approved a definitive plan to complete their program by August 31 of the same year. In order to participate in the December commencement ceremony all requirements must be completed. In no case may a student participate in two commencement exercises for the same degree. In order for students to participate in Commencement financial accounts with the College must be paid in full.

While faculty advisers and the Office of the Registrar will assist students in every possible way, final responsibility for meeting all requirements rests with the student.

ACADEMIC POLICIES AND PROCEDURES

Credit Toward a Degree

The most common method of earning academic credit toward a Bryan College degree is by completing the courses offered by the College. A description of course expectations is included later in this section of the *Catalog*.

Bryan College students may also obtain advanced placement, earn college credit, and meet certain course requirements by demonstrating proficiency on various tests: the College-Level Examination Program (CLEP), the Advanced Placement (AP) Program, the International Baccalaureate (IB) Program, tests constructed locally by Bryan College, as well as through joint/dual enrollment programs linking community colleges and high schools for the purpose of college level core curriculum, and other approved off-campus programs. Credit *may* be allowed for work completed at military service schools if this credit is recommended by the American Council on Education in *A Guide to the Evaluation of Educational Experiences in the Armed Service*. Students may choose or be required to take another course from the same general area.

1. Students may earn a maximum of 30 semester hours of credit by examination (such as CLEP, AP, IB, challenge, etc.). No credit may be applied toward the 31 semester hours residency requirement without the express approval of the Academic Council.

2. No duplicate credit may be awarded through overlapping tests or comparable college courses. Students who complete a college course for which credit by examination has been granted forfeit the credit by examination.

3. Credit earned by examination and/or through these programs will be posted as “CR” (credit) with no quality points being awarded.

4. Students may not be allowed to meet all of the core curriculum requirements through credit by examination without taking an appropriate, regularly offered course (normally an advanced course) in that area.

5. Credit earned by examination may be applied toward major requirements only when approved by the faculty adviser, the chair of the appropriate division, and the Registrar.

6. Credit earned by examination at other institutions is not transferable to Bryan. Official test score reports must be sent to Bryan for evaluation. Credit will be awarded in accordance with Bryan’s policy on credit by examination.

CLEP Examinations

Students whose score meets or exceeds the American Council on Education (ACE) recommendation on a CLEP Examination which approximates a course offered at Bryan will receive credit for the number of semester hours listed in the catalog for that course (unless the ACE recommendation is less). The College Composition Modular has an essay component which will be evaluated by the English faculty of Bryan College who will determine whether credit will be awarded. Examinations which Bryan accepts include:

Advanced Placement Tests

Students who have taken the Advanced Placement (AP) Program should have official score reports sent to Bryan College (code 1908) in order to receive college credit for the corresponding courses. Students who have test scores of 3, 4, or 5 on these tests are granted college credit for the number of semester hours listed in the *Catalog*. The Advanced Placement Test in English Language and Composition substitutes only for ENG 111 Freshman English.

International Baccalaureate Tests

Students who have taken International Baccalaureate (IB) Tests should have official score reports sent to Bryan College in order to be exempt from specific courses or receive college credit for the corresponding courses. Students who have scores of 4, 5, 6, or 7 on the “higher level” IB exam are granted college credit for the number of semester hours listed in the catalog. Credit also is extended to students who score a 6 or 7 on a “subsidiary level” IB exam. Actual credit awarded and course equivalencies will be determined on an individual basis.

Bryan College Tests (Challenge Tests)

Students who have gained knowledge and acquired skills for which corresponding college credit has not been given may challenge by examination some courses offered by the College. This option is not available for courses in which a CLEP or DSST exam is given. Not all courses are appropriate for a challenge exam, for example, performance based or activity courses, laboratory courses, research courses, practicums, and internships. Typically, only courses that can be evaluated by a comprehensive written exam are eligible.

1. A written request from the student must be approved by the head of the department for the course, the academic adviser and the Office of the Registrar before the examination is taken.
2. A student may challenge a course only once and must do so prior to enrolling in the course or before completing six weeks in the course.
3. Students may challenge MATH 091 Real World Arithmetic and/or MATH 099 Intermediate Algebra but do not have the option of purchasing the credits as the credit for both of these courses does not apply toward graduation.

Charges for credit earned through proficiency examinations administered at Bryan College are \$25.00 per credit hour. An additional basic charge of \$25.00 is assessed for each test taken.

Transfer of Credit

Students transferring to Bryan College from other institutions of postsecondary education obtain advanced standing based on the amount of credit transferred. Only work which is comparable to that at Bryan College in level, nature and content may be accepted for credit toward a degree. Each student’s transcript is evaluated individually on a case by case basis and is, in part, dependent on the major selected.

- 1) Courses transferred to meet Bryan’s core curriculum requirements and major program requirements must approximate courses required at Bryan. Equivalency is judged by the Registrar in the case of core curriculum requirements and electives, and by the Registrar in consultation with the head of the department in the case of major courses.

- 2) Credits earned at four-year institutions accredited by the appropriate regional accrediting association are transferred with the following exceptions:
 - a) Only credits with a minimum grade of C- (or equivalent) are transferable.
 - b) Up to 30 semester hours of Bible courses are transferable.
 - c) The College will accept credit by transfer which is applicable toward degree requirements (Bible course requirements, core curriculum requirements, major program of study, professional education requirements) and elective credit, up to 93 semester hours. Elective credit beyond that required to meet the 124 semester hour minimum will not be transferred.
 - d) Bible courses used to satisfy the Christian Studies core curriculum requirements must be taken at ABHE or CCCU institutions.
- 3) Only credit hours are transferred and such hours are not included in the calculation of a student's GPA.
- 4) Credits earned in two-year institutions accredited by the appropriate regional accrediting association are transferred as follows.
 - a) Students transferring from these institutions must earn a minimum of 62 semester hours at a regionally accredited four-year institution before earning a baccalaureate degree.
 - b) Courses completed as part of an Associate in Arts or Associate in Science degree program are transferable up to a maximum of 62 semester hours.
 - c) Courses completed as part of an Associate in Applied Science degree program, which do not satisfy core curriculum requirements or reasonably approximate other courses presently offered at Bryan College, *may* be transferable as electives.
- 5) Credits from schools which are not regionally accredited or which hold specialty/national accreditation are transferred at the option of the College after a thorough review.
- 6) Industrial/technological courses normally are not transferable. These include courses in which the credentials earned depict proficiency in an area of employment skill only (i.e., aviation, automotive mechanics, cosmetology, office administration, welding etc.).
- 7) International students who have post-secondary transcripts that may apply toward a degree at Bryan are responsible for submitting those records to an approved agency that will evaluate and translate the documents. The cost for this service is the responsibility of the student. The official transcript must also be submitted directly to Bryan College as part of the Admissions process.
- 8) **Articulation agreement between Bryan and Tennessee's public community colleges:** Bryan College accepts the Board of Regents-approved transfer associate degree from public community colleges in the state of Tennessee. Students earning these degrees are automatically granted 60 semester credits and junior standing upon admission to Bryan. Since some of Bryan's four-year degree programs require specific course work to be completed as core curriculum classes, students must complete these courses either as part of their associate degree or at Bryan College. (Students planning to transfer should carefully choose their core curriculum courses in consultation with their community college adviser and Bryan in order to ensure that the best selections are made in light of their intended four-year major.) The College also requires completion of the Christian Studies core requirements as appropriate for a junior transfer plus the remaining coursework that students with a transfer associate degree must take to finish their baccalaureate program. All courses in the student's major – both lower and upper division – must have a grade of C- or higher. Though admitted with junior standing, graduation at Bryan within two additional years is not guaranteed.

Exceptions to Academic Policies and Procedures

Petition for exception to academic regulations may be made by obtaining the petition form from the Office of the Registrar. The completed form signed by the student, the academic adviser, and the Registrar is submitted to the Vice President of Academics for action by the Academic Council. The student will be notified in writing of the decision.

Disability Services

For students with disabilities (as defined by Section 504 of the Rehabilitation Act of 1973, as amended, and the Americans with Disabilities Act of 1990), Bryan College takes an individual, holistic approach in providing, as required by law, reasonable accommodations.

Eligible students must formally notify the College of their disability, either at the time of admission or before accommodation is requested. The notification must be in writing, must include appropriate documentation, and must be submitted to the ADA Coordinator. Documentation required (to be obtained by the student at his/her expense) includes a formal medical evaluation by a physician or learning specialist (for learning disabilities), a description of what specific accommodations have been offered in the past, and what specific needs and services will be requested from Bryan College.

Examples of alternative aids that may be appropriate include taped texts, note-takers, interpreters, readers (for test-taking only), additional time for tests, and alternative methods of assessment. The College is not required to supply students with attendants, individually prescribed devices such as hearing aids and wheelchairs, readers for personal use or study, other devices or services of a personal nature, or incompletes / extended semesters. The courts have also ruled that colleges are not required to lower the standards of any program, make fundamental alterations in the essential nature of a program, or assume undue financial or administrative burdens.

The campus ADA Coordinator works under the supervision of the Vice President of Academics. S/he considers a student's request and documentation and subsequently determines what specific services will be offered by the College. The Coordinator then provides the minimum expectations for accommodations. These accommodations are then provided to the student on a Syllabus Addendum form that s/he must take to the faculty of each course. A Syllabus Addendum must be completed and on file for each course within the first ten business days of the semester or within ten business days of a diagnosis/approval by the ADA coordinator. Once the basic provisions are deemed acceptable by both the faculty member and the student the original copy must be turned in to the ADA Coordinator. The student or his/her professor(s) may appeal the decision of the ADA Coordinator to the Academic Council, which will make a final determination on behalf of the College. For more information, contact the ADA Coordinator.

ACADEMIC REGISTRATION

Academic Advising

Prior to registration all new students participate in an orientation program designed to help guide students into a successful college experience. The ACT or SAT is required for placement in the appropriate English and mathematics courses and the ACT is administered to students who have not taken either the ACT or SAT prior to their arrival on campus. Orientation sessions acquaint students with college personnel, community life, co-curricular, and academic programs.

One of the most important advising tools is the college *Catalog*. Students are urged to become familiar with this *Catalog* in order to be able to track their own records and to make certain that they are meeting the graduation requirements which are outlined. The faculty adviser counsels the student on the appropriate choice of curriculum and on the selection of courses for each semester. The Registrar assists the advisers in informing seniors of courses needed to meet degree requirements. Final responsibility, nevertheless, rests with the student for seeing that all degree requirements are met prior to the projected date of graduation.

Academic Adviser

Each student is assigned a faculty member as an academic adviser. The purpose of this academic advising is to assist the student in setting personal, educational, and vocational goals which are consistent with Christian values and in developing an educational program which will carry the student forward toward the realization of these goals. The student meets regularly with the academic adviser prior to registration times and is encouraged to seek freely the adviser's counsel at other times.

Pre-professional Studies

Most professional schools recommend that students gain a broad general background at the undergraduate level. Students who plan to enter graduate or professional school should carefully plan their undergraduate programs with their

faculty adviser and should be certain that the program of studies meets all requirements for admission to a particular graduate or professional school.

Pre-professional programs in the health sciences are included in the Division of Natural Science.

Students interested in pre-professional programs in church vocations may consult with the Division of Christian Studies and Philosophy or any number of academic departments.

Law schools do not prescribe a prelegal curriculum. They do, however, prefer a broad liberal arts education, to include areas not necessarily related to the law. The Departments of English and History, Justice, & Government have pre-law course sequences which have enabled students majoring in these disciplines to enroll in the law school of their choice. Other academic departments also can provide direction and advice regarding law studies. The law school adviser resides in the Department of History, Justice, & Government.

Students interested in pre-professional studies are encouraged to consult with their academic advisers to ensure they have an individualized program which will assist them in meeting their career goals.

Summer and Winter Sessions

Summer and winter sessions are scheduled according to need and demand. Anyone desiring information about these sessions should check <http://www.bryan.edu/courses>.

Course Scheduling

The class schedule is initially published for preregistration and then is updated as necessary prior to the opening of the semester. The schedule lists courses to be offered by catalog number and title together with the hours of credit awarded, the time and place of class and lab sessions, and the name of the instructor.

The curricula of the *Catalog* and the class schedule are designed primarily with the degree candidate in mind. Any student, who expects to attend the College for less than two years, should ascertain whether courses desired will be given during the anticipated enrollment period. The College assumes no responsibility to offer courses for students who plan to attend only one or two semesters. Under normal circumstances, no course will be offered unless there is an enrollment of at least eight persons. Exceptions must be approved by the Vice President of Academics.

Bryan College operates on a semester basis. One semester hour of credit is defined as 15 hours of class work with appropriate out-of-class assignments or 45 hours of laboratory work. Thus, a class which meets three hours a week for 15 weeks (one semester) equals 45 contact hours which will equate to three semester hours credit. A class which meets for class work three hours a week and for laboratory work three hours a week will carry four semester hours credit. Each hour of credit earned through independent study or practicum experience will normally require about 45 hours of student work.

A late registration fee is charged when a student fails to complete the registration process by the close of registration. Failure to complete registration appropriately may result in no credit if the student is not correctly registered in a course, or an *F* if the student is officially enrolled and fails to complete course requirements. The burden of responsibility is on the student to ensure that registration is completed in a timely manner.

Academic Load

An average full-time student load is 16 hours a semester. The minimum full-time load is 12 hours and the maximum load is 18 hours, although students may attempt more with the concurrence of the faculty adviser and the Registrar. A student who makes a grade point average of 3.0 or above may register for 19 hours. A student who achieves a grade point average of at least 3.25 may register for 20 hours. Full-time students are not permitted to be enrolled concurrently in other institutions without permission.

Students who maintain clear status and successfully complete an average of 15.5 semester hours per semester can complete the minimum 124 semester hours required for most programs in eight semesters.

Some students should carry fewer than the average 16 hours per semester because of a need to work in excess of 10 hours per week, involvement in co-curricular activities (such as drama or intercollegiate athletics), or because of an educational disadvantage. Those who carry reduced loads will need to plan a longer time to complete academic programs.

Some academic programs require more than 124 semester hours. Students enrolled in such programs will need to carry heavier loads or increase the length of time required to complete their programs. Students required to take developmental courses also will need to make an appropriate adjustment in projected degree completion dates.

Activity Courses

Students may earn a maximum of 12 semester hours of credit toward the minimum 124 hours required for graduation through certain activities which overlap the boundary between curricular and co-curricular. These include music ensembles, drama workshops, intercollegiate sports, and news media and yearbook production. Normally one hour of credit is awarded for each semester of full and active participation in one of these activities, and the grade assigned depends upon the quality and quantity of the participation. A student may not receive both academic credit and financial compensation through the work study program for the same activity.

Auditing a Course

Auditing of lecture-discussion courses (excluding labs, private lessons, performance based courses and independent studies, etc.) is permitted, but the student must register for each course audited and attend classes regularly. The student must continue the course until officially dropped from the roll. A student may not switch from credit to audit after the first six weeks of classes. All students should consult the “Expenses” section of this catalog for auditing fees. Note that preference is given to students enrolling for credit.

Double Majors

Students are permitted to complete more than one major. However, it may take longer to graduate and additional expenses may be incurred. Course scheduling is designed for students attempting one major and so the College is not responsible for resulting schedule conflicts. Additionally, it is the responsibility of the student to seek both permission and academic advisement from *both* majors. Students desiring to complete more than one major may do so provided a minimum of 50% of the hours required in one major do not overlap with the other major. Completing two options within the same major does not constitute a double major or a second degree.

Entering Catalog

The Academic Catalog which is current during the first semester the student is enrolled as a matriculated student contains the requirements that student is to follow. That catalog will remain open to the student until the student either graduates or does not re-enroll for one or more semesters. A student, in consultation with the adviser, may opt for a newer catalog. In the case where a student leaves Bryan with 18 hours or less remaining, the student has one calendar year from the date of last attendance to complete degree requirements under the entering catalog. Prior approval is required if any coursework is taken at another institution.

Independent Study

Bryan College offers students opportunities to earn credit toward graduation requirements through independent study. A maximum of nine credit hours may be earned through independent study by students with a cumulative GPA of at least 3.0 or with the recommendation of three faculty members. Students who desire to do independent study should secure complete guidelines and application forms from the Office of the Registrar.

Repeating a Course

Any course taken by a student at Bryan may be repeated in order to improve the grade, subject to availability. A repeated course with the corresponding grade will appear on the student’s academic transcript each time the course is attempted, but only the highest grade earned will be used in calculating the student’s cumulative grade point average. If the course is repeated at another institution, credit is transferred to Bryan to fulfill graduation requirements, but the grade is not transferred; therefore, no change of GPA occurs. Students receiving educational benefits from the Veterans Administration may not repeat a course previously passed solely for the purpose of improving the grade. To qualify for payment from the VA, the repeat must be required for graduation. A third attempt will not be eligible for any financial aid.

Repeatable Courses

There are a limited number of courses which may be repeated for additional credit. In these cases a student may not replace a lower grade by taking the course again. The types of courses which are repeatable are music ensembles, varsity athletics, selected topics (with different topics). Courses which may be repeated for additional credit are as follows:

REPEATABLE COURSES		
Course Number	Course Title (# of credits in a term)	Total career credits

* A grand total of 12 credits may be earned in these courses.

Schedule Adjustments

Students may not drop a course, begin a new course, or make any change in their schedules after registration is completed (which includes the initial drop/add segment of registration) without the permission of the academic adviser and the Registrar. Students who receive financial aid must check with the Financial Aid Office before taking less than 12 semester hours. No courses may be added after the end of the drop/add segment of registration which concludes on the Friday of the first full week of classes.

If a student withdraws from a class, or from the College, before the end of the drop/add segment, no grades will be recorded on the academic transcript. Beginning with the second full week of classes, a student may withdraw with a *W* from a course by receiving written permission from the adviser and the Registrar. In the fall semester the last day to withdraw from a course is the Friday prior to Thanksgiving. In the spring semester the last day to withdraw from a course is the Friday prior to the last three weeks of classes plus finals week. Following the last day to withdraw a student will receive a final letter grade whether he/she chooses to complete the course or not. For sessions which are of shorter duration than the traditional fall and spring semesters the drop/add period and withdrawal period will be adjusted according to the length of the term.

After the drop/add segment any student who attends classes for which he/she is not registered or stops attending classes for which he/she is registered without filing (in the Office of the Registrar) a registration adjustment form (drop/add) may be penalized by receiving a grade of *F* or by loss of credit. The Registrar *may* permit a student to file a registration adjustment form after the fact, but a fee of \$20.00 will be levied.

Administrative Withdrawal

Students are expected to prepare for and attend all classes for which they are registered and to act in a manner consistent with an academic environment while attending class. The instructor may assign an administrative withdrawal (*AW*), subject to the approval of the Vice President of Academics, when the student consistently fails to abide by the attendance policy established for the class and/or exhibits disruptive or unruly behavior in class.

A grade of *AW* would be considered punitive and calculated in the grade point average as an 'F'. Such students have seven calendar days to respond to written notification that their continuation in the class is in jeopardy. Students are responsible for correspondence that is sent to them via their Bryan e-mail account or to their campus mailbox. Students are also responsible for maintaining an accurate home mailing address with the College. Failure to respond appropriately within the seven day period and to correct the behavior to the satisfaction of the instructor will result in an *AW* in the course. If one grade of *AW* is assigned all other instructors for that student will be contacted to see if there are other attendance issues. And, if such behaviors are the rule rather than the exception, the student is subject to dismissal from the College. An *AW* grade, once assigned, is final and cannot be removed by withdrawal from the course or from the College. No refunds of any kind will be made in the case of an administrative withdrawal.

A request for an administrative withdrawal must be initiated no later than seven days prior to the last day for the student to withdraw from the course in question.

DURING DROP/ADD: Students who fail to attend a course during the drop/add period (first 8 class days of a regular semester) without prior permission from the instructor may be dropped from the course by the instructor.

Tutorials

When a particular course is required for graduation and the enrollment is not sufficient to constitute a regular class, arrangements for individual instruction on a tutorial basis may be requested. Guidelines for tutorials and application forms are available in the Office of the Registrar. All tutorials must have the approval of the Registrar and Vice President of Academics.

Course Numbering

The letter prefix for course numbers indicates the academic discipline: BIB-Bible, BIO-biology, etc.

The digit in the hundreds numerical place designates the level: 100 through 199-freshman level, 200 through 299-sophomore level, 300 through 399-junior level, and 400 through 499-senior level. Courses in the 100's and 200's are referred to as lower division courses and those in the 300's and 400's as upper division courses. Courses numbered below 100 are remedial/developmental courses and the credit does not apply toward graduation.

The digit in the tens numerical place indicates the content of the course: -10 to -19 are assigned to courses offered primarily to meet core curriculum requirements; -20 to -59 are assigned to courses offered primarily to meet major program requirements; -60 to -69 are assigned to co-curricular activities such as chorale, intercollegiate sports, drama workshop, etc.; -70 to -79 are assigned to independent study and practicums; and -90 to -99 are assigned to selected topics and seminar courses.

Withdrawal from the College

To withdraw from the College, a student must complete and submit to the Student Life Office a withdrawal form. Any student under 18 years of age, or any student whose account is paid by someone else, must have written approval for withdrawal from the person responsible for his account.

Students who officially withdraw from the College will have W's recorded on their transcript for each course in progress. A student who leaves school without filing official forms will receive AW's (administrative withdrawals) in all in progress courses.

When serious illness or extreme emergency forces a student to leave college during the last four weeks of the semester (last three class weeks and exam week), arrangements for the possible completion of academic work are governed by a policy statement published in the *Faculty-Administration Guide*.

Classification of Students

Students are classified according to the following academic standards:

FRESHMAN	Admission to freshman standing.
SOPHOMORE	At least 27 semester hours of credit.
JUNIOR	At least 56 semester hours of credit and, normally, acceptance as a major in an academic discipline.
SENIOR	At least 85 semester hours of credit, a 2.0 average, and a completed Application for Graduation on file with the Office of the Registrar.
VISITING	A visiting student is any student not working toward a degree at Bryan College, including transient students regularly enrolled in another institution but taking coursework at Bryan for transfer purposes. In addition, students who already hold a bachelor's degree who are taking additional undergraduate work, as well as non-traditional students who wish to undertake college work, but who do not intend to earn a degree, also come under this heading.

COMPUTATION OF GRADE POINT AVERAGES

A student's Grade Point Average (GPA) is determined by dividing the sum of the quality points earned by the sum of the semester hours attempted. Averages are computed only for work taken at Bryan and are shown in detail on the student grade report which is maintained and available through the Office of the Registrar.

A student who wishes to contest a grade should submit a written request to the instructor of the course. A form is available from the Office of the Registrar. This request should be submitted as soon as possible but no later than one year from the end of the term of the course in question.

Grading Practices and Standards

Symbol	Quality Points	Explanation
A	4.0	Work which fulfills course requirements at a superior level of performance and which manifests outstanding interest, effort, responsibility, and creativity.
A-	3.7	
B+	3.3	Work which fulfills course requirements at an above average level of performance and which manifests above average interest, effort, responsibility, and originality.
B	3.0	
B-	2.7	
C+	2.3	Work which fulfills course requirements at an average level of performance and which manifests adequate interest, effort, responsibility, and improvement.
C	2.0	
C-	1.7	
D+	1.3	Work which falls short of fulfilling course requirements at an average level of performance and which manifests a lack of interest, effort, responsibility or which shows a need for improvement.
D	1.0	
D-	0.7	
F	0.0	Failure, carries no credit, and is given for work which fails to meet minimum course requirements.
AW	0.0	
AU	Audit	
P	Pass – equivalent to a C- or higher. Used only for designated courses such as EHS activities, music ensembles, and theatre practicums.	
I	A grade of Incomplete is given only when extended illness or other circumstances beyond the student’s control prevent the student from completing assignments or from taking the final examination. An Incomplete is not given to allow a student time to do make-up or other work to influence a grade for which the work in reality has already been completed. No grade of Incomplete will be recorded unless formally requested by the student and approved by either the Vice President of Academics or the Office of Student Life. Students who receive an <i>I</i> are required to complete coursework within eight weeks from the last day of the exam period, unless an extension approved by the teacher and the registrar is granted. After this period, the <i>I</i> becomes an <i>F</i> and is recorded on the student’s transcript.	
W	Withdrawn from the course	
AW	Administrative Withdraw (calculated as an F)	
S*	Satisfactory (used for developmental courses)	
U*	Unsatisfactory (used for developmental courses)	
NR	Not reported	
NC	No credit	

No institution-wide grade percentages are assigned to letter grades.

Academic Appeals Process

If a student believes that a grade in a class is incorrect or that the professor has not graded the work in a responsible manner, he or she has the right to appeal the grade, in writing, to the Vice President of Academics within 90 days of the final grade being posted to the student’s transcript. The appeal will be heard by the Academic Appeals Committee at their next regular meeting. Appeals made after the 90 day window, inclusive of non-business days and standard college vacation days, will not be considered valid and may not be entertained by the Committee. The decision of the Committee is final and no further appeal is available. Details as to the construction of the appeal letter and its contents can be obtained by contacting the Office of the Vice President of Academics.

Honors and Awards

Dean's List

At the end of each semester, the Office of the Registrar publishes the Dean's List, which includes the top 25% of full-time students provided they have a minimum current term grade point average of at least 3.5. These students are recognized for their academic achievements at the spring Honors Day.

Awards

In addition to the academic awards described in this section the following awards are given annually:

The *P.A. Boyd Awards* are annual awards given in accordance with the terms specified by the original underwriter of the award, Mr. P.A. Boyd of Bloomfield, New Jersey. Ordinarily, awards are made to a man and a woman in the senior class. No award is made if in the opinion of the faculty no student qualifies. These awards are given to the students whose powers and attainments of body and mind and whose principles and character have secured for them the highest degree of influence over their fellow students. Candidates for these prizes must manifest nobility of character, fearlessness, and self-sacrificing devotion to the ideals of a purposeful life, and an active identification in constructive work for the best interest of student life in the College.

A *Faithfulness and Loyalty Award* is given to the senior who, in the judgment of the faculty and administration, has contributed most in faithfulness and loyalty to the welfare of the College.

Athletic Awards are given in baseball, basketball, cross-country, soccer, and volleyball based on participation and qualification.

The *Judson A. Rudd Testimony and Influence Award* is a cash award given by an anonymous donor for the upperclassman having an outstanding Christian testimony and exerting the best Christian influence on incoming students. This selection is made by freshmen utilizing a secret ballot.

The *Melvin M. Seguire Award* is an annual award of \$500.00 to a graduating male student who has been enrolled at Bryan for at least two years and who plans to do graduate work that will lead to a missionary or pastoral career.

Faculty Graduation Awards

Each year in which there are qualified candidates, prizes are awarded by the faculty to the senior who having completed at least 112 semester hours at Bryan has the highest scholastic record while attending Bryan College, and to the senior who in the judgment of the faculty has achieved the most progress while attending Bryan College.

Graduation with Honors

Upon the recommendation of the faculty, a candidate for the Bachelor of Arts or Bachelor of Science degree who has taken at least 48 semester hours of graded coursework at Bryan, will be graduated with traditional Latin honors as follows:

cum laude for a cumulative grade point average of 3.60-3.74

magna cum laude for a cumulative grade point average of 3.75-3.89

summa cum laude for a cumulative grade point average of 3.90-4.00

Graduation with "Honors" is not to be confused with graduation from the Bryan Honors Program, which is described under the Special Programs section in this *Catalog*.

Course Expectations

Course Requirements

Each instructor is required to give class members a printed syllabus during the first week of classes, which explains course objectives and requirements, class attendance policy, and the grading system that will be used. Students are responsible for fulfilling course requirements as outlined in the syllabus. The instructor may make reasonable

modifications in course requirements, but these will be announced sufficiently far enough in advance to avoid undue hardship. Students are expected to complete all assigned work and take all examinations. Students will be graded on their performance in achieving the objectives of the course. Failure to complete assignments or to take tests will result in appropriate reduction in grades.

Class Attendance Policy

Attendance at classes is considered beneficial, and is therefore encouraged and expected by the College. Recognizing the dissimilarity in course content, the diversity of learning objectives, the variety of instructional methods, and the range of student abilities, the College sets no single attendance policy for all classes. Each instructor determines, within guiding principles given below, the attendance policy for each course.

1. Each instructor will be able to document a student's last day of attendance.
2. Professors may establish a maximum limit of 20% for the total number of absences in a class. Within each discipline, a maximum number of class periods (up to 20%) that can be missed without some penalty may also be established. Performance courses, as defined in the syllabus, may require even more restrictive limits on absences due to the nature of the course. Students who exceed these limits may be given no credit or a failing grade provided the policy is specifically outlined in the course syllabus.
3. Student grades cannot be discounted when the student is absent because he or she is representing the College (as certified by the Office of the Vice President of Academics), providing the total number of absences do not exceed an instructor's syllabus guidelines.
4. Professors must include in their syllabi an attendance policy based on the above guidelines.
5. Students are responsible for any work missed when they are absent from a class.
6. Three tardies are equal to one absence. Tardiness is defined as arriving in class after the designated time and before ten minutes of the class has elapsed. If a student arrives after ten minutes of class time, the professor is permitted to consider it an absence.
7. Students wishing to appeal any decision regarding class attendance should consult the *Student Handbook* section, "Academic Appeals."

Courtesy notes may be sent to the faculty by the Academic Office in case of a death or serious illness in the immediate family of a student or an unusual circumstance that takes the student away from classes. Faculty members will treat the emergency as an excused absence only if all cuts have been used.

Course Examinations/Final Examinations

Unit tests and mid-semester examinations are administered at the professor's discretion. Students are expected to be present for all scheduled tests and examinations. If absence is necessary because of illness or other emergency, the student must make appropriate arrangements with the course instructor.

The last four days of each semester are set aside for final exams. The final exam period is a part of the regular academic calendar. Each student is expected to make arrangements to remain on campus to complete all scheduled examinations. At the discretion of the faculty member, each senior completing the final semester with at least a *B* average in the course in question *may* be exempted from the final exam in the course. No classes are held during the final exam period. All charges, fees, penalties and student accounts are to be paid before final exams are taken.

Changing Final Exam Schedule

Students who have three or more exams scheduled on the same day may request an exam be rescheduled. The student must submit a written request to the Registrar (form available in the Office of the Registrar) signed by the instructor of the course no later than three weeks prior to the start of exams.

Students desiring a change in the time of a scheduled final exam for other reasons must submit a written request to the faculty member prior to the last class meeting. The faculty member has the right to approve or deny the request provided no other college policies are violated.

In the case of illness or emergency during finals week, faculty will be officially notified by either the Office of Student Life or the Academic Office.

Students are reminded to consult the final exam schedule early each semester and to make all necessary arrangements, *including transportation*, in order to remain on campus to complete all exams according to the published schedule.

Satisfactory Academic Progress For Continuation

Standards for demonstrating satisfactory academic progress for continuation are shown below. Students whose grades fall below these levels are placed on academic restriction and/or probation. Students participating in intercollegiate athletics or acting as cheerleaders must maintain institutional standards for participation in extracurricular activities.

Academic Restriction

When the *current* term grade point average of a freshman falls below 1.75 or when that of any other student falls below 2.0, the student is placed on academic restriction for the following semester. The faculty adviser may limit the academic load of the restricted student.

Academic Probation

When a continuing freshman's *cumulative* grade point average falls below 1.5, when that of a sophomore falls below 1.75, or when that of a junior or a senior falls below 2.0, the student is placed on academic probation. The academic probation student has one semester to remove this status and if failing to do so may re-enroll only with the express approval of the Academic Council.

Students on probation may be limited in academic load and work hours. Continuing students who meet one of the following conditions will be considered to be in good standing to participate in extracurricular activities, with registration limited to one activity per semester: on restriction but not on probation, or on probation but not on restriction.

Music majors and minors on probation will be required to participate in and to register for one musical ensemble approved by the Head of the Department of Music in order to meet their academic requirements. However, they may neither register for nor participate in other extracurricular activities while they are on probation. (To be considered a music major or minor for the purpose of participation, the probation students must be registered in an academic music course or have previously been officially accepted as a music major or minor by the Division of Humanities).

	Student is placed on <u>Restriction</u> if:	Student is placed on <u>Probation</u> if:
Freshman (1-26 credits earned)	Term average < 1.75	Cumulative average < 1.5
Sophomore (27-55 credits earned)	Term average < 2.0	Cumulative average < 1.75
Junior (56-84 credits earned)	Term average < 2.0	Cumulative average < 2.0
Senior (85+ credits earned)	Term average < 2.0	Cumulative average < 2.0

Academic Condition

New students who do not meet standards for clear admission may be admitted on academic condition. The student on academic condition has one semester to remove this status; failing to do so means the student may only re-enroll with the express approval of the Academic Council and/or the Vice President of Academics. In order to remove the conditional status a first-time freshman must earn at least a 1.75 grade point average and a transfer must earn at least a 2.0 grade point average by the end of the first semester. New freshmen or new transfer students admitted on condition may neither participate in nor register for any extracurricular activities (i.e., intercollegiate sports, music ensembles, drama workshop, or any other activities which require large segments of time or absence from class).

Clearing Conditional Admission

Satisfactory grade levels for clear admission are outlined in the Admissions section of this *Catalog*. New students admitted with high school or college grades below these levels are enrolled on a conditional basis and have one semester to establish grades of a clear status level, unless the Academic Council grants permission to continue beyond the one semester.

New freshmen and other freshmen who have attempted fewer than twelve hours of college credit may seek to clear their status of academic condition by earning a satisfactory score on the ACT examination. To do so, eligible freshmen must:

1. Inform the Director of Institutional Effectiveness and Planning of their desire to clear their academic status in order to sign up for the ACT. This should be done prior to the end of the first week of academic classes.
2. Take the ACT examination within the first two weeks of academic classes. The test may not be taken more than twice during this two-week time period.
3. Earn a minimum composite score of 20 on the ACT in order to gain clear status.
4. Inform the appropriate faculty members if any classes are to be missed due to this testing. Students must be willing to use their own class cuts and make up any class work missed.

Transfer students and freshmen who have attempted more than twelve hours of college credit are not eligible to clear their academic status through this procedure.

Academic Suspension and Dismissal

A student who is still classified as an academic freshman (less than 27 earned hours) after three semesters of full-time enrollment at any college will not be allowed to continue as a full-time student without the permission of the Academic Council.

A student on condition/probation who fails to remove probationary status in one semester will normally be suspended. The Academic Council will give consideration to the student's continuance for one additional semester only if the student has shown sufficient improvement in academic performance during the probationary semester to indicate a good probability of success toward graduation.

When a student's grade point average falls to a point where there is no reasonable possibility of bringing it to the level required for graduation, the student will be dismissed. A student dismissed for academic reasons may apply for re-admission, but will be re-admitted with the approval of the Academic Council. In addition, a student so dismissed will be encouraged to pursue his/her education elsewhere for a period of at least 12 months.

Transcript of Record

The Office of the Registrar keeps on file a permanent record of all credits earned by each student. Transcripts of record are issued only upon receipt of a written request signed by the student in accordance with the Family Educational Rights and Privacy Act. Before an official transcript of record will be issued, the student's financial obligations at the College must have been met, and there must be no record that the student is in default status on any student loan. A \$5.00 fee is currently being charged for each transcript providing it can be reproduced in the normal course of business. Transcripts required in 48 hours or less require \$20.00 plus the cost of speed posting (FedEx or other means).

Family Educational Rights and Privacy Act (FERPA)

Purpose : The purpose of the Family Educational Rights and Privacy Act is to protect the privacy of parents and students by governing access to records maintained by certain educational institutions and agencies and the release of such records.

Conformity : Bryan College hereby pledges conformity to the provisions of the law and notifies parents and students as to their rights with respect to records maintained on students who are, have been, or will be enrolled at Bryan College.

Rights : A student may have access to official records directly related to that student, within the provisions of the law. A student may have a hearing to challenge records on the grounds that they are inaccurate, misleading or otherwise inappropriate. The written consent of the student will be secured before releasing personally identifiable data about the student from records to other than the following list of exceptions:

1. Parents of a financially dependent student;
2. School officials and authorized personnel at Bryan College, with "authorized" meaning only those persons who need specific records to carry out their designated responsibilities;
3. Auditors or authorized program evaluators or representatives of Federal Financial-Aid Programs or other federally sponsored educational programs, with no release of personally identifiable information permitted by such persons;
4. Accrediting organizations for the purpose of carrying out accrediting functions only;
5. Appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons;
6. School officials and Bryan College students for directory information and newspapers and other public media for recognition of awards, degrees, and activities unless the student prohibits the release of such information by August 1 of each year by giving in writing a request to the Public Relations Office of the College that a particular type(s) of item(s) be omitted (see section on "definitions" for directory information);
7. Courts in compliance with judicial order or subpoena, with the student being notified of all such orders in advance of the compliance;
8. Any other legitimate persons to whom the records are available by law

Students may not have access to financial information submitted by parents without the written permission of the parent received by the Financial Aid Office. Parents of financially dependent students have access to the records of their children in post-secondary institutions even though such students may be over the age of 18. Parents of financially-independent students may not have access to any records of their children in college unless the student signs a form releasing the specific record to the parent. Although waivers may not be used as a condition for admission to, receipt of financial aid from, or receipt of any other services or benefits from such agency or institution, the student or person applying for admission may waive his right of access to recommendations, provided the student or person is, upon request, notified of the names of all persons making confidential recommendations and such recommendations are used solely for the purpose of their specified intention.

Definitions : "Directory Information" means a student's name, telephone listing, campus address and campus e-mail address, photograph, date and place of birth, hometown and home state, major field of study, classification, participation in officially recognized activities and sports, weight and height of members of the athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. "Education Records" means those records, files, documents, and other material which contain information directly related to a student and which are maintained by an education agency or institution. The term does not include records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto which are in the sole possession of

the maker thereof and which are not accessible or revealed to any other person except a substitute. The term does not include records on a college student which are created or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in his professional or paraprofessional capacity, and which are created, maintained, or used only in connection with the provision of treatment to the student, and are not available to anyone other than persons providing such treatment, provided, however, that such records can be personally reviewed by a physician or any other appropriate professional of the student's choice. The term "Education Records" does not include records made and maintained in the normal course of business which relate exclusively to an employee of the institution and are not available for use for any other purpose.

Categories, Locations, Sources, and Routine Uses of Records: Records pertaining to students are kept in the following offices: Business, Counseling, Registrar, Student Life, Financial Aid, and Career Services.

Inquiries: Inquiries may be addressed to the chief administrative officer of any of the offices in which records are kept until such time as one person in the College is designated as the one in charge of all aspects pertaining to the Family Educational Rights and Privacy Act.

Record Access Procedures: The student and/or the parent (whichever is entitled to have access to records) may request permission, in writing, to see a particular record pertaining to the student, after which the College will show the particular item or record or make a copy of the particular item or record at the expense of the student or parent. The charge is fifteen cents per sheet. The student or parent will have access to the record as soon as reasonably feasible, but no later than forty-five days after the request has been received or by whatever time is allowed by amendments to the law.

Office and Review Board: A student will be provided a hearing at Bryan College to challenge records on grounds that the records are inaccurate, misleading, or otherwise inappropriate.

Statement of Good Faith: Bryan College accepts the intent of this law, the Family Educational Rights and Privacy Act, as a worthy goal and will endeavor to work within the guidelines of the law as they are understood at this time. As additional clarifications are made, adjustments will be made in the policies at Bryan College with respect to this law. Anything, therefore, that is included in this section of the *Catalog* that is in conflict with interpretation of the guidelines that have been or will be provided by federal government will give way to such interpretations. Information contained in this *Catalog* cannot of necessity be all-inclusive of the guidelines provided by the law, but it does serve its purpose in notifying parents and students of their primary rights as provided by the Family Educational Rights and Privacy Act.

Addendum: As of January 3, 2012, the U.S. Department of Education's FERPA regulations expanded the circumstances under which education records and personally identifiable information (PII) contained in such records — including Social Security Number, grades, or other private information — may be accessed without the student's consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to records and PII without consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to education records and PII without consent to researchers performing certain types of studies, in certain cases even when we object to or do not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive your PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without consent PII from education records, and they may track participation in education and other programs by linking such PII to other personal information about students that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military service, and migrant student records systems.

Completion Rates

In compliance with federal regulations, the following information shows the rate at which students complete their programs of study.

Full time, first time freshmen entering in fall of 2006 (197 students)

Students graduated by August 2010 (4-year completion rate) - 81 or 41%

Students graduated by August 2011 (5-year completion rate) - 94 or 48%

Students graduated by August 2012 (6-year completion rate) - 96 or 49%

Total number of graduates: 96

The student/faculty ratio is 16:1

Title II of the Higher Education Act

In compliance with reporting regulations of Title II of the Higher Education Act, the Education Department of Bryan College reports the following for the 2010-2011 reporting year:

- Summary Pass Rate on the required Praxis II examinations:
 - Bryan College licensure program completers – 100%
 - State of Tennessee – 96%
- Praxis II Professional Knowledge Pass Rate:
 - Bryan College licensure program completers – 100%
 - State of Tennessee – 98%
- 20 students completed the licensure programs with an average of 450 hours of supervised practice teaching. The student-faculty ratio for the supervised practice teaching was 10:1.
- Bryan College has been approved by the Tennessee State Board of Education for teacher education and licensure.

Comment on Praxis II pass rates: Though we are a small institution and each of our students can affect our pass rate in a disproportionate way we do not require the passing of the Praxis II before student teaching. Neither do we fail a student in student teaching if they do not pass the Praxis II. Therefore our Praxis II pass rates accurately reflect our performance on that instrument and demonstrate respect for research and provide data which can be used to improve and strengthen our program. The pass rates of other teacher preparation programs can sometimes be inflated by methods described above and should be considered in light of how they are actually achieved. This also inflates the State pass rates to which we must compare those of Bryan College.

SCHOOL OF ARTS & SCIENCES

COMMON ACADEMIC DEFINITIONS

Academic department: An organizational structure comprised of one or more academic majors that are similar in discipline.

Academic division: An organizational structure comprised of multiple academic departments that share certain distinctives within the liberal arts.

Academic program: A course of study within an academic department that does not lead to a degree. A program may be a minor or an option/concentration.

Activity course: A course that emphasizes and is dependent upon performance and participation as well as intellectual comprehension. Typical activity courses are exercise and health science activities, music ensembles, drama workshops, publication workshops, etc.

Core: A cluster of required common courses in a major, generally 15 or more credit hours.

Discipline: A generally recognized area of academic and scholarly inquiry.

Lab course: A course which contains structured, prescribed laboratory experiences which are essential to the students' understanding and comprehension of the subject being studied.

Load: The total number of semester hours taken by a college student. The average full-time student will carry a load of 15-16 semester hours each semester. The minimum load for a full-time student is 12 semester hours. The normal maximum load is 18 semester hours.

Major: A focused study in one or more disciplines that includes a minimum of 30 semester hours beyond the 100-level foundational courses with at least 40 percent of the total required semester hours at or above the 300-level. A major is comprised of specific core courses and may contain options for specialization.

Minor: A focused study in a single discipline that consists of a minimum of 18 semester hours with at least 30 percent of the total required semester hours at or above the 300-level.

Option: An approved cluster of courses that permits specialization within a major, which is generally 12 or more credit hours.

Semester hour: The basic unit of academic credit granted by Bryan College. One semester hour is equal to 15 hours of class work with appropriate out-of-class assignments or 45 hours of laboratory work. A class which meets three hours a week for a semester will ordinarily carry three semester hours credit.

**DIVISION OF CHRISTIAN
STUDIES AND PHILOSOPHY**

DIVISION PURPOSE STATEMENT

The Department of Christian Studies and Philosophy provides the coursework in biblical studies, biblical languages and culture, theology, philosophy, and Christian thought to encourage and support an informed biblical worldview and Christian lifestyle. The department also provides the professional educational component for prospective Christian leaders to prepare for service. The department works with other departments and programs on and off campus to provide the necessary experiences and biblical foundation that prepare individuals for further study and service.

Educational Objectives

. . . The Division will provide coursework for the Bryan College community in the areas of Bible, ancient languages, philosophy, and Christian Ministry.

. . . Students will become competent in their chosen fields of Bible, ancient languages, philosophy and Christian thought, or Christian Ministry so that they may enter professional ministry or pursue graduate studies in these fields.

Faculty

Emeriti:	John C. Anderson and Alan N. Winkler
Professors:	Paul C. Boling, C. Judson Davis (Chair), Peter Held, Scott W. Jones, and Kenneth J. Turner
Assistant Professors:	Matthew Benson, Jeff Eenigenburg, and John B. Stonestreet
Instructor:	Benjamin Norquist

Academic Programs

Majors Available: Biblical Studies, Christian Ministry, Christian Thought

Minors Available: Biblical Languages, Biblical Studies, Greek, Missions,
Philosophy, Youth Ministry

Educational Objectives

1. The division will promote academic excellence and critical thinking.
2. Students will gain a foundational knowledge of the Bible and understand its relationship to other worldviews and other disciplines especially relating to their anticipated vocations.
3. Students will learn to read the Bible in its original languages and in light of the ancient cultures in which the original documents were given as well as in light of God’s intended communicative purpose to all audiences throughout all times.
4. Students will gain foundational knowledge in the art and science of Bible study with a special emphasis on how these principles relate to spiritual formation and major themes of biblical theology.
5. Students will engage culture, including educational and psychological theories, and its impact on thinking Christianly in order to thoughtfully respond to challenges to the Christian worldview.
6. Students will exhibit competencies as professionals and leaders in a variety of ministry settings.
7. Students will be prepared for graduate work in ministry, biblical studies, Christian thought, and philosophy, as well as professional programs such as law.

Acceptance as a Major in the Division

1. Students applying for a major in the Christian Studies and Philosophy Division must have and maintain a 2.5 GPA.
2. Candidates must submit a brief written statement of intent to the head of the division by the end of the sophomore year.

DEPARTMENT OF COMMUNICATION STUDIES

Purpose Statement

The Department of Communication Studies provides students the opportunity to examine, study, and practice the principles and processes of the traditional and artistic forms of human communication.

Educational Objectives

1. Students will develop their abilities to speak, listen, and think logically, clearly, and critically prior to graduation.
2. Students will formulate a worldview which is informed by an understanding of biblical truth as well as the contemporary issues.
3. Students will develop an appreciation for the unique cultural and religious heritage with which they are entrusted as Christians in a democratic society.
4. The department will prepare students for graduate work or entry-level employment in those fields related to the discipline.
5. Students will develop communication competence in a variety of settings.
6. Students will evidence knowledge in the characteristics, history, and techniques of performance.
7. The department will provide cultural activities to address the needs of the College and community.

Requirements for a Major in Communication Studies

Students may choose one of four Communication Studies options:

1. Communication Studies
2. Communication Studies-Corporate Communication Option
3. Communication Studies-Film and Media Option
4. Communication Studies-Journalism Option

All majors are required to take 36 hours. This includes a required core of 19 hours as well as 17 hours of electives and/or courses required for the option. In the sequences outlined below the Communication Studies core is listed in regular type and the electives and/or option are listed in *italics*. Additionally, the Department offers a major in Theatre.

Acceptance into and Continuation of the Communication Studies Major

During the semester in which the student completes 58 semester hours of credit (usually the second semester of the sophomore year), he or she should apply for official admission to the Communication Studies major. Transfer students should consult with their academic adviser during their first semester of enrollment at Bryan regarding this requirement. Students will only be formally accepted into the Communication Studies major upon the positive recommendation of the Communication Studies faculty.

Acceptance into and Continuation of the Theatre Major

During the semester in which the student completes 58 semester hours of credit (usually the second semester of the sophomore year), he or she should apply for official admission to the Theatre major. Transfer students should consult with their academic adviser during their first semester of enrollment at Bryan regarding this requirement.

Students will only be formally accepted into the Theatre major upon the positive recommendation of the Theatre faculty. At the end of their sophomore year, prospective majors will schedule an interview with the department faculty. The faculty will then evaluate each student's performance proficiency, professional goals, and his or her ability to succeed in the discipline based on the attainment of the following minimum criteria: (1) a minimum grade of B- in every Theatre related course, (2) a cumulative GPA of 2.3 at the time of application to the major, and (3) the satisfactory completion of the application forms and supplementary information required by the Department of Communication Studies and Theatre faculty.

Extra-Curricular Requirement

Communication and Theatre majors are required to participate in and document the following extra-curricular activities each semester:

1. Cultural and Creative *Appreciation* Activities (2 required per semester). Students will view live events such as plays, film festival, lecture series, art shows, concerts, museums, debate competition, etc. Students will document attendance with playbills, brochures, programs or ticket stubs.
2. Cultural or Creative *Participation* Activity (1 required per semester). Students must take an active role in activities such as play cast or crew, film crew, Triangle staff, Commoner staff, Intercollegiate Debate, Art Show, etc.) Students should consult with their adviser on the acceptability of activities not listed above.

An *Extra-Curricular Activity* form will be available through the Department of Communication Studies. Students must complete and submit the form to their adviser during each preregistration period. Students who do not have this form completed will be blocked from registering for the following semester.

DEPARTMENT OF HISTORY, JUSTICE, AND GOVERNMENT

The Department of History, Justice, and Government provides a natural forum for the merging of three major, academic, disciplines: The discipline of Historical Studies, the discipline of Political and Governmental Studies, and the discipline of Criminal Justice. History, Justice & Government serve to advance the Great Commission: We cannot go into the world without an understanding of history, i.e., of the peoples and events that unfolded before our time; and we cannot survive, let alone thrive, in the world, where Christ would have us serve, without an understanding of the politics, governments and laws that frame the portals, through which we would pass, in our commissioned service.

Purpose Statement

Just as all knowledge has religious thought at its foundation, all knowledge is a compilation of historical thought, to include political thought, as well as studies and research into government and governmental affairs. The Department of History, Justice, & Government effectively links three complementary and foundational disciplines into one department to create a synergy to better serve God's Purposes at Bryan College.

The Historical Studies discipline provides students with a background in the proper techniques for evaluating historical works, engaging in professional methods of historical research, and developing advanced writing and oral presentation skills.

The Politics & Government discipline has, as its foundational premise, the education and personal development of students, by providing insight into political and governmental stewardship, based upon an integrated understanding of the Bible. The linkage of a Christian worldview to one's ability to appreciate how political and governmental studies contribute to 21st Century America and the wider world in which we live and serve, is the primary focus of this discipline.

The Justice Studies (including the Criminal Justice major) discipline has as its foundational premises that Justice has an objective definition, that the Rule of Law is crucial, and that both legitimate punishment for properly defined crimes and individual liberty (substantively and procedurally through Due Process of Law) are equally important.

Educational Objectives

1. Students will develop an adequate knowledge of content, critical thinking skills, and knowledge of how their discipline(s) influence the present day culture.
2. Students will evidence a personal, integrative perspective regarding faith and their discipline; and an ability to apply that perspective to the community in which they live.
3. Students will evidence critical thinking and problem solving skills from a biblical worldview in oral and/or written forms in order that they will be prepared to make a difference in our changing world.
4. The department will provide students with an adequate preparation for graduate school or vocation.

DEPARTMENT OF MUSIC

Purpose Statement

The Department of Music provides professional preparation for students seeking careers in music or music-related vocations and offers instruction for students seeking life-long learning experiences in music.

Educational Objectives

1. The Department will provide a thorough music education in both theoretical and practical aspects.
2. Students will develop their individual skills and their philosophy of music, to include the integration of faith and learning.
3. Students will evidence the competencies and attitudes needed to guide others toward greater musical understanding and participation.
4. Students will develop increasing awareness of a variety of musical styles.
5. Students will evidence an awareness of new concepts of music, including familiarity with musically related technologies involving creation, performance, and pedagogy.
6. Students will synthesize knowledge and apply it in practical situations.
7. Students will contribute to musical activities in both the College and the wider community.

Music Evaluation and Placement

1. Candidates for admission to the music program must meet the general requirements for admission to the College and must appear for an audition during registration for placement in private lessons and keyboard proficiency.
2. Candidates must demonstrate sufficient background in at least one performing medium which will be considered their area of concentration. The following are acceptable as “major” instruments:
 - a. Piano, voice, organ, brass or woodwind instrument for which the College has a resident instructor.
 - b. Other instruments on approval by the Head of the Department if the student is willing to take private lessons elsewhere from an approved teacher.

KEYBOARD SKILLS REQUIREMENTS

All music majors must demonstrate proficiency in keyboard skills. Piano Performance and Pedagogy students prepare skills for Sophomore Platform. Music Education students must pass the piano skills test. All other non-piano music majors will meet their piano skills requirements by passing the keyboard proficiency courses required for their programs. All incoming music majors must audition for piano skills evaluation. It is possible to test out of one or more semesters of keyboard proficiency classes.

MUSIC LESSONS

Private lessons in piano, voice, and organ are available to all students who wish them. Students who have not taken music lessons previously at Bryan College should audition for the music faculty during registration. Music majors must take music lessons according to their major option requirements. Any student studying privately who is qualified to participate in recitals or other programs during the year is expected to do so.

Music Lesson/Recital/Platform Requirements

All music majors take a minimum of four semester hours of private study in one area of concentration. Most options require an additional 4-10 semester hours of private study in the same area.

Music Examinations: Music majors will perform before the music faculty at the end of each semester.

Sophomore Platform Evaluation: During the sophomore year, a performance test will be scheduled for each music major. Both musical and academic progress will be reviewed, which will lead to an assessment of the advisability of the student continuing as a music major.

Junior Recital Requirements: Students choosing the performance option will give a half-hour recital in their junior year.

Senior Recital Requirements: Students in the performance option will present a one-hour recital in their senior year. Those completing the Music Ministry/Church Music, Music Education, and Piano Pedagogy options will present a half-hour recital in their senior year. The recital may be given either semester of the senior year. A recital for those completing any of the other options is optional.

Recital Attendance Policy: All music majors are required to attend all on-campus programs presented by the Department of Music.

DIVISION OF LITERATURE AND MODERN LANGUAGES

DIVISION PURPOSE STATEMENT

The Division of Literature and Modern Languages prepares students for a variety of professional career opportunities and graduate education by deepening their understanding of language and literature within a variety of cultures, and developing a dedication to Christian living that is spiritually dynamic and intellectually rigorous, growing out of an abiding love for words and their meaning. The division also teaches students to express their ideas through clear, persuasive communication - to be “able to make a defense for the hope that is within” them.

Educational Objectives

. . . Students will develop a competent knowledge of their chosen academic discipline

. . . Students will evidence an integrative awareness and understanding of their academic discipline and their Christian faith, and apply this understanding to a changing world through critical thinking and problem solving in a variety of cultural contexts.

DEPARTMENT OF ENGLISH

Purpose Statement

The Department of English seeks to help students improve their abilities, both as individuals and parts of cooperative groups, to think critically and creatively, to communicate effectively, to appropriately evaluate and enjoy literature, and to develop a sound understanding of the roles of language and literature in the Christian view of life.

Educational Objectives

1. Students will develop the ability to think clearly, logically, critically, and creatively in the light of biblical truth and divine creation.
2. Students will develop competence in reading, writing, speaking, and listening effectively.
3. Students will develop abilities to understand, appreciate, and apply the basic terms, techniques, facts, and interpretations of literature as seen in representative passages and selected masterpieces.
4. Students will learn to appreciate the history and grammatical structure of the English language.
5. Students will formulate a biblically based and Christ-centered outlook on language, literature, and life--including consideration of truth, standards, morality, freedom, and responsibility.
6. Students will engage in a variety of collaborative learning experiences.
7. The department will prepare students (especially majors) for graduate work, teaching, and workplace-related or personal communication activities.
8. The department will provide the College and the general public with educational and entertaining literary and linguistic programs as well as consultative services.
9. The Writing Center will
 - a. provide students with opportunities to learn and exercise skills in writing.
 - b. provide students with the opportunity to receive help on writing projects across the curriculum.
 - c. support writing across the curriculum.
 - d. establish service learning partnerships in the Dayton community.
 - e. support active participation in regional and national writing centers and conferences.

DEPARTMENT OF LANGUAGES AND LINGUISTICS

Purpose Statement

The Department of Languages and Linguistics provides students with coursework in ancient and modern languages as well as experiences in the scientific analysis of language in order to fulfill core curriculum requirements, support other majors, minors, and concentrations, and provide specific programs that meet the professional and educational needs of graduates.

Educational Objectives

1. In modern languages students will:
 - gain listening, reading, and writing skills in the target language.
 - become familiar with the literature, value systems and customs of other cultures that speak the target language.
 - develop oral and translations skills in the target language.
2. The linguistics student will:
 - identify the origin and structure of languages.
 - analyze the morphological and syntactic structure of languages.
 - understand and use principles of sound systems.
 - apply the various sub-disciplines of linguistics.

+Students majoring in Spanish are required to complete 12 hours in an approved study-abroad program. Students may participate in either one semester or two summer programs with KIIS (Kentucky Institute for International Studies) or another approved program.

** With departmental approval a similar course in a study abroad program may be substituted.

Requirements for a Minor in Spanish

Eighteen hours are required for a minor in Spanish:

SPAN 211-212 Intermediate Spanish I & II	6 hours	SPAN Electives (300 or 400 level)	9 hours
SPAN 324 Advanced Grammar & Composition	3 hours		

Placement and Proficiency Tests

Students who have acquired knowledge of a foreign language through high school courses, residence abroad, or private study may take a placement test, the results of which will become the basis for initial placement in elementary, intermediate, or advanced courses. Tests are available in French, German and Spanish. Note that Bryan College does not offer instruction in German. These tests are given at the opening of the academic year or by special arrangement with the Head of the Department of Languages and Linguistics.

LIBERAL ARTS PROGRAM

Purpose Statement

The Liberal Arts program provides students with breadth and depth of education in the humanities, natural science, social science, and biblical studies that assist them in making a difference in today's world by enabling them to strengthen their educational foundations, develop a Christian worldview, engage the culture, explore the arts, and understand the natural world.

Educational Objectives

1. Students will develop communication skills that evidence a broad ability to speak, write, and think clearly and critically.
2. Students will develop critical thinking skills that enable them to relate ideas historically and logically, and compare and contrast competing views.
3. The program will provide students with a wide ranged interdisciplinary course of study that facilitates the development of the competencies listed in the previous objectives.

DIVISION OF NATURAL SCIENCE

DIVISION PURPOSE STATEMENT

The Division of Natural Science introduces students to the history, methodology, and discoveries of science, computer science, and mathematics through classroom, laboratory, and field experience, so that they can more fully understand God's creation and thereby know the Creator better, serve others more effectively, and execute responsible dominion over the creation.

Educational Objectives

. . . Students will develop an integrative knowledge of the sciences and mathematics and a desire to continue pursuing this knowledge.

. . . Students will demonstrate their recognition that the sciences are a means of better knowing themselves and others and their commitment to continue using such knowledge to care for themselves and others.

. . . Students will become more environmentally responsible and will display attitudes and habits regarding the environment based upon knowledge of the Bible and the sciences.

. . . Students will develop a knowledge of the sciences and mathematics that is foundational for future vocations and education.

DEPARTMENT OF BIOLOGY

Purpose Statement

The Department of Biology introduces students to the history, methodology, and discoveries of life sciences through classroom, laboratory, and field experiences, so that they can explore and understand God's creation more fully, serve others more effectively, and execute responsible dominion over creation.

Educational Objectives

1. Students will develop their knowledge and understanding of the life sciences so that they may recognize and appreciate the Creator of all life and so that they may become responsible stewards of the creation.
2. Students will adopt safe laboratory techniques and procedures.
3. Students will solve problems using standard scientific methods in biology, and will satisfactorily communicate their findings, both orally and in writing.
4. Students will develop attitudes and habits based upon an integrated knowledge of both the Bible and the natural sciences. They will evaluate philosophical and ethical issues in the life sciences with reference both to biblical standards and to scientific data.
5. Biology majors will do all of the above, and in addition will exhibit competence in biology at the level required for vocations in biology, including secondary school teaching and entrance to nursing, medical and graduate schools.

All biology majors are required to complete the core curriculum, common core, and collateral courses and then select additional biology electives as outlined below.

The department encourages additional coursework or summer research programs in either the AuSable Institute, the Coalition for Christian Colleges and Universities' Field Biology Station in Michigan, or at university or national research laboratories.

MAJOR IN LIBERAL ARTS/NURSING

Together with Vanderbilt University in Nashville, Tennessee, Bryan College has developed a 3+2 Nursing Program that leads to a Bachelor of Science in Liberal Arts/Nursing from Bryan College and a Master of Science in Nursing from Vanderbilt. The student completes three years in residence at Bryan College and two years in residence at Vanderbilt. The baccalaureate degree is awarded at the completion of the fourth year in the program. Vanderbilt awards its master's degree upon the completion of the fifth year in the specialty area of nursing.

Students attend Bryan College for three years, taking a basic liberal arts program of 97 hours (including 33 hours in natural science). At the beginning of the junior year, students having a 3.0 grade point average or higher take the general Graduate Record Exam (GRE), make application to the Vanderbilt program, and schedule an interview date during the fall semester with the Vanderbilt School of Nursing in order to apply for admission to their "Bridge" nursing program.

When students are accepted by Vanderbilt and complete 30 hours during the first two semesters with a C grade or higher, they will be awarded the B.S. in Liberal Arts/Nursing from Bryan College. Bryan College does not require a student to pass the national licensing R.N. exam or be accepted in the fifth-year Master of Science in Nursing Program to earn the baccalaureate degree.

Note that not all students who select this nursing option will necessarily be accepted into Vanderbilt University's program, and some may wish for personal reasons not to complete the program. Therefore, Bryan College provides a fourth-year schedule of courses that will lead to the standard Liberal Arts Degree.

All students interested in this 3+2 nursing program should contact the Head of the Department of Biology.

DEPARTMENT OF MATHEMATICS AND COMPUTER SCIENCE

Purpose Statement

The Department of Mathematics and Computer Science offers courses which cultivate mental habits of accuracy and logical reasoning, develop the ability to communicate ideas in the language of mathematics, foster a knowledge of the place of mathematics and computer science in the history of the world, and equip students to use modern computer technology.

Educational Objectives

1. Graduates will develop competent basic skills in arithmetic and algebra.
2. Students from other disciplines will develop a working knowledge of the mathematics and computer technology required by their majors or minors.
3. Departmental majors will exercise problem-solving ability using mathematical and logical reasoning.
4. Departmental majors will use computers and calculators to explore, solve problems, or teach others.
5. Departmental majors will express and understand information in the language of mathematics.
6. Departmental majors will recognize how mathematics and computer science interface with other disciplines.
7. Departmental majors will grasp historical and philosophical contexts of mathematics or computer science, especially as they relate to the Christian faith.
8. Departmental majors will exhibit foundational knowledge necessary for careers or further study in fields related to mathematics and/or computer science.
9. Departmental majors will exhibit skills in the use of computer programming languages.

The department offers the Bachelor of Arts (B.A.) in Mathematics, Bachelor of Science (B.S.) in Mathematics, with options in either Secondary Licensure or Applied Mathematics and Computer Technology, and minors in both Computer Science and Mathematics.

DIVISION OF SOCIAL SCIENCE

DIVISION PURPOSE STATEMENT

The Division of Social Science educates students for professional careers and graduate school in the disciplines of business, education, exercise and health science, politics & government, and psychology and helps students to form an integrative worldview within their chosen discipline.

Educational Objectives

. . . Students will develop a competent content knowledge, understanding, and critical thinking skills regarding their chosen discipline and how their discipline impacts our technological society.

. . . Students will evidence a personal, integrative understanding between their Christian faith and their chosen discipline as well as an ability to apply that integrative perspective to the various practical issues within their discipline.

Pre-Law/Business Studies

The Business Administration major is also an excellent alternative for students anticipating law school. Much of contemporary law is commercial in nature and involves business. It is an excellent foundation for the joint JD/MBA program.

Most law schools do not prescribe a definite prelegal curriculum for applicants. However, they do prefer a broad liberal arts education in areas not closely related to law. Many strongly recommend knowledge in accounting, economics, and finance. Therefore, the Bachelor's Degree with a major in Business Administration is excellent preparation for the JD or the joint JD/MBA. To round out the program, students are encouraged to supplement their major with elective courses in communication studies, English, and history.

DEPARTMENT OF EDUCATION

Conceptual Framework for Teacher Education

The conceptual framework which guides the activities of Bryan College's Education Department is based on our mission "to train teachers in content and pedagogy in the context of a Christian worldview".

While the first part of this statement, "to train teachers in content and pedagogy" makes Bryan's program typical in comparison to other teacher education programs, it is not what makes us distinctive. The second part of our mission statement says "...in the context of a Christian worldview." This means many things to our institution.

Among these are:

1. To develop a Christian worldview, one must engage in a serious study of the Bible. All students at Bryan take at least 12 hours in biblical/Christian studies. This includes courses in both the Old and New Testaments as well as practical courses in Christian apologetics, and worldview.

2. Bryan College encourages discussion in all courses as to how course content and in fact, the world is understood when viewed through the lens of biblical Christianity.

3. Many practical experiences are created for Bryan students in which they can apply their worldview in real-life situations.

Our vision is to develop reflective Christian educators who will demonstrate their faith in the way they carry out their duties as a teacher even when speech about the specifics of their faith is limited. One concept central to what we teach is the unlimited worth of each of their students as unique creations of God. This is foundational to our view that diversity is to be celebrated at all levels of society and especially in our schools.

Purpose Statement

The Department of Education provides the professional education component for prospective teachers and coordinates with a variety of other departments and programs on and off campus to offer the necessary knowledge and experiences that prepare individuals for the teaching field.

Educational Objectives

1. Licensure candidates will become competent teachers.
2. Licensure candidates will analyze educational issues in the light of biblical truth.
3. Licensure candidates will display an understanding of the development and needs of children of various ages.
4. Licensure candidates will develop and evidence thorough knowledge of the subject field in which they will be teaching.
5. Licensure candidates will display a knowledge of historical and philosophical foundations that underlie the field and an ability to understand contemporary issues in the light of those foundations.
6. Licensure candidates will evidence the knowledge and skills to apply effective instructional methodology in PreK – 12th grades.
7. The department will present a model for teaching licensure candidates the responsibilities of their work as Christian teachers in both public and private settings.

Program Approval

The Department of Education offers teacher education programs approved by the Tennessee State Board of Education. Students successfully completing one of these programs with adequate scores on the Praxis II Examinations

and upon recommendation of Bryan College will be eligible for a teaching license from the state of Tennessee. Bryan College reserves the right to revise published licensure programs at any time to reflect decisions and directives from the Tennessee Department of Education.

The teacher education program is also approved by the Association of Christian Schools International (ACSI) and graduates who complete the approved licensure program receive a certificate which is recognized by ACSI-member Christian schools.

Acceptance as a Teacher Licensure Candidate

All students seeking teacher licensure in any of Bryan's licensure programs must be accepted by the Education Department into the teacher licensure program. Students wishing to secure teaching credentials based on their work at Bryan should apply for admission to the teacher licensure program as early in their college career as possible. Students who enter Bryan as freshmen should apply by the end of their sophomore year. Transfer students should apply during their first semester at Bryan. Transfer students should not expect to complete a teacher licensure program in less time than the number of semesters they have remaining in their four-year program for the Bachelor's degree. In some cases a transfer student may need more time than the remaining semesters of the standard four-year degree program.

Students filing applications for admission to the teacher licensure program will only be accepted upon recommendation of the Teacher Education Committee. The Committee will consider the student's scholastic, social, physical, and moral qualities in light of the demands and responsibilities of the teaching profession. Criteria that must be met for acceptance into the teacher licensure program include: a minimum cumulative grade point average of 2.9, a minimum ACT score of 23 or SAT (critical reading/math) score of 1020, the satisfactory completion of the application forms and supplementary information required by the Department of Education and an interview with the Teacher Education Committee. All licensure candidates must complete 30 hours of practicum before being accepted into the teacher licensure program. All licensure candidates must complete a minimum of 90 hours of practicum before beginning their student teaching experience. (Note regarding practicum: We advise that if it does not pose too great a hardship to the family, education students bring a car to campus in order to successfully manage practicum assignments. If a student does not have a car, we try to accommodate them when possible.)

Students may not take any 300- or 400-level education courses except for EDUC 324 Exceptional Children and EDUC 323 Tests and Measurements until they have passed the ACT or SAT, have a GPA of 2.9 or higher, and have been granted official acceptance into the teacher licensure program by the Teacher Education Committee.

A transfer student may enroll in a 300-level education course during his or her entering semester but must provide an ACT score of 23 or a SAT (critical reading/math) score of 1020 and fulfill **all** requirements for acceptance into the teacher licensure program within that semester. Students who do not fulfill these requirements may not take further 300- or 400-level education courses unless the student did not take EDUC 324 Exceptional Children and EDUC 323 Tests and Measurements during the entering semester.

Types of Licensure Programs Offered by Bryan College

1. A major in liberal arts leading to a Bachelor of Science degree and teacher licensure in grades K-6. Students seeking licensure must complete Bible course requirements, core curriculum requirements, professional education requirements, and major requirements outlined below under “Requirements for Elementary Licensure” and elsewhere in this *Catalog*.
2. A major in music education or physical education leading to a Bachelor of Science degree and teacher licensure in grades K-12. Students majoring in music education or physical education seeking K-12 teacher licensure must complete Bible course requirements, core curriculum requirements, professional education requirements, and major requirements outlined below and elsewhere in this *Catalog*.
3. A major in Spanish leading to a Bachelor of Science degree and teacher licensure in grades PreK-12. Students majoring in Spanish seeking PreK-12 teacher licensure must complete Bible course requirements, core curriculum requirements, professional education requirements, and major requirements outlined below and elsewhere in this *Catalog*.
4. A major in a focused study in one or more disciplines leading to a Bachelor of Science degree and teacher licensure at the secondary level. Students majoring in Biology, English, History, or Mathematics seeking secondary teacher licensure must complete Bible course requirements, core curriculum requirements, professional education requirements, and major requirements outlined below under “Requirements for Secondary Licensure” and elsewhere in this *Catalog*.

Applicants and students who desire further information on teacher licensure should consult with a faculty member in the Department of Education. Applicants may also contact the Office of Admissions for information.

Licensure in Other States

Because the College is approved by Tennessee’s Department of Education, many states recognize the completion of Bryan licensure programs as meeting their own licensure requirements. A student who wishes to teach in a state other than Tennessee should plan the program in accordance with the requirements of that state, in addition to meeting the requirements of the state of Tennessee. The student should normally secure Tennessee licensure even though licensure may also be sought in another state. Each state’s Department of Education will be glad to furnish information concerning the requirements for licensure.

DEPARTMENT OF PSYCHOLOGY

Purpose Statement

The Department of Psychology attempts to develop graduates who have strong personal identity and interpersonal skills to become professionally competent in their knowledge of the discipline of psychology; this includes a personalized, integrative understanding of how their faith interacts with psychology.

Educational Objectives

1. Students will develop an adequate knowledge of psychology as a discipline, critical thinking skills, and a knowledge of how psychology impacts the present day culture.
2. Students will evidence a personal, integrative perspective regarding faith and psychology; and an ability to apply that perspective to the practical world in which students live.
3. The Department will provide students with an adequate preparation for graduate school.
4. Students will evidence critical thinking and problem solving skills from a biblical worldview in order that they will be prepared to make a difference in our changing world.

Psychology Department Integrative Position Paper - Fall 2003

The Psychology Department attempts to train students in the content knowledge of the discipline, while providing a distinctively Christian worldview in the study of psychology. This is done on a practical level by choosing a secular text to teach the content knowledge, plus an integrative text that explores the integrative issues in that area of the discipline. Thinking Christianly about psychology involves how we view God (God-view), how we treat and respect His Word (Bible-view), and the unique lens we use to view the world around us (world-view). A proper perspective and faith understanding of God and His Word is necessary in developing a Christian worldview. Psychology without God is like watching a 3-D movie without glasses; it is fuzzy at best.

The Psychology Department's Theme Verse is: *"The Sovereign Lord has given me an instructed tongue, to know the word that sustains the weary. He wakens me morning by morning, wakens my ear to listen like one being taught". (Isaiah 50:4)*

This theme verse highlights the department's assumption that God's Word provides the framework for our personal pain. Integration sees the Bible as a sifting grid. Psychology is then poured through that sifting grid. Whatever falls through agrees with biblical principles and is thus good for use in counseling. Whatever does not fall through the grid, does not agree with biblical principles, and therefore should not be used in counseling, or applied to one's life.

Jesus stated in Matthew 22:37-39, "Love the Lord your God with all your heart and with all your soul and with all your mind. This is the first and greatest commandment. And the second is like it: love your neighbor as yourself." This command encapsulates the entire discipline of psychology at Bryan College. The Bryan College Department of Psychology's mission is to aid students in their journey of loving and developing eternally meaningful relationships with God, others, and self.

This journey takes a lifetime to complete. Philippians 1:6, "Being confident of this, that he who began a good work in you will carry it on to completion until the day of Christ Jesus." The healthy personality flows out of the work of the Holy Spirit: love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control. The Holy Spirit is an active agent in personal growth" (Walker, 2003). Human beings must rely on God's provision and the "body" for enabling them to become what we could never become through our own effort. "He is the head of the body, the church" (Galatians 1:18), and He wants to work in and through us. The Psychology department is about equipping its students to help God's people on the journey. Larry Crabb puts it this way, "It's about learning a language that has the power to pull back the curtains on our soul, to move through the mess, and to help each other discover that what we really want is God" (Soul Talk, p. 9).

God's children are fallen image bearers who struggle with how to reflect that image more accurately. We are fallen creatures in a fallen world that desperately want to avoid the pain of this world's fallenness. Pain in life is inevitable; misery is optional. Misery is our fleshly attempt to make this life work without complete dependency on God. Our lust for control, waywardness and sinful self-reliance block the Spirit's desire to appropriate God's grace in each of life's circumstances.

A theology of suffering is how to spiritually respond to the fallenness of this world without increasing our pain and without dishonoring our Lord. Counselors have the unique privilege of teaching this theology of suffering to clients that come to them with shattered lives and dreams. Counseling is the surgical application of God's Truth to a particular person's need at a particular time in their lives. That discernment requires God dependency and a knowledge of the human heart. Psychology can help prepare the heart to receive the Word of truth but it does not add to or otherwise augment God's Truth.

We encourage our majors to minor in Bible to better develop this necessary dual competency in God's Word and the discipline of psychology. Finally, psychology and counseling are envisioned by this department to be servants of the church to inspire and instruct towards greater Christlikeness for God's ultimate glory. To quote John Piper, "God is most glorified in us when we are most satisfied in Him."

3 + 2 Program with Richmond Graduate University

The 3+2 program offers students the opportunity to complete a Bachelor of Arts with a major in Psychology from Bryan College and a Master of Arts in Professional Counseling from Richmond Graduate University in as little as five years. Participants in the program will complete three academic years at Bryan College, fulfilling all major requirements and all but five hours of core curriculum (100 credit hours). During the three years at Bryan College, five courses within the major are completed as enriched courses and the student must earn no lower than a B (3.0) in each course. These five courses will then be accepted to Richmond Graduate University. After completing an additional 24 hours of graduate courses at the Richmond Graduate University campus, the student will be awarded a Bachelor of Arts from Bryan College.

Acceptance into the Psychology Major

The psychology major is open to all undergraduate students in good academic standing (2.0 cumulative GPA or higher). An essay, two pages in length, on the topic of “Why I Want to Major in Psychology,” is also required. Students are encouraged to apply to the major no later than the end of their sophomore year to aid in proper advising for degree completion.

Additionally, majors desiring to complete the 3+2 program with Richmond Graduate University must apply by the third Monday of February during the freshmen year; have a personal interview; earn a 3.0 cum gpa; have completed at least one major course; and have submitted a 500 word autobiographical essay with rationale for wanting to be a counselor. For more information please contact the department.

SPECIAL PROGRAMS

COOPERATIVE STUDY PROGRAMS

Cooperative Study Programs are available to degree-seeking students who have attended Bryan College for at least one full time semester. Students must be recommended by Bryan faculty and meet admission requirements for the program in which they are interested.

Bryan College is a member of the Council for Christian Colleges and Universities (CCCU). One of the benefits of that membership is the opportunity for students to participate in the CCCU partnerships offering off-campus, concentrated studies in specific disciplines. Those programs that are currently active at Bryan College are shown below. Students interested in opportunities other than those listed should request the CCCU *Best Semester* catalog from the Academic Office and also consult their adviser.

Council for Christian Colleges and Universities

Contemporary Music Center (CMC)

Ms. Megan Sokolowski, Director

Melvin L. Wilhoit, Campus Contact

The Contemporary Music Center provides you with the opportunity to live and work in the refining context of community while seeking to understand how God will have them integrate music, faith and business. The CMC offers three tracks: the Artist, Business and Technical Tracks. The Artist Track is tailored to students considering careers as vocalists, musicians, songwriters, recording artists, performers and producers. The Business Track is designed for arts management, marketing, communications and related majors interested in possible careers as artist managers, agents, music publishers, tour managers, concert promoters and entertainment industry entrepreneurs. The Technical Track prepares you for a career in live sound, concert lighting and studio recording. Within each of the tracks you will receive instruction, experience and a uniquely Christ-centered perspective on creativity and the marketplace, while working together to create and market a recording of original music. Each track includes coursework, labs, directed study and a practicum. Students earn 16 hours of credit. Participants in this program will not receive Bryan College institutional financial aid funds.

Latin American Studies Program (LASP)

Mr. Anthony B. Chamberlain, Director

Michelle Pascucci, Campus Contact

Students in the LASP program have the opportunity to live with families and learn in San Jose, Costa Rica. Participants are introduced to a wide range of experiences through the study of the language, literature, culture, politics, history, economics, ecology and religion of the region. Service and travel opportunities are also provided, and students may choose from four concentrations. Students in all concentrations earn 16-18 semester credits. Participants in this program will not receive Bryan College institutional financial aid funds.

Los Angeles Film Studies Center (LAFSC)

Dr. Doug Briggs, Director

Christopher Clark, Campus Contact

The Los Angeles Film Studies Center is designed to train students to serve in various aspects of the film industry with both professional skill and Christian integrity. Students live, learn and work in the L.A. area near major studios. The curriculum consists of two required seminars focusing on the role of film in culture and the relationship of faith to work. Students participate in internships in various segments of the film industry providing them hands-on experience, and earn 16 semester hours of credit. Participants in this program will not receive Bryan College institutional financial aid funds.

Oxford Summer Programme (OSP)

Mr. Stanley P. Rosenberg, Director

Salvatore Musumeci, Campus Contact

The Oxford Summer Programme (OSP) is a program of the Council for Christian Colleges and Universities and Wycliffe Hall, Oxford. Wycliffe Hall was established in Oxford in 1877 with a vision for training godly Christian leaders for the church and is today considered one of the premier theological institutions in the world. The program is designed to enable students to gain a more comprehensive understanding of the relationship between Christianity and Culture and to do specialized work under Oxford academics. The program is appropriate for rising college sophomores, juniors, and seniors. Participants in this program will not receive Bryan College institutional financial aid funds.

Washington Journalism Center (WJC)

Mr. Terry Mattingly, Director

John Carpenter, Campus Contact

The Washington Journalism Center is an advanced, experiential semester on Capitol Hill that will cultivate professional news skills and encourage students to think through the implications of being a Christian working in the news media in a city that is home to the powerful and the powerless. Students will live in a dormitory setting and learn through coursework and an internship. Students will function as professional journalists working in the city and will be required to meet deadlines and hold to industry-level standards of quality. Participants in this program will not receive Bryan College institutional financial aid funds.

Additional Cooperative Studies Opportunities

Kentucky Institute for International Studies (KIIS)

H. Dwight Page, Campus Contact

Bryan College has both semester and summer study abroad opportunities for students through their affiliate membership with the Kentucky Institute for International Studies (KIIS), a consortium of 18 colleges and universities. This program provides opportunities for students to live abroad and learn a foreign language and culture. Semester programs are offered in Spain, France, Germany, and Mexico, and summer programs are offered in these countries, as well as in several other foreign countries. Students may earn credit and financial aid is available. Participants in this program will not receive Bryan College institutional financial aid funds.

Oxford Study Abroad Programme (OSAP)

Salvatore Musumeci, Campus Contact

Bryan has a contractual agreement with Oxford Study Abroad Programme (OSAP) that allows students to apply for a semester of study at Oxford. Courses taken directly through the OSAP program will apply toward the students' degree at Bryan. Students also have the option to include additional weeks of (non-transfer) study with the Summit Ministries Oxford Study Centre Program. Acceptance into the Summit portion of the program is at the discretion of Summit Ministries (Manitou Springs, Colorado), and application must be made directly to them. Federal and state financial aid is available for OSAP, but participants in the program will not receive Bryan institutional financial aid funds.

Other Programs

CENTER FOR LEADERSHIP INITIATIVES (CLI)

Ronald D. Petite, D.P.A., Director

The Center for Leadership Initiatives seeks to provide Bryan students with a biblical understanding of government and law by the study of various political and legal theorists and how their theories manifest themselves in current political and legal issues. Through the Center, Bryan students are also provided with an opportunity to interact with Christians working within the political arena in order for them to obtain a first-hand understanding of how they apply the Christian faith to their work with civil government. The Center also annually hosts the Foundations Forum, a conference for Christians serving in state legislatures, focusing on the applications of the Biblical Worldview to law and economics.

CENTER FOR INTERNATIONAL DEVELOPMENT (CID)

Dennis Miller, M.A., Director

Center for International Development (CID) is an international Christian outreach program designed to provide expertise and assistance in response to learning and educational needs in nations experiencing economic, political, social, cultural, or spiritual transition. CID is committed to bringing the good news of Jesus Christ to those long dominated by atheistic thinking, many of whom have no concept of God. As a result of spiritual bankruptcy, these nations have struggled with creating the ethical and moral base necessary for a complete transition to democratic and free market societies. This ethical and spiritual vacuum provides Christians with a unique opportunity to introduce a Christian worldview into a part of the world desperately needing the guidance that can be provided only by the Gospel of Jesus Christ. CID is dedicated to finding individuals who can effectively reach this and other regions of the globe with this message.

BRYAN CENTER FOR UNDERGRADUATE RESEARCH (BCUR)

Brian Eisenback, Ph.D., and Salvatore Musumeci, Ph.D., Co-Directors

The Bryan Center for Undergraduate Research (BCUR) promotes the academic research endeavors of the college's undergraduate students and supports the college's motto and mission. There is a thoughtful, productive, and necessary tension between the tassel and the cross. The mission is to provide opportunities for students to engage in a number of research projects both on and off campus. The BCUR annual undergraduate research conference is the primary means through which we encourage and promote student research. One of the many advantages of attending Bryan is the opportunity to participate in research. Undergraduates acquire first-hand research experience in their academic disciplines while developing important skills such as critical thinking, information gathering and processing, and effective communication. The BCUR encourages holistic education of the entire person: heart, soul, and mind, so he or she can truly and competently make a difference in today's world.

BRYAN COLLEGE COMMUNITY MUSIC SCHOOL

Sigrid Luther, D.M.A., College Liaison

The Bryan College Community Music School is a program of the music department which offers private music instruction to the Dayton community. The faculty includes members of the College music faculty, students with appropriate training, and teachers from the area who are approved by the department. Lessons are available in piano, voice, and other instruments. The program also includes recitals and other group activities. The Bryan College Community Music School exists to enhance college - community relations, uplift the cultural level of the community, and provide a laboratory situation for college piano pedagogy students who are involved in observation or practice teaching.

THE HONORS PROGRAM

Salvatore Musumeci, Ph.D., Director

The Bryan College Honors Program aims to expose honors students to a wide range of disciplines in order to provide them with a broad base of knowledge. Its aim is to not only provide students with information, but also to shape and instill intellectual skills for critical thinking, reflective reasoning, and dialogue, leading toward an integrated and coherent view of the world within which they will live and operate. Honors students will be challenged to apply their knowledge through research, writing, internships, public service, and college symposia. Students who are interested in the Bryan College Honors Program should visit www.bryan.edu/honors_program.html for more information.

BRYAN'S SEMESTER IN ITALY (BSI)

Matthew Benson, Ed.D., Program Coordinator

Bryan's Semester in Italy enables the student to study at the Saints Bible Institute in San Lorenzo, Italy. Students will take courses taught by Bryan College faculty in a modular format. Courses include field trips to relevant historical sites. Students may earn up to 19 credit hours toward their Bryan College degree.

SUMMIT SEMESTER – PAGOSA SPRINGS, COLORADO

Bradford Sample, Campus Contact

Dustin Jizmejian, Summit Semester Director

The Pagosa Springs Summit facility is located in the Colorado Rocky Mountains where as many as thirty students build friendships and a foundation from which to learn and to serve. This community nurtures character development and hones intellectual skills while helping students develop strong relationships. Summit Semester animates students toward academic excellence and a coherent Christian worldview. The mentors motivate students to pursue influential leadership. Participants leave Summit Semester with habits that will greatly enhance their future studies, and indeed their entire lives.

Summit Semester is a program designed for recent high school graduates. Students who enroll in the Summit Semester are considered visiting students at Bryan College.

SUMMIT WORLDVIEW CONFERENCE

Jeff Myers, Ph.D., Founder

Summit's Student Worldview Conference is a unique student leadership conference. Bryan College has teamed with Summit Ministries of Manitou Springs, Colorado, to offer two-week long mentoring and teaching experiences for students in their late-teens and early-twenties. The conference helps students learn to defend their faith and develop leadership skills. The faculty consists of well-known Christian leaders and Bryan professors who apply a biblical worldview to current events, political issues, the arts, economics, and other fields. A college credit program is available in which students may earn two or three semester hours of credit from the College for PHIL 111 Contemporary Worldviews. See <http://www.bryan.edu/summit>.

The course examines important figures who contributed to the development of science and surveys the most important modern theories within astronomy, geology, physics, chemistry, biology, and ecology. The course also addresses current and future social issues that relate to modern science, such as nanotechnology, bioengineering, robotics, modern weapons, stem cell research, cloning, and medicine; and it encourages students to critically evaluate both nature and scripture in a modern scientific age.

BIO 220 INTRODUCTION TO NUTRITION

First semester 3 hours

A study of nutrients; their sources, functions and utilization; and their relationship to health and human development. Examines the need for reliable nutrition information, education, exercise and dietetics. This course will also meet the core curriculum requirement for a non-laboratory science course. Prerequisite is BIO 111 or equivalent or higher lab science.

Math HUMAN ANATOMY AND PHYSIOLOGY I

First semester 4 hours

This course is a systematic study of anatomy and physiology of the human body. The systems or topics studied will include these: body surface anatomy and planes; basic chemistry; cell structures and

functions; tissues; skeletal-joint systems; muscular systems; nervous systems and the special senses. Labs will correlate with the lecture topics and will use microscope and 35 mm slides; visuals (CD's); dissections; and real or virtual lab exercises and experiments via the computer. With special permission of the Department Head the lecture (3 credits) may be taken without the lab or the lab (1 credit) may be taken subsequent to the lecture. Prerequisite: BIO 111 or 112 or CHEM 131.

BIO 222 HUMAN ANATOMY AND PHYSIOLOGY II

Second semester 4 hours

This course is a systematic study of anatomy and physiology of the human body. The systems or topics studied will include these: endocrinology; blood and cardiovascular systems; lymphatic system and immunity; respiratory system; digestive system; metabolism and nutrition; urinary system and water-ionic balances; and reproduction and early development. Labs will correlate with the lecture topics and will use microscope and 35 mm slides; visuals (CD's); dissections (pig); and real or virtual lab exercises and experiments using the computer and Vernier physiographic instrumentation for cardiovascular and respiration. With special permission of the Department Head the lecture (3 credits) may be taken without the lab or the lab (1 credit) may be taken subsequent to the lecture. Prerequisite: BIO 111 or 112 or CHEM 131.

BIO 224 MICROBIOLOGY

Second semester 4 hours

A survey of microorganisms with emphasis on bacteria. Includes a study of basic biology, ecology, and applied aspects of resident and pathogenic microbes. Aseptic techniques used for culturing and identifying bacteria stressed in laboratory. With special permission of the Department Head the lecture (3 credits) may be taken without the lab or the lab (1 credit) may be taken subsequent to the lecture. Prerequisite: BIO 113 and CHEM 132. Lecture, 3 hours; lab, 3 hours plus additional time for analysis. Offered alternate years.

BIO 225 ESSENTIAL CELL BIOLOGY

First semester 4 hours

A study of cell structure and function with emphasis on the molecular, biochemical and regulatory mechanisms common to all cells. Topics include membrane structure, function and transport; energy metabolism; the molecular basis for the expression of genetic information; the organelles involved in the regulation of cell shape and motility; growth, reproduction and their control. This course is accompanied by a three hour lab designed to introduce the student to a wide range of techniques used in modern cell biology including spectrophotometry, chromatography, immuno- and cytochemistry, and fluorescent microscopy. Prerequisite: BIO 112, BIO 113 and CHEM 132 with no grade lower than C-.

BIO 290 SELECTED TOPICS IN BIOLOGY

Either semester 3-4 hours

Designed to meet the current needs and interests of students in areas not normally or seldom taught. Prerequisite: Permission of the instructor. May be repeated with different topics. Offered on demand.

BIO 310 PHILOSOPHY OF SCIENCE

Second semester 2-3 hours

An examination of the nature of science: its methods, its scope, its strengths and limitations, and how it relates to other ways of knowing. Emphasis is on 20th century philosophies of science. Students electing to take the class for three semester hours credit will be assigned special projects. A previous college level science class is recommended preparation for the course. Cross-listed as PHIL 310.

BIO 314 BIOLOGICAL ORIGINS

Second semester 3 hours

An introductory survey of current theories for the origin of life, the origin of culture and its diversity, and the origin of language and its diversity. The first half of the course presents an evolutionary perspective on these issues; the second half a young-age creation perspective. In each case the best argument in favor of the position is presented.

BIO 317 HISTORY OF LIFE

First semester 3 hours

An introductory survey of life's origin, diversification, and history. Includes a review of mechanistic theories for the origin of the first cell, intra-specific variation and change, speciation, and the origin and diversification of higher groups. Also includes a survey of the fossil record and the evidence it gives of the history of diversity and organismal form through time. Prerequisite: BIO 112 and BIO 113. Offered alternate years.

BIO 319 CURRENT LITERATURE IN ORIGINS RESEARCH

Every semester 1 hour

A survey of recent published research and scholarly activity in the area of origins studies. Topics vary but can include evolutionary biology, paleontology, antievolutionism, intelligent design, creationism, philosophy of science, and integration of Bible and science. May be taken four times for credit.

BIO 325 GENETICS

Second semester 4 hours

A study of the genetic factors in viruses, microorganisms, plants and animals. The nature of the gene and its expression is a central theme. Lectures will meet three hours a week to discuss topics in classical and modern genetics including mendelian and microbial genetics, linkage analysis, pedigree analysis, cytogenetics, genetic engineering, and the transmission and regulation of genetic information. A three hour a week lab is devoted to "hands-on" experience with *Drosophila* genetics, human DNA fingerprinting, and recombinant DNA technology. Prerequisites: BIO 112, 113 and CHEM 132 with no grade lower than C-.

BIO 334 IMMUNOLOGY

Second semester 3 hours

This course gives an overview of the cells and molecules that compose the immune system and the mechanisms by which they protect the body against foreign invaders. Prerequisite: BIO 225 and BIO 325 with no grade lower than C-. Offered alternate years.

BIO 336 DEVELOPMENTAL BIOLOGY

Second semester 3 hours

An introduction to embryonic and postembryonic developmental processes in animals, emphasizing cellular differentiation, the generation of form and shape, growth regulation, cellular recognition and communication, and molecular control mechanisms of gene expression. Prerequisite: BIO 225 and BIO 325. Offered alternate years.

BIO 338 VIROLOGY

Second semester 3 hours

A study of the molecular and genetic properties of viruses including viral structure, replication, disease, oncogenesis, mechanisms of viral interaction with cells, and interference with viral multiplication. Prerequisite: BIO 225 and BIO 325. Offered alternate years.

BIO 340 ENVIRONMENTAL ECOLOGY

First semester 4 hours

A study of populations, communities, ecosystems and the theoretical and actual interactions of factors controlling their distributions and abundances. Special emphasis on the temperate terrestrial and aquatic situations. Labs include: estimations of populations, vegetational analysis, protozoan competition and predation, lake limnology, and toxicity experiments. Prerequisite: BIO 113. Offered alternate years.

BIO 341 LIMNOLOGY

First semester 4 hours

This course will study the physical and biological characteristics of lakes, streams and ponds. Emphasis will be given to understanding the interactions of the physical and chemical environment on aquatic organisms. Interactions among the living organisms will also be explored as well as man's place in the management of these resources. Lab will consist of phytoplankton identification and enumeration, essential water nutrient analysis, and fish identification. Prerequisites: BIO 112, BIO 113 and CHEM 131-2. Offered on demand.

BIO 345 BIODIVERSITY & BIOSYSTEMATICS

Summer 4 hours

An introduction to the variety of living things and techniques for the organization of biodiversity. Topics include a survey of biodiversity, cladistics, phenetics, molecular systematics, baraminology, and computational methods. Prerequisites: BIO 112 and BIO 113.

BIO 347 ENTOMOLOGY

First semester 4 hours

Introduction to the insects and entomology. Topics include insect anatomy, physiology, behavior, reproduction, evolution, and ecology. Veterinary, medical, forensic, forest and urban entomology are emphasized. In the lab portion of the course, students will prepare an insect collection consisting of 100 pinned specimens representing more than 16 orders and 60 families of insects. Prerequisite: BIO 113. Offered alternate years.

BIO 349 ENVIRONMENTAL ETHICS

First semester 3 hours

Topics covered in this course include ethical and natural law theory, religious views of nature, biblical perspectives on stewardship, the history of environmentalism, modern stewardship issues, property rights, ecofeminism, environmental justice, animal rights, genetically modified organisms, deep ecology, perspectives of biodiversity, and pollution issues. Offered alternate years.

BIO 400 SUPERVISED RESEARCH

Either semester 3 hours

A course in the principles of biological research within a Christian worldview, including design, implementation, and scientific experimentation. Students will be required to participate in a scientific research project of the professor's design. Junior or senior standing and permission of the instructor.

BIO 420 BIOCHEMISTRY

First semester 4 hours

Emphasizes essential biochemical principles common to all cells. Topics include the structure and function of proteins, nucleic acids, lipids, and polysaccharides; thermodynamics and bioenergetics; enzyme kinetics; membrane structure and function; basic eukaryotic metabolism; and replication, transcription and translation. Prerequisites: CHEM 241-242. Cross-listed as CHEM 420.

BIO 421 MOLECULAR AND CELLULAR BIOLOGY RESEARCH

Second semester 3 hours

This lab course involves a semester long research project providing students with experience in animal tissue culture techniques, fluorescent microscopy, and recombinant DNA technology. We will explore how cell culture can be used to answer molecular biology questions. Specifically, we will transfect fibroblast cells with a muscle-specific cDNA and observe the conversion in the cell lineage to cells that now express proteins specific to muscle. These experiments give the student the opportunity to examine how an undifferentiated precursor cell can, through the expression of certain proteins, change its cell lineage and commit to a different one. These experiments relate well to the current research being done on the manipulation of embryonic and adult stem cells. Prerequisite: BIO 225 and BIO 325 and instructor permission. Offered alternate years.

BIO 430 MEDICAL TERMINOLOGY

Either semester 1 hour

This course will be offered to students needing a background in medical terminology in preparation for advanced studies in physical therapy, nursing, medicine or some other aspect of the medical field. The course will explore roots, prefixes and suffixes of medical terminology and will analyze principles used for combining forms. Terminology used in the description of human anatomy and the diagnosis and treatment of diseases will be emphasized. Abbreviations and symbols are included, as are some specialty terms that are used in such areas as pharmacology, radiology and nuclear medicine. Does not apply to the biology major elective hours. Prerequisite: BIO 221 or 222. Offered on demand.

BIO 470 RESEARCH PRACTICUM

Either semester 3 hours

An advanced experience in biological research intended to prepare students for graduate-level work in the sciences in which students design and implement a high-quality project. Prerequisites: BIO 400 or permission of the instructor. Offered on demand.

BIO 490 SELECTED TOPICS IN BIOLOGY

Either semester 3-4 hours

Designed to meet the current needs and interests of students in areas not normally or seldom taught. Prerequisite: BIO 112 or 113 and/or the permission of the instructor. May be repeated with different topics. Offered on demand.

BIO 496 ADVANCED TOPICS IN ENVIRONMENTAL SCIENCE

Second semester 3 hours

This course is an in-depth study of environmental economics and policy, global climate change, modern agricultural techniques, environmental toxicology and risk assessment, forest management and policy, resource conservation and management, nonrenewable and renewable energy resources, and methods of waste management. Offered alternate years.

BIO 499 SEMINAR IN BIOLOGY

Either semester 2 hours

An examination of current topics of interest to biologists. Outside reading, oral and written reports, and a term paper required generally. Open only to juniors and seniors majoring in biology and students granted permission by the instructor. Offered on demand.

BUSINESS**BUS 111 INTRODUCTION TO COMPUTER SYSTEMS WITH BUSINESS APPLICATIONS**

First semester 3 hours

This course develops the fundamentals of computer usage, specifically addressing processing information and the use of computers from a Christian worldview. Focus will be on the operating system, elementary hardware, and the storage and retrieval of data. It also deals with issues associated with the use of computers in the current information age, including professionalism, software piracy, copyrighted software, ethical standards, and the impact of computers on society. The course will also assist the student in developing proficiency in the application of word processing, spreadsheet, database, and project management software.

BUS 121 INTRODUCTION TO BUSINESS

Second semester 3 hours

This course examines the core functions of business, introducing learners to management, accounting, economics, finance and marketing. Through both formal academic and experiential training, learners are encouraged to determine if business is a calling on their life. In addition, this course explores the biblical basis for business, the free market, distinguishes between profit and greed, and establishes a biblical standard for ethical business decision-making.

BUS 161 INTRODUCTORY FREE MARKET STUDIES

Either semester 1 hour

This course is designed for students participating in Students in Free Enterprise (SIFE). The course introduces students to leadership, analytical, teamwork and communication skills through participation on teams that plan, implement, and complete entrepreneurship and free market projects. Projects seek to educate and prepare individuals both within the Bryan community and the larger Rhea County community for success in the areas of market economics, success skills, entrepreneurship, financial literacy, environmental sustainability, and ethical decision making. Students work under the direction of the team leader and the course professor. This course may involve special case competition at national and regional levels. This course may be taken eight times. Graded pass/fail.

BUS 261 APPLIED FREE MARKET STUDIES

Either semester 1 hour

The course is a continuation of BUS 161. This course develops leadership, analytical, teamwork and communication skills in students through participation on teams that plan, implement, and complete entrepreneurship and free market projects. Students work under the direction of the team leader and assist the team leader and instructor in planning and carrying out projects. Learners in this course are being prepared to become future team leaders in the BUS 361 course. This course may involve special case competition at national and regional levels. This course may be taken six times. Graded pass/fail. Prerequisite: Two credits of BUS 161.

BUS 290 SELECTED TOPICS IN BUSINESS

Either semester 3 hours

Topics in business to meet the needs and interests of students. May be repeated with different topics.

BUS 326 LEGAL ENVIRONMENT FOR BUSINESS

First semester 3 hours

A study of the American court systems. A detailed examination of the legal rules applying to business transactions, especially those concerning contracts, agency, corporations, and partnerships. Cases

used as study media.

BUS 361 APPLIED FREE MARKET LEADERSHIP

Either semester 1 hour

This course is a continuation of BUS 261. Students in this class act as middle management for the SIFE organization; students fulfill the positions of project and team leaders, directing the activities of team members, and are accountable to the SIFE Board of Directors for the success of the project. Through these activities, students acquire leadership skills in real world small business situations that are transferable to future employment. This course fulfills one hour of the Internship requirement for Business Administration majors. This course may be taken five times. Prerequisite: BUS261 or permission of the instructor.

BUS 377-378 BUSINESS INTERNSHIP

First semester 1-3 hours

Student works in a business and interacts with various finance, management, and operating functions. The student is under contract with the College and the business organization. Combines theory with on-the-job training. Student must have junior or senior standing and have at least 12 hours of business administration courses at the 200-level or higher, and be accepted as a business administration major. Course grade is based on various written and oral reports and the evaluation of the business site supervisor. Expense for transportation to and from the internship site is the responsibility of the student. Course may be repeated for a total of three credits.

BUS 390 SELECTED TOPICS IN BUSINESS

Either semester 3 hours

Topics in business to meet the needs and interests of students. May be repeated with different topics.

BUS 448 INTERNATIONAL BUSINESS

Second semester 3 hours

An examination of international organizational structures and managerial processes; cultural, political, economic, and legal environments of global marketing. World market patterns and international trade theory.

BUS 461 EXECUTIVE FREE MARKET LEADERSHIP

Either semester 1 hour

This course is a continuation of BUS 361. Students in this course act as the executive team for SIFE with responsibility to manage their own assigned areas, to provide strategic leadership and direction to the organization, to ensure organizational sustainability, and to oversee the team competition presentation. Students will be accountable to the SIFE Business Advisory Board and the course instructor. This course provides practical experience in the executive management of small businesses that is transferable to other employment opportunities. This course fulfills one hour of the Internship requirement for Business Administration majors. This course may be taken four times. Prerequisite: BUS361 or permission of instructor.

BUS 470 INDEPENDENT STUDY

Either semester 1-3 hours

BUS 492 POLICY AND STRATEGY

Second semester 3 hours

The capstone course of the business program, developing a comprehensive management perspective, emphasizing policy and strategy formulation and implementation in handling multi-functional business problems, and integrating these disciplines with a Christian business ethic. Open only to business administration majors.

Prerequisites: Senior standing and permission of instructor.

BUS 497 BUSINESS SEMINAR

Second semester 2 hours

A capstone course for the business administration major designed to synthesize knowledge and applications gained through the major courses completed and to address integrative issues. Open only to Business Administration majors. Prerequisites: Senior standing and permission of instructor.

CHEMISTRY

CHEM 110 CONSUMER CHEMISTRY

Summer 4 hours

An introduction to the basic concepts of chemistry and to the application of these concepts to some familiar consumer applications. Topics include an overview of the scientific method, atomic theory, chemical bonding, basic stoichiometry, oxidation and reduction, states of matter, acids and bases, and nuclear chemistry. Basic laboratory skills and lab safety will also be introduced. This course is designed for non-science majors, and does not count toward a biology major or a chemistry minor. No prerequisite. Offered alternate years.

CHEM 131 GENERAL CHEMISTRY I

First semester 4 hours

A study of the fundamental concepts of chemistry including the following topics: atomic theory, states of matter, stoichiometry, thermodynamics, and nuclear chemistry. Emphasis is given to lab safety. High school chemistry is recommended and a working knowledge of algebra is required.

CHEM 132 GENERAL CHEMISTRY II

Second semester 4 hours

A study of the fundamental concepts of chemistry, including the following topics: chemical bonding, solutions, kinetics, equilibria, thermodynamics, and electrochemistry. In lab, emphasis is given to safety and qualitative analysis. Prerequisite: CHEM 131.

CHEM 241 ORGANIC CHEMISTRY I

First semester 4 hours

A study of the nomenclature, properties, stereochemistry, reactions, and reaction mechanisms of major classes of organic compounds. Particular emphasis is given to alkanes, alkenes, aromatics, alcohols, and alkyl halides. In lab, emphasis is given to safety. Prerequisite: CHEM 131-132.

CHEM 242 ORGANIC CHEMISTRY II

Second semester 4 hours

A study of the nomenclature, properties, reactions, reaction mechanisms, and synthesis of major classes of organic compounds. Particular emphasis is given to organometallics, alcohols, ethers, aldehydes, ketones, amines, carboxylic acids and derivatives. Several classes of biological molecules will also be studied. Spectroscopy of organic molecules will also be discussed. In lab, emphasis will be given to lab safety. Prerequisite: CHEM 241.

CHEM 290 SELECTED TOPICS IN CHEMISTRY

Either semester 2-4 hours

A study of topics of special interest to students. May be repeated with different topics.

CHEM 331 ANALYTICAL CHEMISTRY

First semester 4 hours

An overview of quantitative analytical chemistry: principles and

methods of separation, of equilibria, and of stoichiometry. Modern analytical chemistry with an emphasis on instrumental techniques. Prerequisites: CHEM 131-132. Offered alternate years.

CHEM 420 BIOCHEMISTRY

First semester 4 hours

Emphasizes essential biochemical principles common to all cells. Topics include the structure and function of proteins, nucleic acids, lipids, and polysaccharides; thermodynamics and bioenergetics; enzyme kinetics; membrane structure and function; basic eukaryotic metabolism; and replication, transcription and translation. Prerequisites: CHEM 241-242. Cross-listed as BIO 420.

CHEM 470 INTRODUCTION TO CHEMICAL RESEARCH

Either semester 1-4 hours

A study of special topics, accompanying related research. Topics and research problems chosen by the instructor, or by the student with the approval of the instructor. Course may be repeated up to four credits total.

CHEM 490 SELECTED TOPICS IN CHEMISTRY

Either semester 2-4 hours

A study of topics of special interest to students. May be repeated with different topics.

CHRISTIAN MINISTRY

CM 121 INTRODUCTION TO CHRISTIAN MINISTRY

First semester 3 hours

The student is introduced to the essential elements of the discipline of Christian Ministry. Emphasis is given to vital aspects of teaching practice and ministry programming.

CM 122 PERSONAL AND CULT EVANGELISM

Second semester 3 hours

Provides a study of the biblical basis for evangelism and a survey of the modern expressions of evangelistic practice in the church. Students will also examine the beliefs of major cults for the purpose of proposing strategies to evangelize them.

CM 123 SPIRITUAL FORMATION FOR MINISTRY

First semester 3 hours

Introduces the student to the principal themes of Christian spiritual formation and facilitates the developing of a personal philosophy of spiritual formation.

CM 210 CROSS-CULTURAL MISSIONS & EVANGELISM

Either semester 3 hours

This course explores missions and evangelism from within a host culture. Special attention is given to considering culturally appropriate structures of mission strategies for church planting and communicating the gospel. Offered on demand.

CM 222 LIFESPAN CHRISTIAN MINISTRY

First semester 3 hours

Traces the progression of Christian ministry practice through entire range of ages represented in the local church. Particular emphasis is placed upon the theological foundation and human developmental theory to the practice of Christian ministry.

CM 232 HERMENEUTICS

Second semester 3 hours

This course surveys the basic principles for the skills and techniques of proper biblical interpretation. Focus will be given to the

practical application of this interpretation to the various literary genres of Old Testament and New Testament literature. Major resources available as aids to biblical interpretation as well as current issues in biblical hermeneutics will be examined. Primary attention of this course is practical in nature in that the goal of the course will be the development of sound hermeneutical skills for the purpose of sermon preparation. Offered alternate years.

CM 240 WORSHIP LEADERSHIP TEAM

Every semester 1 hour

This course will focus on organizing and leading worship in chapels at Bryan. Particular emphasis will be given to the hands-on details needed to support a worship environment of excellence and personal reflection and growth from leadership experiences. May be repeated for a total of eight credits.

CM 241 WORSHIP AND THE ARTS

First semester 2 hours

This course will consider a variety of art forms that can contribute to the richness of worship expressions. Special attention will be given to highlighting various modes of communicating God's truth and recognition of the merits of each art form for use in worship contexts. Offered alternate years.

CM 242 SONGWRITING FOR WORSHIP

Second semester 2 hours

This course will be a study of the craft of writing and arranging songs with attention given to lyrical content and poetic style, the music employed to support the lyric, and the difference between songs written for congregational worship and those written for performance. Prerequisite: MUS 121 or instructor approval Offered alternate years.

CM 290 SELECTED TOPICS IN CHRISTIAN MINISTRY

Either semester 2-3 hours

Selected topics in Christian Ministry. May be repeated with different topics. Offered on demand.

CM 300 YOUTH MINISTRY

Second semester 3 hours

Designed to provide an introduction to the basic principles of ministry to adolescents and their families. Attention is given to the role of the youth ministry professional in planning and implementing a youth ministry program. Also emphasis is given to the development of the youth minister as a ministry professional. Offered alternate years.

CM 320 CONTEMPORARY ISSUES OF THE CHURCH

Either semester 3 hours

This course is meant to explore a host of issues critical to the healthy function of the church in the contemporary world. Special attention will be given to theological, philosophical, sociological, and ideological shifts which are of significance. Offered on demand.

CM 324 YOUTH ISSUES

Second semester 3 hours

A study of the world of the adolescent. Particular emphasis is placed upon student skill development in the area of youth culture research in areas such as music, media, family, fashion, substance abuse, relationships, violence, suicide, and technology. Offered alternate years.

CM 325 YOUTH EVANGELISM AND COMMUNICATION

Second semester 3 hours

Acquaints the student with current cultural trends and their impact

upon the evangelization of adolescents. Also, communication skills and techniques for appropriately addressing adolescents are presented and applied. Offered alternate years.

CM 331 WORSHIP PLANNING AND LEADERSHIP

First semester 3 hours

This course is designed to examine the development of worship from a biblical perspective and throughout the history of the Christian church. Different models of contemporary worship within a broad spectrum of evangelical Christianity will be examined and evaluated in light of a biblical worldview. Because the large majority of local churches are served by a single pastoral staff minister, the focus of this course will be pastoral, not musical, in nature. Primary attention of this course is practical in nature in that the goal of the course will be to develop the worship planning and leadership skills of the pastor. Offered alternate years.

CM 341 WORSHIP TECHNOLOGY

First semester 3 hours

This course serves an introduction to the history, equipment and techniques used to facilitate and enhance worship through technological tools. Special attention will be given to live sound, studio recording, lighting and image display. Prerequisite: MUS 235. Offered alternate years.

CM 342 MINISTRY, MUSIC, & CULTURE

Second semester 3 hours

This course will examine the relationship between music and culture, including exposure to the field of ethnomusicology. A variety of musical genres will be explored with an understanding of the role music plays in cultures, both globally and in American subcultures. Special attention will be given to developing a mindset of contextualization for ministry. Offered alternate years.

CM 394 PERSONAL LEADERSHIP

First semester 3 hours

Assists students in developing their personal leadership ability. Students develop mission statements, principles, goals, time-management techniques, and financial stewardship principles. Special emphasis is given in assisting students in discovering their individual operating style. Offered alternate years.

CM 396 ORGANIZATIONAL LEADERSHIP

First semester 3 hours

Assists students in developing their ability to lead in organizations. It defines leadership, examines the process of leading and influencing others, describes how to develop the character and capacities of a leader, and considers issues of leader development. Offered alternate years.

CM 400 ADVANCED RESEARCH

Either semester 3 hours

Provides the academically gifted student with research skills useful in the pursuit of graduate work. Must comply with FDC guidelines. Offered on demand.

CM 410 CURRICULUM ANALYSIS AND DEVELOPMENT

Second semester 3 hours

Designed to prepare students to critically evaluate Christian educational curriculum in light of sound Christian doctrine, educational theory, and educational practice. Additionally, this course is designed to train students to craft educationally sound curriculum from a biblical worldview perspective. Offered alternate years.

CM 420 MISSIONS: FOUNDATIONS & APPLICATIONS

Either semester 3 hours

This course explores the biblical and theological foundations for missions as well as an historical purview of the development of missions from the early church to the contemporary church. A major component of this course includes a class-wide cross-cultural field experience. Participation in the course is by application. Additional course fee applied,

CM 421 MISSIONS: APPLICATIONS

Either Semester 2 hours

This course provides the necessary acculturation training and experiential context to build on previous missions coursework, specifically CM 420. The core component of this course is a cross-cultural missions internship. Participation in the course is by application. Additional course fee applies. Prerequisite: CM 420. May be taken twice for credit.

CM 423 THEOLOGY OF WORSHIP

First semester 3 hours

This course provides a survey of biblical teachings and principles related to worship including an exploration of OT and NT paradigms, metaphors and commands related to worship. Attention will be given to implications of biblical theology of worship on worship practice. Current issues in worship practice will also be explored. Pre or co-requisite: BIB 222 or 224. Offered alternate years.

CM 430 CHURCH ADMINISTRATION AND LEADERSHIP

First semester 3 hours

Applies the principles of Christian leadership to the organization and administration of the local church. Particular attention is given to church polity, legal issues, and financial administration. Offered alternate years.

CM 432 PASTORAL MINISTRY

Second semester 3 hours

This course is designed to enable students to develop the competency needed for the pastoral ministry of the local church. Principles related to beginning a ministry, leading a ministry, and leaving a ministry will be examined. Also, practical ministries related to the role of the pastor will be examined: sermon planning; administration of the ordinances; and conducting special services such as weddings, funerals, and ordinations. Particular attention will be given to the role of counseling and visiting in pastoral ministry, with a required chaplaincy-type ministry during the semester. Offered alternate years.

CM 436 CREATIVE BIBLE TEACHING

Either semester 3 hours

A biblical and theological treatment of the foundations of teaching the Bible creatively. An examination of current teaching methodology will be explored. Students will put the biblical and theological principles of creative teaching in action by engaging in a teaching practicum. Offered on demand.

CM 438 HOMILETICS

Either semester 3 hours

A study of the principles and practice of preaching, including the role of the preacher, the ministry of the Holy Spirit in the communication process, the importance of contextualization, developing a "homiletical" mind, the use of illustrations, formulating life applications, and gaining a working knowledge of various sermon types and their construction. Emphasis will be placed on preaching within the context of the local church and other public arenas. Field experience

will be required. Offered alternate years.

CM 440 YOUTH DEVELOPMENTAL PROCESSES

Second semester 3 hours

A study of the development of the physical, social, emotional, intellectual, religious, and moral nature of the adolescent for the purpose of informing the practice of youth ministry. Offered alternate years.

CM 442 YOUTH CAMPING, RECREATION & RETREATS

Either semester 3 hours

This course is designed to prepare students to organize and conduct youth camps and retreats and to effectively use recreation as a ministry tool as part of the overall youth ministry program. The focus of this course is a lab experience in planning and conducting a youth retreat during the semester. Offered alternate years.

CM 444 LEADING A WORSHIP MINISTRY

Second semester 3 hours

This course focuses on organizing and leading a church worship ministry. Course topics will include an overview of the models of worship ministry and strategies for partnering with church leaders and leading volunteers to maximize the quality and depth of worship. In addition this course will provide tools for finding and developing resources for musicians or other artists in the church. Offered alternate years. Prerequisite: CM 241.

CM 470 INDEPENDENT STUDY

Either semester 1-3 hours

CM 471 FIELD EDUCATION I

First semester 3 hours

This course will examine issues such as purity in ministry, family in ministry, the practical outworking of a philosophy of ministry, and other relevant issues in Christian Ministry. Emphasis will be given to the understanding of how day to day ministry works in the local church or parachurch ministry. An internship in a local church or parachurch organization that serves as the practical outworking of the course will be started, which will continue into the next semester. Open only to senior Christian Ministry majors except by permission of the Head of the Department.

CM 472 FIELD EDUCATION II

Second semester 3 hours

This course will be a continuation of CM 471, with a continuation of study of topics relevant to Christian Ministry yet more time given to the internship experience and an oral examination of Christian Ministry issues addressed in the CM courses of the degree program.

CM 493-494 SELECTED TOPICS IN CHRISTIAN MINISTRY

Either semester 2-3 hours

Selected topics in Christian Ministry may include relevant topics in the discipline such as parenting, marriage enrichment, single adult ministry, and others. May be repeated with different topics. Offered on demand.

CHRISTIAN THOUGHT

CT 101 CHRISTIAN LIFE FORMATION: FOUNDATIONS FOR THE CHRISTIAN LIFE

First semester 1 hour

A foundational approach to the theological reality of a Christian's identity in Christ. Special emphasis will be given to exploring salvation, sanctification, sin, the role of the Scriptures, and the Holy Spirit as these relate to ongoing spiritual formation. Additional course fee.

CT 102 CHRISTIAN LIFE FORMATION: FOUNDATIONS OF THE CHRISTIAN CHURCH

Second semester 1 hour

A scriptural and historical examination of the purpose of the church in the plan of God for the world and the Body of Christ. Attention will be given to the relevance of the church for today, the theoretical and practical mission of the local church, and the place of the Christian within the church.

CT 110 HISTORY OF CHRISTIAN THOUGHT

First semester 3 hours

Students will study carefully the development of Christian philosophical and theological thought from the close of the New Testament to contemporary times. Special emphasis will be placed on the development of the ecumenical creeds, the philosophy and theology of the apostolic fathers, Justin Martyr, Tertullian, Augustine, medieval scholasticism and mysticism, the great thinkers of the Renaissance, the magisterial Reformers, Jonathan Edwards, American revivalism and Evangelicalism.

CT 113 CHRISTIAN WORLDVIEW

Either semester 3 hours

What do you believe? Why do you believe it? What difference does it make? This course (taken fall semester of the freshman or transfer year) compares and contrasts basic worldviews and their implications for life, and will also present the main components of a Christian worldview, as well as respond to challenges to that belief system.

CT 114 INTRODUCTION TO CHRISTIAN THOUGHT & APOLOGETICS

Either semester 3 hours

This is an introductory course in philosophy and Christian apologetics which will introduce and examine issues of faith and reason and their impact on beliefs about man and God. How do we know anything at all? What is Truth? What is the relationship between science and faith? Different ways to defend beliefs from a Christian perspective will be examined and some cultural analysis and its impact on beliefs will be included.

CT 190 SELECTED TOPICS IN CHRISTIAN THOUGHT

Either semester 1-3 hours

Selected topics in Christian Thought. May be repeated with different topics. Offered on demand.

CT 201 CHRISTIAN LIFE FORMATION: SPIRITUAL DISCIPLINES

First semester 1 hour

A survey of the historic and/or biblical spiritual disciplines, such as prayer, meditation, and fasting, with emphasis on how the practice of the spiritual disciplines nurtures spiritual growth within a Christian.

CT 202 CHRISTIAN LIFE FORMATION: THE CHURCH AS A GLOBAL COMMUNITY

Second semester 1 hour

An historical and contemporary purview of the spread and presence of Christianity around the world. Special emphasis will be given to exploring the expressions of Christian community within varying theological and cultural contexts.

**CT 203 CHRISTIAN LIFE FORMATION: APPLIED
CHRISTIAN LEADERSHIP**

Either semester 1 hour

This course is designed for those in active leadership and is meant to explore the idea and implications of Christian leadership from a biblical and experiential perspective. Special attention will be given to nurturing leadership that seeks soul and kingdom flourishing. This course is by application and includes a national conference.

**CT 204 CHRISTIAN LIFE FORMATION: SPIRITUALITY IN
FILM**

Either semester 1 hour

Utilizing the medium of film, this course is designed to consider the overt and subtle ways that film shapes the soul and communicates a myriad of messages about the reality of spirituality.

**CT 205 CHRISTIAN LIFE FORMATION: GOSPEL IN
CULTURAL LIFE**

Either semester 1 hour

Students will explore the relevance of the Gospel to culture through a consideration of cultural realities in Italy. Students will investigate the spiritual, cultural and social opportunities, challenges and needs present in modern day Italy. They will reflect on the dual nature of Italy arising from the tension between what some have called “the *dark heart of Italy*” as well as “*la dolce vita*” (*the sweet life*). Methods of instruction will include readings, discussion groups, lectures, field trips and interviews. Offered as part of the Italy semester.

CT 214 WORLDVIEW INITIATIVE

Either semester 1 hour

Students who are part of a Worldview Initiative team can be awarded one (1) hour of academic credit for each semester of participation. EHS 329 MOTOR LEARNING

First semester 3 hours

This course involves instruction in the fundamental processes underlying human movement, including how humans learn skilled actions and how principles of motor performance and learning can be useful in teaching and coaching motor skills; and in understanding learner characteristics. Utilizes both lecture and laboratory settings. Four hours of practicum required.

EHS 334 ADAPTED PHYSICAL EDUCATION

Second semester 3 hours

This course is designed to develop beginning-level knowledge and skills necessary to meet the needs of individuals with disabilities in a variety of settings - physical education, recreation, sports, fitness, and rehabilitation. Provides an introduction to principles involved in planning and conducting movement programs, including assessment, curriculum, instruction, pedagogy, administration, and knowledge of specific physical, mental, and emotional disabilities. Fifteen hours of practicum required. Offered alternate years.

EHS 341 PHYSIOLOGY OF EXERCISE

First semester 3 hours

This course provides the necessary background for the beginning exercise physiology student to understand the human body's response to exercise, whether it is exercise to attain health or to attain maximal performance. Highlights the latest research in topics such as factors that

limit performance, work tests used to evaluate fitness, training methods, exercise concerns for special populations, body composition, nutrition, environmental influences on performance, and ergogenic aids. Utilizes both lecture and laboratory settings. Prerequisites: BIO 111, 221.

EHS 342 STRUCTURAL KINESIOLOGY

First semester 3 hours

This course prepares students of human motion – whether they are future physical educators, athletic trainers, fitness instructors, coaches, or occupational or physical therapists – to systematically analyze human movement in terms of muscles, joints, and nervous system integration and to apply that knowledge to improve motor performance. Emphasis is placed on the structure and function of the musculoskeletal system and the anatomy and fundamental movements of specific segments of the body. Provides basic anatomical knowledge necessary for understanding the nature of common injuries and their prevention or rehabilitation. Includes introduction to basic biomechanical concepts. Utilizes both lecture and laboratory settings. Prerequisites: BIO 111, 221.

EHS 343 SPORT PSYCHOLOGY

Second semester 3 hours

This course provides the student with a practical approach to the application of the principles of psychology in sport and exercise settings. Emphasis is on personality, attention, anxiety, motivation, aggression, team cohesion, cognitive-behavioral interventions, and strategies for performance enhancement. Cross-listed as PSY 343. Prerequisite: PSY 111.

EHS 345 BIOMECHANICS

Either semester 3 hours

This course introduces biomechanics – the application of physical laws to human movement – using findings from the research literature to support and exemplify concepts presented. Supplies the physical educator, personal trainer, coach, athletic trainer, and others involved in the teaching of physical skills with mechanical principles of movement that can be applied to appropriate classes, athletic teams, and individuals who have diversified levels of physiologic fitness. Uses both quantitative and qualitative examples of problems to illustrate biomechanical principles. Involves both lecture and laboratory settings. Offered on demand. Prerequisites: BIO 221; EHS 342

Either semester 3 hours

An introduction to the basic aims, problems, issues, methods, materials and other aspects concerning teaching English to people whose first language is something other than English. The focus is to understand and apply some of the best theories, principles, and techniques of linguistic pedagogy. Cross-listed as ENG 350. Prerequisite: ENG 110 or 111.

LIN 390-391 SELECTED TOPICS IN LINGUISTICS

Either semester 3 hours

The content of the course will depend upon the professor teaching it. Such courses may include the linguistic analysis or structure of a foreign language, History and Structure of the English Language, semantics, discourse analysis, historical linguistics, etc. The LIN 391 will be reserved for offerings not focusing on a foreign language, such as a course in anthropology. May be repeated with different topics. Offered on demand.

LIN 411 LINGUISTICS SEMINAR

Either semester 3 hours

An integrated overview of the field of linguistics with particular attention to a detailed application of various sub-disciplines of linguistics to a foreign language. A formal written analysis of the language will be required. Offered on demand.

LIN 470 INDEPENDENT STUDY

Either semester 1-3 hours

MGT 237 PRINCIPLES OF MANAGEMENT

Second semester 3 hours

A survey of management theory and practice with emphasis on the functional and task requirements of management. Specific topics include decision making, time management, planning, organizing, directing, motivating, and controlling.

MGT 290 SELECTED TOPICS IN MANAGEMENT

Either semester 3 hours

Topics in management to meet the needs and interests of students. May be repeated with different topics.

MGT 327 HUMAN RESOURCE MANAGEMENT

Either semester 3 hours

This course is an introductory study of the management of employees within an organization. The focus is on the selection, training, placement, promotion, appraisal, pay incentives, and laws affecting personnel management. It also addresses the organization and administration of a personnel department. Prerequisite: MGT 237. Offered alternate years.

MGT 343 NEW VENTURE STUDIES

Either semester 3 hours

A study of the start-up of new businesses. Emphasizing entrepreneurship and small business management. Consideration will be given to the necessary skills and resources needed to attain short- and long-term success in a new venture. Ethical considerations of idea use, funding, and resource acquisition. Prerequisites: ACCT 232, MGT 237, and MKT 243. Offered alternate years.

MGT 346 ORGANIZATIONAL BEHAVIOR

Either semester 3 hours

The nature and consequences of human behavior in work organizations; contemporary models of organizational design, work structuring, motivation and performance, group and intergroup behavior; planned change. Prerequisite: MGT 237.

MGT 415 PRODUCTION AND OPERATIONS MANAGEMENT

First semester 3 hours

An introduction to the management of the operations/ production system. An understanding of the operational practices and functions used to obtain optimal utilization of production factors and business resources with emphasis on quantitative analysis in planning, controlling, and decision-making. Focuses on types of production systems, forecasting, allocating resources, designing products and services, and assuring quality. The scope of this course includes applications for manufacturing and non-manufacturing organizations. Prerequisites: MATH 119 and MGT 237.

MGT 424 MANAGEMENT INFORMATION SYSTEMS

First semester 3 hours

A study of the fundamentals of computer information systems that integrates a perspective of how managers develop, operate, and control such systems. The course is designed to prepare students to be competent partners with systems analysts and programmers in the evaluation and development of information systems applications. Prerequisite: BUS 111 and MGT 237. Offered alternate years.

MGT 441 LEADERSHIP AND MANAGING CHANGE

Either semester 3 hours

This course explores leadership traits, styles, roles and responsibilities of successful leaders over time. This course seeks to

determine the students' individual leadership style and to promote the development of the servant leadership approach modeled by Christ. The course also deals with the practical issues of leading organizations through change and managing the day-to-day aspects of organizational change. Prerequisite: MGT 237.

MGT 470 INDEPENDENT STUDY

Either semester 1-3 hours

MGT 490-491 SELECTED TOPICS IN MANAGEMENT

Either semester 3 hours

Advanced topics in management to meet the needs and interests of students. May be repeated with different topics.

MARKETING

MKT 243 PRINCIPLES OF MARKETING

First semester 3 hours

An introduction to marketing in relation to the business environment; involves a study from the conception of the idea for a good or service to its utilization by the consumer with emphasis on major decision areas (product, place, price, and promotion) and tools.

MKT 321 BUYER BEHAVIOR

First semester 3 hours

An overview of consumer behavior in the market place. Emphasis is placed on the consumer consumption process from purchase, to use, to disposal of goods, services, and experiences. This course applies concepts from the social sciences in order to understand consumer decision making, buyer behavior, and consumer research. Offered alternate years. Prerequisite: MKT 243.

MKT 329 ADVERTISING & PROMOTION

First semester 3 hours

An overview of advertising and promotion presented from an integrated marketing perspective. This course focuses on coordinating all elements of the promotion mix to develop an effective communication strategy. A basic understanding of the traditional advertising and promotional tools and their integration with marketing communications will be covered. Offered alternate years. Prerequisite: MKT 243.

MKT 421 MARKETING RESEARCH & DECISION MAKING

First semester 3 hours

This course explores marketing research in the context of making business decisions. The topics in this course include defining research objectives, selecting appropriate research techniques, defining the problem statement, selecting and planning the basic research methods, designing a sample, collecting data, editing data, and interpreting findings. Offered alternate years. Prerequisites: BUS 111, MATH 211 and BUS 243.

MKT 422 APPLIED MARKETING INNOVATION

Second semester 3 hours

This course integrates concepts from marketing strategy to focus on creating value and growth through innovation in new and existing markets. Marketing strategy concepts will be studied and tactical details will be evaluated through real life business situations, case studies, and interactive scenarios. Students will apply innovation methods in the determination of general marketing strategy, segmentation, targeting, positioning, and product mix decision. Offered alternate years. Prerequisite: MKT 243.

MKT 490 SELECTED TOPICS IN MARKETING

Either semester 3 hours

Advanced topics in marketing to meet the interests of students. May be repeated with different topics. Prerequisite: MKT 243.

MATHEMATICS

MATH 091 REAL-WORLD ARITHMETIC

Either semester 1 hour

Basics of arithmetic, including the four operations, fractions, decimals, percentages; applications, including simple interest and checkbook balancing. Meets two hours a week. Self-paced format; graded Satisfactory/Unsatisfactory. Required of students earning less than a 10 on the Arithmetic sub-score of the ACT or less than 500 on the Math SAT. Does not count toward graduation.

MATH 095 ELEMENTARY ALGEBRA

Either semester 1 hour

Designed for students who have had one year or less of high school algebra or who need to review before entering Intermediate Algebra. Includes operations with numbers and polynomials, equations, factoring, fractions, exponents, radicals, quadratic equations, and graphing. Self-paced format. Graded Satisfactory/Unsatisfactory. Offered on demand. Does not count toward graduation.

MATH 099 INTERMEDIATE ALGEBRA

Each semester 3 hours

Manipulation of algebraic expressions; linear, fractional, and quadratic equations; linear systems of equations; integer and rational exponents; rectangular coordinates; word problems. Required of students earning less than a 10 on the Intermediate Algebra/Geometry sub-score of the ACT or less than 530 on the Math SAT. Graded Satisfactory/Unsatisfactory. Prerequisites: Two years of high school algebra or MATH 095. Does not count toward graduation.

MATH 114 GEOMETRY AND ALGEBRA

Second semester 3 hours

Generic concepts of functions (domain, range, graph, composition, inverse); polynomials, exponential functions, logarithms; introduction to matrices, taxicab geometry, applications. Prerequisite: MATH 099 or equivalent.

MATH 116 CONTEMPORARY MATHEMATICS

Either semester 3 hours

Intended for students majoring in liberal arts disciplines not requiring additional study in mathematics. Designed to stimulate mathematical thinking by looking at areas of mathematics not usually encountered in the high school curriculum with an emphasis on their applications in real life. Topics include graph theory, logic, geometry, applications of exponents and logarithms, mathematics of social science, and coding theory. Prerequisite: MATH 099 or equivalent.

MATH 117 PRECALCULUS

First semester 4 hours

Properties of real numbers and complex numbers; coordinate geometry; properties of relations and functions, including polynomial and rational functions, exponential and logarithmic functions, and trigonometric functions. Includes computer lab once each week. Prerequisite: 3 years of High School mathematics – Algebra I, II and Geometry.

MATH 119 CALCULUS FOR BUSINESS & THE SCIENCES

First semester 3 hours

Functions, limits, differentiation and applications, optimization, exponents and logarithms, and integration. Prerequisite: MATH 099.

MATH 122 CALCULUS I

Second semester 4 hours

Functions and graphs; differentiation of algebraic, exponential, and trigonometric functions; applications. Includes computer lab once each week. Prerequisite: MATH 117 or equivalent.

MATH 171 DISCRETE STRUCTURES

First semester 3 hours

Topics chosen from formal logic, number theory, relations and functions, matrices, trees and graphs, algorithms (such as recursion), simple algebraic structures, and language construction. Offered alternate years. Prerequisite: MATH 099 or equivalent.

MATH 211 ELEMENTARY STATISTICS

Either semester 3 hours

An introduction to the subjects of probability and statistics. A partial listing of topics includes collection and presentation of data, computation and use of averages, measurements of dispersion, introduction to statistical inference, hypothesis testing, regression, correlation, and chi-square tests. Prerequisite: MATH 099 or equivalent. Does not meet core curriculum math requirement.

MATH 221 CALCULUS II

First semester 4 hours

Initial-value problems, Fundamental Theorem of Calculus, methods and uses of integration, Taylor series. Includes computer lab once a week. Prerequisite: MATH 122.

MATH 222 CALCULUS III

Second semester 4 hours

Algebra and geometry of two- and three-dimensional vectors, partial derivatives, multiple integration, vector calculus, symbolic logic, and how to write proofs. Includes computer lab once a week. Prerequisite: MATH 221.

MATH 223 LINEAR ALGEBRA

First semester 3 hours

Introduction to basic matrix and vector-space theory. A partial listing of topics includes matrix operations, solutions of linear equations, determinants, vector spaces, eigenvalues, orthogonality, and linear transformations. Emphasis will be placed upon the application of linear algebra in many different settings. Group work and use of computers offer alternate modes of learning. Offered alternate years. Prerequisite: MATH 117 or equivalent.

MATH 311 METHODS OF TEACHING MATHEMATICS

First semester 2 hours

A study of instructional techniques, student activities, and material needed to teach mathematical concepts and skills to children in grades K-12. Topics will include pre-number concepts, counting, basic arithmetic of whole numbers and rational numbers, number theory, geometry, and measurement.

MATH 321 PROBABILITY

First semester 3 hours

Concepts of probability, computation rules, discrete and continuous probability distributions, Central Limit Theorem. Offered alternate years. Prerequisite: MATH 222.

MATH 322 STATISTICS

Second semester 3 hours

Sampling distributions, estimation, hypothesis testing, regression, analysis of variance, non-parametric tests. Offered alternate years. Prerequisite: MATH 321.

MATH 324 NUMERICAL ANALYSIS

Second semester 3 hours

Numerical methods, numerical differentiation and integration, approximation, polynomial interpolation, iterative and other algorithmic processes, curve fitting, significant figures, round-off errors. Use of the computer in numerical solutions will be included in the class assignments. Offered alternate years. Prerequisites: CSCI 116 and MATH 221.

MATH 330 HISTORY AND PHILOSOPHY OF MATHEMATICS

Second semester 2 hours

A brief overview of the history of mathematics and introduction to philosophical issues in mathematics. Exploration of the relationship of Christianity to mathematics. Offered alternate years.

MATH 340 MODERN GEOMETRY

Second semester 3 hours

Postulational systems; Euclidean and non-Euclidean geometry. Offered alternate years.

MATH 350 NUMBER THEORY

Second semester 3 hours

Prime factorization, Diophantine equations, congruence, quadratic reciprocity, sums of squares, Pythagorean triples, and discussions about prime numbers. Offered alternate years.

MATH 390-399 SELECTED TOPICS IN MATHEMATICS

Either semester 1-3 hours

Topics chosen according to students' needs. Some suggested topics: MATH 391 Mathematical Modeling; MATH 393 Complex Analysis; MATH 394 Topology; MATH 397-398 Advanced Calculus; MATH 399 Differential Equations. May be repeated with different topics. Offered on demand. Prerequisite: permission of instructor.

MATH 400 ADVANCED RESEARCH

Either semester 3 hours

Provides the academically gifted student with research skills useful in the pursuit of graduate work. Must comply with FDC guidelines.

MATH 421 REAL ANALYSIS

First semester 3 hours

Structure of the real number system, sets and functions, sequences and series, continuity, the derivative, Riemann integration, some topology of the real line and the real plane. Offered alternate years. Prerequisite: MATH 222.

MATH 423 ABSTRACT ALGEBRA

First semester 3 hours

Homomorphisms, groups, rings, fields. Offered alternate years.

MATH 470 INDEPENDENT STUDY

Either semester 1-3 hours

MATH 490 SENIOR SEMINAR

Second semester 1 hour

Review of mathematics in preparation for ETS Mathematics test, which is required for the course. Open only to seniors majoring in Math

(BA) or Math: Applied Math & Computer Technology (BS).

MUSIC

MUS 110 MUSIC FUNDAMENTALS

First semester 1 hour

Covers an introduction to the basic elements of music: notation, key signatures, rhythms, intervals, chords, etc. Focuses on reinforcing the content of Music Theory I. Does not apply to the music major. Must be taken concurrent with MUS 121.

MUS 111-112, 211-212, KEYBOARD PROFICIENCY I - IV

Each semester 1 hour

Class instruction in piano designed specifically for non-keyboard music majors who are working to pass the keyboard proficiency examination.

MUS 113-114, 213-214, 313-314, 413-414 ORGAN

(non-major)

MUS 115-116, 215-216, 315-316, 415-416 PIANO

(non-major)

MUS 117-118, 217-218, 317-318, 417-418 VOICE

(non-major)

MUS 119-120, 219-220, 319-320, 419-420 INSTRUMENT

(non-major)

Each semester 1-2 hours

Music lessons for non-music majors or secondary performing areas of music majors. Beginning students in voice and piano may be grouped in class lessons. One hour of credit for 5 hours of practice and one half-hour lesson per week. Audition required of all new students.

MUS 121-122 MUSIC THEORY I & II

Two semesters 8 hours

A study of basic harmonic materials, including scales, intervals, and triads; includes part-writing, sight-singing, melodic and harmonic dictation. Meets 5 hours weekly.

MUS 152 PIANO ACCOMPANIMENT/ENSEMBLE

Each semester 1 hour

May meet ensemble requirement for pianists not in a performing group. May be taken eight times. Graded on a pass/fail basis.

MUS 153-154, 253-254, 353-354, 453-454 ORGAN (major)

MUS 155-156, 255-256, 355-356, 455-456 PIANO (major)

MUS 157-158, 257-258, 357-358, 457-458 VOICE (major)

MUS 159-160, 259-260, 359-360, 459-460 INSTRUMENT

(major)

Each semester 1-2 hours

Music lessons for the music major in area of primary performance. One hour of credit for 5 hours of practice and one half-hour lesson per week. Audition required of all new students.

MUS 161 BRYAN CHORALE

Each semester 1 hour

Membership by audition. Meets three hours weekly. May be taken eight times. Graded on a pass/fail basis.

MUS 163 CHAMBER SINGERS

Each semester 1 hour

Membership by audition. Meets two hours weekly. May be taken

eight times. Graded on a pass/fail basis.

MUS 166 BRASS ENSEMBLE

Each semester 1 hour

Membership by audition. Meets weekly as scheduled by instructor. May be taken eight times. Graded on a pass/fail basis.

MUS 167 WOODWIND ENSEMBLE

Each semester 1 hour

Membership by audition. Meets weekly as scheduled by instructor. May be taken eight times. Graded on a pass/fail basis.

MUS 168 STRING ENSEMBLE

Each semester 1 hour

Membership by audition. Meets weekly as scheduled by instructor. May be taken eight times. Graded on a pass/fail basis.

MUS 169 OPERA/MUSIC THEATRE WORKSHOP

Either semester 1 hour

Participation in an actual production. Instruction in set design, stage lighting, costuming, etc. Offered on demand. May be taken eight times. Graded on a pass/fail basis.

MUS 175 WOMEN'S CHORUS

Each semester 1 hour

Membership by audition. Meets weekly as scheduled by instructor. May be taken eight times. Graded on a pass/fail basis.

MUS 190 SELECTED TOPICS IN MUSIC

Either semester 1-3 hours

May be repeated with different topics. Offered on demand.

MUS 207 GUITAR PROFICIENCY I

First semester 1 hour

Class instruction in guitar will focus specifically on helping students pass the guitar proficiency examination.

MUS 208 GUITAR PROFICIENCY II

Second semester 1 hour

Class instruction in guitar will focus specifically on helping students pass the guitar proficiency examination. Prerequisite: MUS 207.

MUS 210 MUSIC APPRECIATION

Second semester 3 hours

An introductory course designed to investigate the nature and role of music. Emphasis on the elements of music, the characteristic styles of major historical periods, and the lives and works of key composers within the Western musical tradition. Not open to music majors.

MUS 221-222 MUSIC THEORY III & IV

Two semesters 8 hours

Continuation of MUS 121-122 with a comprehensive approach to advanced harmony, song forms, instrumental writing, and 20th century style. Meets 5 hours weekly.

MUS 225-226 KEYBOARD SKILLS FOR WORSHIP I & II

Each semester 1 hour

Preparation for the church pianist, from hymns to praise choruses.

MUS 228 BASIC CONDUCTING

Second semester 2 hours

A study of the fundamental gesture, technique, and score preparation. Additional focus given to rehearsal procedures.

MUS 235 INTRODUCTION TO MUSIC TECHNOLOGY

First semester 2 hours

An introduction to the history, issues, and procedures related to Music and Technology. Focus is on Midi, Audio, and Studio issues. Open to Music majors, CM: Worship Arts option or permission from instructor only.

MUS 237 MUSICAL THEATRE

Either semester 3 hours

An introduction to the nature and history of American musical theatre from its early influences to contemporary productions. Emphasis on the development of the genre, significant works, people, and issues. Cross-listed as THT 237.

MUS 321 ORCHESTRATION

Either semester 2 hours

An introduction to the basic principles of orchestration including characteristics of and techniques for transcribing for the standard band/orchestral instruments both individually and as an ensemble; practical experience with electronic processes of creation, storage, and performance is included. Prerequisite: MUS 122. Offered on demand.

MUS 324 ANALYTICAL TECHNIQUES

Either semester 2 hours

Formal analysis of the motive, phrase, and period; the binary, ternary, rondo, and sonata forms; representative scores from the 17th to 20th centuries studied. Prerequisite: MUS 122. Offered on demand.

MUS 332 CHORAL CONDUCTING

First semester 2 hours

Principles of organization, achieving balance, blend, intonation; interpretation of literature; rehearsal techniques. Prerequisite: MUS 122 or permission of instructor. Offered alternate years.

MUS 333 INSTRUMENTAL CONDUCTING

Second semester 2 hours

An introduction to the discipline and practice of conducting with specific application to instrumental music. Emphasis on development of basic musicianship, baton and rehearsal techniques, score reading, and instrumentation. Prerequisite: MUS 122. Offered alternate years.

MUS 334 ORGAN LITERATURE

Either semester 2 hours

A historical survey of organ literature with consideration of the problems of technique and interpretation. Offered on demand.

MUS 335-336 PIANO LITERATURE I & II

Two semesters 4 hours

A broad survey of the repertoire of the piano. Offered on demand.

MUS 337 VOCAL LITERATURE

Either semester 2 hours

A broad survey of the repertoire for voice. Offered on demand.

MUS 339-340 HYMNOLOGY I & II

Two semesters 4 hours

An introduction to the history, criticism, and practical use of hymns and tunes with emphasis on their authors and composers. First semester: from Old Testament times through the 18th Century; Second semester: from 18th Century to the present. Offered alternate years.

MUS 341 MUSIC HISTORY I

First semester 2 hours

An introduction to the basic principles of World Music and a survey of representative literature; a survey of the history and literature of music from the Greek era through the Middle Ages. Offered alternate years.

MUS 342 MUSIC HISTORY II

Second semester 2 hours

A survey of the history and literature of music during the Renaissance and Baroque periods. Offered alternate years.

MUS 343 MUSIC HISTORY III

First semester 2 hours

A survey of the history and literature of music during the Classic and Romantic periods. Offered alternate years.

MUS 344 MUSIC HISTORY IV

Second semester 2 hours

A survey of the history and literature of music during the twentieth century with additional emphases on American vernacular traditions. Offered alternate years.

MUS 345 HISTORY OF CHURCH MUSIC

First semester 2 hours

An introduction to the philosophy, history, and practice of music in worship and renewal from biblical times to the present with emphasis on the evangelical heritage as a basis for present and future service. Offered alternate years.

MUS 346 CHURCH MUSIC ADMINISTRATION

Second semester 2 hours

Organizing and administering the church music program. The role of the minister of music. Developing a graded choir system. Offered alternate years.

MUS 347 BAND DIRECTOR METHODS

First semester 2 hours

Philosophy, materials, and methods of directing instrumental groups, particularly school bands. Involves marching, planning shows, music filing and organization, instrument repair, public relations, and finances. Offered on demand.

MUS 375 INTERNSHIP

Either semester 2 hours

Supervised experience in worship planning and leadership in the local church. Offered on demand. May be taken twice for credit for a total of four credits.

MUS 390 SELECTED TOPICS IN MUSIC

Either semester 1-3 hours

May be repeated with different topics. Offered on demand.

MUS 400 ADVANCED RESEARCH

Either semester 3 hours

Provides the academically gifted student with research skills useful in the pursuit of graduate work. Must comply with FDC guidelines.

MUS 422 METHODS OF TEACHING VOICE

Second semester 2 hours

An examination of the various philosophies and methods of vocal production. The students will also learn through performance for and constructive criticism of each other. Permission of the instructor

required. Each student will instruct an individual, approved by the Professor, for a period of 8 weeks. Offered on demand.

MUS 425 METHODS OF PIANO TEACHING

First semester 2 hours

A survey of piano methods, practical and philosophical aspects of piano teaching, and observation of private and group lessons. Permission of the instructor required. Offered on demand.

MUS 426 PIANO TEACHING PRACTICUM

Second semester 2 hours

Supervised piano teaching at the elementary and intermediate levels. Prerequisite: MUS 425.

MUS 427-428 METHODS OF TEACHING ORGAN I & II

Two semesters 4 hours

A survey of organ teaching methods, from the beginner to the lower advanced student; including research on the various aspects of organ performance, practice in teaching, and observation of organ instruction. Permission of the instructor required. Offered on demand.

MUS 435 BRASS AND PERCUSSION METHODS

First semester 2 hours

An introduction to the principles, methods, and materials related to the playing and teaching of brass and percussion instruments. Offered on demand.

MUS 436 WOODWIND METHODS

Second semester 2 hours

An introduction to the principles, methods, and materials related to the playing and teaching of woodwind instruments. Offered on demand.

MUS 437 STRING METHODS

Second semester 2 hours

An introduction to the principles, methods, and materials related to the playing and teaching of string instruments. Offered on demand.

MUS 448 METHODS OF TEACHING ELEMENTARY SCHOOL MUSIC

First semester 2 hours

An introduction to the philosophies, materials, and methods of teaching music in the elementary school. Offered on demand.

MUS 449 METHODS OF TEACHING SECONDARY SCHOOL MUSIC

Second semester 2 hours

An introduction to the philosophies, materials, and methods of teaching music in the secondary school. Offered on demand.

MUS 470 INDEPENDENT STUDY

Either semester 1-3 hours

MUS 490 SENIOR MUSIC SEMINAR

First semester 1 hour

A review of music content areas as preparation for the GRE, NTE, and praxis tests. Emphasis on formulation and articulation of Christian worldview in relation to music. Preparation for pursuing graduate school and musical vocations. Open only to senior music majors.

PHILOSOPHY

PHIL 111 CONTEMPORARY WORLDVIEWS

Summer 2-3 hours

An exploration of the assumptions of contemporary approaches to issues in society. Includes the study of New Age, Marxism, Naturalism, and Theism. (This course is offered only in conjunction with Summit Ministries, Manitou Springs, Colorado.)

PHIL 112 UNDERSTANDING THE TIMES

2-3 hours

An exploration of worldview answers to contemporary questions of origins, revelation, epistemology, applied ethics, and interdisciplinary topics. (This course is offered for credit only through participation in the Understanding the Times curriculum available through Summit Ministries of Manitou Springs, Colorado. Two credit hours are earned for successful completion of the 90 day syllabus and three credits for the 180 day syllabus.)

PHIL 211 INTRODUCTION TO PHILOSOPHY

Both semesters 3 hours

A consideration of the basic areas of philosophy, with special attention given to metaphysics (e.g. existence of God), epistemology, and moral philosophies.

PHIL 290 SELECTED TOPICS IN PHILOSOPHY

Either semester 3 hours

Selected studies in philosophy. May be repeated with different topics. Offered on demand.

PHIL 310 PHILOSOPHY OF SCIENCE

Second semester 3 hours

An examination of the nature of science: its methods, its scope, its strengths and limitations, and how it relates to other ways of knowing. Emphasis is on 20th century philosophies of science. A previous college level science class is recommended preparation for the course. Cross-listed as BIO 310.

PHIL 312 PHILOSOPHY OF RELIGION

Either semester 3 hours

A study of the nature of religion and religious claims, as well as the nature of religious language and experience. Offered on demand.

PHIL 313 ANCIENT & MEDIEVAL PHILOSOPHY

First semester 3 hours

A chronological survey of major ideas and thinkers, from early Greek thought through the Middle Ages, including, e.g. Plato, Aristotle, Augustine, and Aquinas. Offered alternate years.

PHIL 314 MODERN & CONTEMPORARY PHILOSOPHY

Second semester 3 hours

A chronological survey of major ideas and thinkers from Descartes to the modern period, including Hume, Kant, Nietzsche and Wittgenstein. Offered alternate years.

PHIL 315 INTRODUCTION TO ETHICAL THINKING: HOW SHOULD WE LIVE?

First semester 3 hours

An introduction to ethical theories, the meaning of moral judgments, justification of moral claims, and ethical thinking as applied to some contemporary issues and to the Christian's life in the world. Offered alternate years.

PHIL 316 LOGIC AND CRITICAL THINKING

Second semester 3 hours

A study of the principles of correct and fallacious reasoning. Selected contemporary issues used for case studies. Students will also engage in debates on contemporary topics.

PHIL 470 INDEPENDENT STUDY

Either semester 1-3 hours

PHIL 493-494 SELECTED TOPICS IN PHILOSOPHY

Either semester 3 hours

Selected studies in philosophy, such as epistemology, apologetics, ethics, metaphysics, and other related topics. May be repeated with different topics. Offered on demand.

PHYSICAL SCIENCE**PHYS 111 SURVEY OF PHYSICAL SCIENCE**

Either semester 4 hours

Introduction to the basic principles of physical science, including: motion, force, energy, wave-motion, heat, electricity, magnetism, and structure of matter. Required for secondary licensure in biology; offered on demand for those students. Lecture, 3 hours; lab, 3 hours.

PHYS 112 ASTRONOMY

Second semester 4 hours

Introductory survey of the basic concepts of historical and modern astronomy. The course covers the history and methods of astronomy; motions of the night sky and naked eye observations; atoms and light; optics and telescopes; the solar system; stellar structure and evolution; galaxies, the Hubble Red Shift, and cosmology. Lecture, 3 hours; lab, 3 hours. Offered alternate years.

PHYS 190 SELECTED TOPICS IN PHYSICAL SCIENCE

Either semester 1-4 hours

Designed to supplement offerings in other physical science courses when appropriate to meet students' needs or interests. May be repeated with different topics. Offered on demand.

PHYS 211 EARTH SCIENCE SURVEY

First semester 4 hours

A survey of geology, oceanography, meteorology and astronomy. Topics include: the nature of science, minerals and rocks, dynamic properties of the crust, plate tectonics, fossils, relative and absolute dating, winds, cloud-formation, precipitation, weather maps and forecasting, topography of the ocean floor, ocean currents and climate, coastal landforms, celestial motions, ancient and modern cosmologies, and basic properties of the planets and the stars. Lecture, 3 hours; lab, 3 hours; field trips.

PHYS 214 ENVIRONMENTAL GEOLOGY

Second semester 4 hours

A study of Earth's properties and processes, including minerals and rocks, weathering, evolution of landforms, seismicity, crustal deformation, and resources and environment. Emphasis is on the Earth's dynamic systems, both tectonic and hydrologic. Lecture, 3 hours; lab, 3 hours; and field trips. Offered alternate years.

PHYS 215 WEATHER STUDIES

First semester 4 hours

A study of topics in the atmospheric sciences, meteorology, and climatology. Topics include: the origin, composition, and structure of the atmosphere; the earth's radiation balance; dynamics of the atmosphere; humidity, clouds, and precipitation; weather fronts and

weather systems; storms and forecasting; observation and analysis of weather in real-time, using radar and satellite imagery. The primary objectives of the course are to increase students' understanding of weather as the function of a dynamic atmosphere and to enable them to interpret real-time weather data. Lecture, 3 hours; lab, 3 hours.

PHYS 241 GENERAL PHYSICS I

First semester 4 hours

First half of an algebra-based course stressing the fundamental concepts of physics: mechanics, wave motion, and sound. Lecture, 3 hours; lab, 3 hours. Prerequisites: MATH 099 or 117.

PHYS 242 GENERAL PHYSICS II

Second semester 4 hours

Second half of an algebra-based course stressing the fundamental concepts of physics: electricity and magnetism, optics, and modern physics. Lecture, 3 hours; lab, 3 hours. Prerequisite: PHYS 241. Offered alternate years.

PHYS 245 COLLEGE PHYSICS I

First semester 4 hours

This course will provide an introduction to classical mechanics and thermodynamics, including kinematics, dynamics, energy, momentum, rotational motion, oscillatory motion, wave motion, fluid mechanics, and thermodynamics. The mathematical requirements are a working knowledge of differential and integral calculus. No prior knowledge of physics is assumed. Prerequisite: MATH 122. Offered alternate years.

PHYS 246 COLLEGE PHYSICS II

Second semester 4 hours

This course will provide an introduction to classical electricity and magnetism, electromagnetic waves, geometrical and physical optics, and modern physics, including atomic and nuclear physics and relativity. Prerequisites: PHYS 245 and MATH 221. Offered alternate years.

PHYS 390 SELECTED TOPICS IN PHYSICAL SCIENCE

Either semester 1-4 hours

Designed to supplement offerings in other physical science courses when appropriate to meet students' needs or interests. May be repeated with different topics. Offered on demand.

PHYS 470 INDEPENDENT STUDY

Either semester 1-3 hours

POLITICS & GOVERNMENT**PSGS 110 POLITICS AND RELIGION**

Either semester 3 hours

A study of the intersection of politics and religion within the contemporary American context. Offered on demand.

PSGS 212 POLITICS, PHILOSOPHY, AND ECONOMICS

Second semester 3 hours

This introductory course offers a broad overview of philosophy and economics as foundation stones for governmental structure, as well as bases for political thought, i.e., how such foundation stones (philosophy and economics) form the underpinning for current political thinking and activity in the United States.

PSGS 221 ORIGINS & BASIS FOR GOVERNMENT

Second semester 3 hours

Government finds its roots in the sovereignty of God. This course

is a primer in political thought and theory, surveying crucial ideas in political philosophy, using, for example, the Bible, the writings of Plato, Augustine, Aquinas, Machiavelli, Hobbes, Locke, Rousseau, Hegel, Marx, Nietzsche, Bastiat, Nash and Wilson.

PSGS 225 STATE AND LOCAL GOVERNMENT

Either semester 3 hours

Analysis of the institutions and issues of state and local governments in the U.S., in the context of a federal system. SCHOOL OF ADULT & GRADUATE STUDIES

ADULT UNDERGRADUATE PROGRAMS

ASSOCIATE OF SCIENCE (ASB)

DEGREE COMPLETION PROGRAM (BSBA)

Welcome from the President

Solomon wrote that “a desire accomplished is sweet to the soul,” and nothing gives greater satisfaction than achieving your educational goals and realizing the vocational opportunities which your education can give to you. Bryan College’s School of Adult and Graduate Studies (AGS) is comprised of undergraduate programs featuring the Bachelor of Science in business administration (BSBA), Bachelor of Science in applied psychology (BSAP), as well as a Master’s in Business Administration and a Master of Arts with a major in Christian Studies.

The adult friendly programs in AGS is designed to assist you in finishing your college education in a way that takes advantage of the knowledge and experience which you have already acquired in the workplace, and working together with colleagues, enables you to blend theory and practice in an efficient and proven program designed to meet the demands of your busy schedule.

Today’s marketplace ensures that we will all be life-long learners, and Bryan’s regionally and professionally accredited programs provide the certainty that you will be well-prepared for success and increasing opportunities throughout your life. With instructors who are tenured faculty and professionals who are currently serving as leaders in business and with an approach to learning built on timeless biblical truths, I know that your Bryan experience will enable you to realize your dreams and accomplish your desires.

Welcome aboard!

Stephen D. Livesay, Ph.D.
President

Welcome from the Dean of Adult and Graduate Studies (AGS)

If you are an adult thinking about going back to school, congratulations, on considering a life-changing option. We know that you do not do this without serious soul searching! The School of Adult and Graduate Studies at Bryan College understands how momentous this decision is for you.

Let me assure you that the degree programs in AGS are designed so that you can remain self-directed and in charge of your own life. You will be able to decide what is important to you in the learning processes to which you will be exposed. Every attempt is made to maintain a professional and collegial learning environment. The adult classroom thrives on the synergy of the participants. Your ideas, experiences, and contributions are what makes adult learning so exciting. We have selected Isaiah 41:10 as the theme verse for AGS. It is printed below. This verse captures the spirit of the adult learning process at Bryan College.

Feel free to ask questions at every step of the process. I believe that your life will be enriched by taking this step. In fact, I am confident that you will look back on this experience wondering why you didn't do it sooner!

Dr. Michael Chase
Dean, School of Adult and Graduate Studies

Theme Verse

*Do not fear, for I am with you; Do not anxiously look about you, for I am your God.
I will strengthen you, surely I will help you, surely, I will uphold you with My righteous right hand.*

Isaiah 41:10

Admission Requirements

Adult Undergraduate Programs

Application is the first step in the admissions process. Immediately after we receive your application, application fee, and all official transcripts, we will carefully review each aspect of your file. When it is complete, you will be notified of your admission status. **You are encouraged to apply as early as possible to avoid a delay in your start date in the program.**

The requirements for admission to the adult undergraduate programs (ASB, BSBA or BSAP):

1. High school diploma or equivalency.
2. Completion of the application form and payment of the \$35 application fee.
3. Official transcripts from all schools, including high school, colleges and universities previously attended. (Note: HS transcript is not required if student has 12 hours of acceptable transfer work.)

In order to begin a degree completion cohort for the BSBA or BSAP the following *additional* criteria must also be met:

1. Completion of 48 semester hours.
2. Reached 21 years of age or older.
3. Minimum 2 years of meaningful work experience or employment.
4. Minimum cumulative GPA of 2.0.
5. For the Applied Psychology program successful completion of PSY 111 General Psychology (or equivalent) is required prior to the start of the program.

Conditional Admission

Any applicant not meeting these requirements may be given consideration for conditional admission by the AGS Admissions Committee. Conditional admission is reserved for prospective students that may not meet all requirements for full admission but demonstrate potential for success in the program. Prospective students work through their admissions counselor if they wish to petition for conditional admission. Typically the student admitted on condition will have one term in which he/she must earn at least a 2.0 GPA and fulfill any further conditions of the admission.

Transfer of Credit – ASB program

Each student's transcript is evaluated individually, on a case by case basis, as part of the Admission process. Credits will normally be accepted in transfer from regionally accredited colleges for college level coursework (remedial/developmental courses are not transferred) in which a minimum grade of C- (or equivalent) has been earned. No more than 12 hours of repeatable coursework in a discipline or field of study will be accepted in transfer. Only credit hours are transferred and such hours are not included in the calculation of a student's GPA. Credits from schools which are not regionally accredited or which hold specialty/national accreditation are transferred at the option of the College after a thorough review. Industrial/ technological/vocational courses normally are not transferable. These include courses in which the credentials earned depict proficiency in an area of employment skill only (i.e., aviation, automotive mechanics, cosmetology, office administration, welding etc.). Credit beyond what is needed for the degree is not transferred. International students who have post-secondary transcripts that may apply toward a degree at Bryan are responsible for submitting those records to an approved agency that will translate and evaluate the documents. The cost for this service is

the responsibility of the student.

Transfer Credit for Program Requirements

Please note that students must complete a minimum of 30 hours at Bryan College in order to earn an associate's degree from Bryan College. If already completed coursework seems the same as a course (or courses) within the program please contact the admissions counselor. The exemption of any program requirements will need to be determined during the Admissions process prior to enrollment.

Undergraduate Programs Academic Policies and Procedures

Policy on Catalog Change and Course Schedule

Although this catalog is intended to give a realistic statement of admissions requirements and procedures, academic policy and practice, the program of instruction, expenses, financial aid programs, etc., Bryan College reserves the right to make alterations as circumstances may require.

Credit by Examination*

Bryan College will grant credit for nationally recognized examinations (such as CLEP, AP, IB) in addition to the program modules and CPL.

CLEP Examinations

Students whose score meets or exceeds the American Council on Education (ACE) recommendation on a CLEP Examination which approximates a course offered at Bryan will receive credit for the number of semester hours listed in the catalog for that course (unless the ACE recommendation is less). The College Composition Modular with essay will be evaluated by the English faculty of Bryan College who will determine whether credit will be awarded. Examinations which Bryan accepts include:

Onsite Class Attendance Policy

Bryan College is a Christian liberal arts institution committed to undergraduate learning. Faculty members of the college are dedicated to instruction. Research has shown that students who get good grades attend class regularly. Therefore at Bryan College, a high value is placed on student attendance in class sessions and other formal and informal learning activities.

1. Each instructor will keep a record of class attendance and will report it weekly.
2. One class absence per module is permitted for unavoidable personal and business emergencies. The instructor must be notified *before* this emergency absence occurs, if at all possible. If not possible, then the student must contact the instructor within 24 hours of the absence. All assignments are due prior to the class absence.
3. For each session that is *5 weeks* in length, the last opportunity to drop the course with and receive a “W” is at the end of the third week of the session. Following that time you will receive a final grade for the course (whether you choose to finish the course or not). *Reminder: There is no financial refund of any kind after the course begins.*
4. Students arriving more than one hour late or leaving more than one hour early will be considered absent for that class. A student must be present for 3 of the 4 hours of class to be counted present.
5. Students who have not completed financial aid forms and paid tuition for the current term by the 5th class meeting of the first module will be administratively withdrawn.

Online Course Policies and Procedures

Due to the nature of online education there are certain policies and procedures that must be adjusted or modified to meet the particular needs of online students. The following policies and procedures are intended to assist in that endeavor.

Making Payments

Payment is due *in full* two weeks prior to the course start date. In order to use financial aid your awards must be complete or pending. Payment can be made online via credit/debit card or you can mail a check to:

Bryan College
Attn: Business Office
P.O. Box 7000
Dayton, TN 37321

Attendance Policy

The Bryan College Online Learning Attendance / Automatic Drop Policies are as follows:

No show: Students who do not notify the college appropriately (as outlined below) and who do not log in to their course(s) during the first official week, and who have NOT previously notified the professor of their absence **will be automatically dropped from the course**. There is a \$150.00 administrative fee assessed to students who are automatically dropped.

Out of attendance: Any student who is determined to be out of attendance after the course begins will also be automatically withdrawn. Attendance is based on weekly participation in class activities and/or timely submission of assignments. *Students determined to be out of attendance will still be responsible for the full cost of tuition.*

Voluntarily Withdrawing

The guidelines for voluntarily withdrawing in order to receive a) full tuition refund or b) a “W” as opposed to a letter grade are as follows:

Full Tuition Refund: There is only ONE WAY for you to voluntarily drop and receive a 100% tuition refund: You must officially notify the Student Services Coordinator in writing via email. To receive a full refund you must drop by Monday, prior to the official start date of the class. The email must be received BEFORE midnight Eastern Time on the Monday prior to the start of the course.

Deadline to Voluntarily Withdraw (Academic): For each session that is 5 weeks in length, the last opportunity to drop the course with and receive a “W” is at the end of the third week of the session. Following that time you will receive a final grade for the course (whether you choose to finish the course or not). *Reminder: There is no financial refund of any kind after the course begins.*

Registration

Students will be added to the preliminary class list up to the course registration deadline which is the first of the month in which the course starts. Following the registration deadline students will then be officially registered for the course. After students are registered access to the online tutorial will be granted. Access to actual course materials will be granted three days prior to the course start. Under normal circumstances, no course will be offered unless there is an enrollment of at least eight persons. Exceptions must be approved by the Dean of the School of Adult and Graduate Studies.

End of Course

Courses end at midnight on Monday evening at the end of the last week. Assignments will not be accepted after the last night of the course unless prior arrangements have been made with the instructor. You may view your final grade using your eStudent account. Grades will typically be posted within three weeks after the end of the course.

Graduation Requirements (ASB)

To graduate with an Associate of Science degree with a major in Business, a student must meet the following requirements:

1. Complete a total of 60 semester hours accepted by Bryan College.
2. Complete a minimum of 30 hours of coursework through instruction at Bryan College.
3. A minimum of 15 hours in the major must be taken through instruction at Bryan College. All coursework in the major must be completed with a C- or higher.
4. Have a cumulative grade point average of at least 2.0 (on a 4.0 scale).
5. Complete the program of study for the ASB.
6. Complete the General Education requirements as prescribed for the ASB.

Program of Study (ASB)

Bryan College offers the Associate of Science in Business in an online format so that students can achieve their academic and career goals on their schedule. The online program mimics the onsite atmosphere by providing students with a learning environment in which they can collaborate and interact with instructors and fellow students.

* A grade of C (2.0) or better must be earned in both ENG 109 and 110 in order to enroll in subsequent terms in the ASB program. Students in this situation will be allowed to complete courses for which they are already registered for in the same term. ENG 110 College Writing II may not be attempted until ENG 109 has been completed satisfactorily. Students who earn less than a C in ENG 109 College Writing I or ENG 110 College Writing II will have one opportunity to repeat the course(s) and must do so before enrolling in any other courses.

Satisfactory Academic Progress

Students must demonstrate through their scholastic records that they are making satisfactory academic progress toward completion of their program of study in order to maintain eligibility for enrolling in classes. The qualitative standard for academic progress requires that students must maintain a cumulative grade point average of 2.0 or higher. Also, see the section on *Student Financial Assistance* regarding maintaining eligibility for financial aid.

Academic Probation

Should the cumulative grade point average of a student fall below 2.0, the student will be placed on academic probation. The probation student must improve his/her grade point average to 2.0 within subsequent courses as prescribed by the Dean.

Academic Suspension and Dismissal

A student on probation who fails to remove probationary status as prescribed by the Dean may be withdrawn. Consideration will be given to the student's continuance only if the student has shown sufficient improvement in academic performance during the probationary term to indicate a good probability of success toward graduation. Should a student's grade point average fall to a point where there is no reasonable possibility of bringing it to the level required for graduation, the student will be dismissed. A student dismissed for academic reasons may apply for re-admission, but will be re-admitted only on approval of the Dean.

Commencement Participation

All students eligible for graduation are encouraged to participate in commencement exercises held in May and December following the completion of the program of instruction and the completion of all graduation requirements. In no case may a student participate in two commencement exercises for the same degree. Note that at the associate's degree level graduates are not eligible for Latin honors.

Exceptions to Academic Policies and Procedures

A petition for exception to academic regulations may be made by obtaining a petition form from Student Services. The completed form, signed by the student, is then considered by the AGS appeals committee. Once the committee has made a decision, the student is notified in writing within 90 days of the appeal. If the student finds that outcome unsatisfactory the student may further appeal the decision to the office of the Vice President of Academics. A written response to the second appeal will be communicated to the student within 90 days of the second appeal.

Application Fee*†	\$35.00
Re-Admission Fee	\$100.00
Graduation Fee	\$100.00
Tuition per credit hour.....	\$285.00

*Non-refundable

†Application fee is not covered by financial aid and must be paid in advance.

Any unpaid charges may be subject to collection agency cost, attorney fees, or credit bureau reporting. Bryan College retains a security interest in all transcripts, diplomas, letters of recommendation, or grade reports which will not be released until all debts are fully paid.

NOTE: For information about loans and grants, see the section on Student Financial Assistance.

Tuition Payments

Tuition for the first term is due on or before the first day of class. Tuition for the remaining terms will be due approximately two weeks prior to the first class session of each term. An email will be sent to your Bryan email address if there is any balance due after all financial aid has been applied.

BSBA/BSAP Degree-Completion Programs

What is the Degree-Completion Program?

Bryan College has developed its degree-completion programs to meet the needs of adult students who are 21 years or older and have completed approximately two years of college credit. These students are normally working full-time and are interested in completing their degree in the evening while continuing to work. Each group attends classes one night per week on a year-round basis, allowing an early completion of the degree.

Program Purpose

Bryan College has developed the adult degree-completion programs to meet the educational needs of those who:

- Want to complete their college degree in a non-traditional format and delivery system
- Have completed approximately two years of college
- Are 21 years of age
- Have 2 years of significant or meaningful work experience
- Are highly motivated to finish their degree
- Can schedule their time carefully and discipline themselves to meet the demands of this program
- Want to complete their degree in a Christian setting
- Want to work with a highly qualified faculty who are committed to the student and his or her future
- Are working full-time

Program Benefits

Students in the program will be able to:

1. Complete their Bachelor's degree in as little as sixteen months.
2. Convert significant life learning into college credit by documenting past training, work-related projects, and past learning.
3. Attend class only one evening each week (onsite).
4. Improve communication and other management skills while strengthening their position in the job market.
5. Graduate with a Bachelor of Science (BS) degree with either a major in Business Administration or Applied Psychology from an accredited college, and be eligible to pursue studies at the graduate level.
6. Meet frequently in a seminar format (onsite) and benefit from the varied experiences and ideas of classmates.
7. Attend small classes with the same students during the course of study, and develop group cohesiveness.
8. Receive individualized instruction and attention.
9. Gain the personal satisfaction from fulfilling a major educational goal.

Transfer of Credit

Each student's transcript is evaluated individually, on a case by case basis, as part of the Admission process. Credits will normally be accepted in transfer from regionally accredited colleges for college level coursework (remedial/developmental courses are not transferred) in which a minimum grade of C- (or equivalent) has been earned. A maximum of 76 hours will be accepted from two year colleges. The College will accept credit by transfer which is applicable toward general education requirements and elective credit, up to 87-88 semester hours. Elective credit beyond that required to meet the 124 semester hour minimum will not be transferred. No more than 12 hours of repeatable coursework in a discipline or field of study will be accepted in transfer. Only credit hours are transferred and such hours are not included in the calculation of a student's GPA. Credits from schools which are not regionally accredited or which hold specialty/national accreditation are transferred at the option of the College after a thorough review. Industrial/technological/vocational courses normally are not transferable. These include courses in which the credentials earned depict proficiency in an area of employment skill only (i.e., aviation, automotive mechanics, cosmetology, office administration, welding etc.). International students who have post-secondary transcripts that may apply toward a degree at Bryan are responsible for submitting those records to an approved agency that will translate and evaluate the documents. The cost for this service is the responsibility of the student.

Transfer Credit for Program Requirements

No more than six semester hours of transfer credit will be applied toward requirements within the degree completion program. Courses at the 100 and 200 levels will typically not be considered as equivalencies for 300 and 400 level courses.

Please note that students must complete a minimum of 31 hours at Bryan College in order to earn a degree from Bryan College. If already completed coursework seems the same as a course (or courses) within the program please contact the admissions counselor. The exemption of any program requirements will need to be determined during the Admissions process prior to enrollment.

Graduation Requirements (BSBA/BSAP)

To graduate with a Bachelor of Science degree:

1. Complete a total of 124 semester hours accepted by Bryan College.
2. Have a cumulative grade point average of at least 2.0 (on a 4.0 scale).
3. Complete the selected program of study (Business Administration or Applied Psychology).
4. Complete the 30 hours of General Education requirements.

Commencement Participation

All students eligible for graduation are encouraged to participate in commencement exercises held in May and December *following* the completion of the program of instruction and the completion of all graduation requirements. In no case may a student participate in two commencement exercises for the same degree.

Graduation with Honors

Upon the recommendation of the faculty, a student who is a candidate for the Bachelor of Science degree who has completed at least 48 semester hours of graded coursework at Bryan, will graduate with honors as follows:

- *cum laude* for a cumulative grade point average of 3.60-3.74
- *magna cum laude* for a cumulative grade point average of 3.75-3.89
- *summa cum laude* for a cumulative grade point average of 3.90-4.00

The Degree Offered

Through the BSBA program, Bryan College grants the baccalaureate (four-year) degree. It is an interdisciplinary Bachelor of Science degree, which provides specialized, professional preparation for a business management related vocation. The interdisciplinary degree program has four options: Business Administration with an Organizational Management option, Business Administration with a Healthcare Management option, Business Administration with a Human Resource Management option and Business Administration with a Leadership option. The Organizational Management option integrates required courses from management, business, and Bible/philosophy. The Healthcare Management option integrates required courses specific to healthcare management issues. The Human Resource Management option offers courses specific to the field. The Leadership option offers additional courses to prepare students to lead 21st century organizations.

In keeping with the mission of Bryan College, of “educating students to become servants of Christ to make a difference in today’s world” the School of Adult and Graduate Studies also offers a Bachelor of Science in Applied Psychology (BSAP) degree-completion program. The BSAP is designed for the adult, non-traditional student. The program offers non-traditional students a degree program that will prepare them to work in a variety of human services organizations or provide preparation for further study in the field of psychology.

Curriculum

The curriculum contains 12-16 modules. The term *module* is used to indicate the integrated nature of the curriculum; it is not just a collection of independent courses. Each module is scheduled sequentially in a way that allows you to fit the program into an already busy schedule. Typically modules are delivered from 6:00-10:00 PM, one evening per week, for the two to three semesters of the program (onsite) or in an online format. One module is taken at a time and students will progress through the program together.

The modules are typically scheduled over three terms. The curriculum will be distributed in a series of syllabi and texts with detailed assignments for each week, helping you adjust your study schedule accordingly.

The BSBA and BSAP courses are taught by members of Bryan College’s full-time faculty and professional adjunct faculty. Each of the named faculty in the schedule hold earned doctorates in their respective disciplines or other advanced degrees plus professional experience. In addition, the faculty members have backgrounds that uniquely qualify them for instruction of adults in the Program.

Under normal circumstances, no course will be offered unless there is an enrollment of at least eight persons. Exceptions must be approved by the Dean of the School of Adult and Graduate Studies.

Credit for Prior Learning

Students in a bachelor’s degree completion program may be eligible to earn additional semester hours through submission and evaluation of a Credit for Prior Learning (CPL) Portfolio. This credit may be derived from a number of different sources, including workshops, seminars, self-study, non-credit classes, military, workplace or other training programs, and work experience. Please note that it is the *learning* from these sources that is evaluated (not experience alone) and may result in credit hours being awarded. An online course will be offered each term to teach the student how to prepare a Credit for Prior Learning Portfolio. This course will be a prerequisite to submitting a portfolio for assessment. Details on this process may be found in the CPL Handbook. Deadlines for submission may be found on the Adult Undergraduate Application for Graduation.

Academic Policy and Practice

ASB, BSBA and BSAP

Satisfactory Academic Progress

Students must demonstrate through their scholastic records that they are making satisfactory academic progress toward completion of their program of study in order to maintain eligibility for enrolling in classes. The qualitative standard for academic progress requires that students must maintain a cumulative grade point average of 2.0 or higher. Also, see the section on *Student Financial Assistance* regarding maintaining eligibility for financial aid.

Academic Probation

Should the cumulative grade point average of a student fall below 2.0, the student will be placed on academic probation. The probation student must improve his/her grade point average to 2.0 within subsequent courses as prescribed by the Dean.

Academic Suspension and Dismissal

A student on probation who fails to remove probationary status as prescribed by the Dean may be withdrawn. Consideration will be given to the student's continuance only if the student has shown sufficient improvement in academic performance during the probationary period to indicate a good probability of success toward graduation. Should a student's grade point average fall to a point where there is no reasonable possibility of bringing it to the level required for graduation, the student will be dismissed. A student dismissed for academic reasons may apply for re-admission, but will be re-admitted only on approval of the Dean.

Student Services

Student services which are specifically relevant to an adult degree completion program consist of those designed to meet the needs of adult, off-site learners who generally hold full-time jobs and are primarily (approximately two-thirds) married students, generally considered to be a more mature population.

Students have direct access to the Dean for the School of Adult and Graduate Studies who provides administrative support and counsel. The more specific and personal needs of adult students are addressed by the Coordinator of Student Services who assists students with individual matters of scheduling, academic records, and graduation planning.

In addition, each cohort group elects its own student representative. Student representatives provide the communication link between students and administration, and facilitate the course and instructor evaluation process.

Every two years the program has revised its *Planning and Assessment Guide*, which defines its role in the support of the institution mission, and has developed a *Two-Year Timeline* to identify strategies to achieve that mission. An annual Institutional Effectiveness Report, developed by the Dean for the School of Adult and Graduate Studies, summarizes the degree to which student support activities meet the broader institutional mission and the program's more focused program goals.

Student Complaint Procedure

Student complaints that cannot be mediated by a cohort professor are submitted to the Dean for the School of Adult and Graduate Studies. Any decisions that do not satisfy a student may be submitted in writing to the AGS Appeals Committee. Student complaints must be submitted within 90 days of the event, and student complaints will be addressed within 120 days of the event.

Students taking classes in Georgia locations may appeal the final institutional decision to:

Transcript of Record

The registrar keeps on file a permanent record of all credit earned by each student. Transcripts of record are issued only upon receipt of a written request signed by the student in accordance with the Family Educational Rights and Privacy Act. Before an official transcript will be issued, the student's financial obligations at the college must have been met, and there must be no record that the student is in default status on any student loan. A \$5 fee is currently being charged for each official transcript.

Grading Practices and Standards

Definition of Grades Used

- The grade of **A** is given for on-time work which fulfills module requirements at a superior level of performance and which manifests outstanding interest, effort, responsibility, and creativity. (A = 4.0 Quality Points; A- = 3.7)
- The grade of **B** is given for work which fulfills module requirements at an above average level of performance, and which manifests above average interest, effort, responsibility, and originality. (B+ = 3.3 Quality Points; B = 3.0; B- = 2.7)
- The grade of **C** is given for work which fulfills module requirements at an average level of performance, and which manifests an adequate interest, effort, responsibility, and improvement. (C+ = 2.3 Quality Points; C = 2.0; C- = 1.7)
- The grade of **D** is given for work which falls short of fulfilling module requirements at an average level of performance, and which manifests a lack of interest, effort, responsibility, or which shows a need for improvement. (D+ = 1.3 Quality Points; D = 1.0; D- = 0.7)
- The grade of **F** indicates failure, carries no credit, and is given for work which fails to meet minimum module requirements. (F = 0.0 Quality Points)
- **W** - Withdrawn from course; (applied when student misses two or more classes in a module).
- The grade of **I** for incomplete is given only when extended illness or other emergency circumstances beyond the student's control prevent the student from completing the module requirements. Students who are approved for an **I** are required to complete module work within eight weeks from the due date of the final assignments unless an extension approved by the instructor and the Dean for the School of Adult and Graduate Studies is granted. After this period, if the student fails to complete the module requirements, the **I** will be changed to an **F** and is recorded on the student's transcript.

Late Homework

Since the Field Experience Model is dependent upon having adult learners come to class as informed participants, all assignments need to be completed on time prior to class. Late homework will be graded down one letter grade per 24 hours that it is late. For example, work that was due in class on Thursday if handed in on Friday cannot be graded higher than a **B**. That **B** becomes a **C** on Saturday, a **D** on Monday (skip Sunday), and an **F** on Tuesday.

Module Credit

Most modules in the program provide 3 semester hours of credit, meet for four hours an evening for five weeks (onsite),

and require a significant amount of out-of-class work by the student. For information on the content of the modules, see the *Program of Study* section of this catalog. In all of the courses which are part of the major, a grade of *C* or better must be earned in order to count toward the degree. Courses in which a *D* or *F* are earned must be repeated at the student's expense.

Computation of Grade Point Averages

Grade point averages are determined by dividing the sum of the quality points earned by the sum of the semester hours attempted. Averages are computed only for work taken at Bryan College and are shown in detail on the student grade report and transcript.

Academic Appeals Process

If a student believes that a grade in a class is incorrect or that the professor has not graded the work in a responsible manner, he or she has the right to appeal the grade, in writing, to the Director of Student Services within 90 days of the final grade being posted to the student's transcript. The appeal will be heard by the Academic Appeals Committee at their next regular meeting. Appeals made after the 90 day window, inclusive of non-business days and standard college vacation days, will not be considered valid and may not be entertained by the Committee. The decision of the Committee is final and no further appeal is available. Details as to the construction of the appeal letter and its contents can be obtained by contacting the Office of the Dean of Adult & Graduate Studies.

*Non-refundable

†Application fee is not covered by financial aid and must be paid in advance.

Any unpaid charges may be subject to collection agency cost, attorney fees, or credit bureau reporting. Bryan College retains a security interest in all transcripts, diplomas, letters of recommendation, or grade reports which will not be released until all debts are fully paid.

NOTE: For information about loans and grants, see the section on Student Financial Assistance.

Tuition

The first semester's tuition is due on or before the first night of class. Tuition for the remaining semesters will be due approximately two weeks prior to the first class session of each semester. An email will be sent to your Bryan email address if there is any balance due after all financial aid has been applied.

Credit for Prior Learning

The Credit for Prior Learning fee is charged for assessment of the portfolio and based on the number of credits requested at the time that the portfolio is submitted for assessment. The evaluation of the student's learning is completed by two

credentialed CPL assessors.

Refund Policy

A student who withdraws during the first module of the first term will receive a 100% refund for the remaining hours of the term. A student who attends the first class of the second module of the first term will be liable for the full term's tuition amount. In any term after the first term, students who attend the first class are liable for the full term's tuition amount. Notice of withdrawal must be given to the college in writing to be eligible for any refund.

Should the student withdraw, drop out, or be expelled from the College prior to the end of a term of enrollment, the student's eligibility for a refund of tuition will be calculated in accordance with federal directives as discussed below.

Pro Rata Refund

The refund calculation process will be to determine whether the student has received an overpayment for non-institutional costs (i.e. room and board off campus, supplies, transportation, and miscellaneous expenses) for the period of enrollment for which the student has been charged. This pertains to a student who has excess funds on account after all institutional costs were paid and the student requested all or part of the excess funds for personal use. The college will notify the student of any amount the student must return as a repayment.

The refund calculation process is too lengthy to allow examples of every refund possibility to be presented in this discussion. However, the Financial Aid Office, upon request, will provide refund examples.

Federal regulations stipulate that when a refund (and repayment, if applicable) is calculated for a student who has received financial assistance from any of the Federal Title IV programs the refund must be allocated in the following order and returned to the appropriate program(s):

1. Unsubsidized Federal Stafford Loan
2. Subsidized Federal Stafford Loan
3. Federal Pell Grant
4. SEOG
5. Other federal, state, or private aid programs
6. Student

All or part of the refund allocated to the student will be credited to the student's Business Office account if the account has a balance due and/or the student owes a repayment of funds issued for non-institutional costs. Any remaining balance due at this point will be treated as follows:

- For a student who withdraws during the first term of enrollment at Bryan College, the total refund amount allocated to the financial aid programs will be applied toward the balance due. Any unpaid charges remaining at this point will be billed to the student.
- For a student who withdraws during a second or subsequent term of enrollment, the total refund amount allocated to the financial aid programs cannot be applied toward the balance due, and the student will be billed for the remaining balance.

A repayment must be allocated in the following order and returned to the appropriate program(s):

1. Federal Pell Grant

2. Tennessee Student Assistance Award
3. Other federal, state, or private aid programs

Once a student's withdrawal date has been established, the refund and repayment (if applicable) amount(s) and allocation(s) will be determined by the Financial Aid Office and Business Office. There are no special procedures required of the student to complete the refund process.

Georgia Refund Policy (For students taking classes in Georgia)

1. All monies paid by a prospective student, including application fees, are refunded if prior to classes beginning the student requests a refund within three (3) business days after making a payment.
2. The application fee is stated in the catalog; it is charged only once; it is clearly identified as non-refundable in the catalog. If a student withdraws from the institution for any reason, the student is not liable for any unpaid portion of the application fee.
3. Charges for fees, books and supplies which are in addition to tuition are identified in the catalog with specific purposes for the charges. Refunds are made for any unused portion of these fees if a student withdraws before completing fifty (50) percent of the period of enrollment unless (1) items that were special ordered for a particular student and cannot be used or sold to another student, (2) items were returned in a condition that prevents them from being used by or sold to new students, or (3) non-refundable fees for goods and/or services were provided by third party vendors.
4. The last date of attendance by the student is used to calculate refunds.
5. Refunds are based on tuition paid for each semester; refunds are made in full to the student within thirty (30) days of the date of withdrawal.
 - The student completing no more than five (5) percent of instructional time is refunded no less than ninety-five (95) percent of tuition.
 - The student completing more than five (5) percent but no more than ten (10) percent of instructional time is refunded no less than ninety (90) percent of tuition.
 - The student completing more than ten (10) percent but no more than twenty-five (25) percent of instructional time is refunded no less than seventy-five (75) percent of tuition.
 - The student completing more than twenty-five (25) percent but no more than fifty (50) percent of instructional time is refunded no less than fifty (50) percent of tuition.
 - The student completing more than fifty (50) percent of instructional time is informed that the institution is not required to issue a refund.
6. The student completing more than fifty (50) percent of instructional time who has to withdraw due to extenuating circumstances such as student injury, prolonged illness or death, or other circumstances which prohibit completion of the program of study may apply to the Dean of Adult and Graduate Studies for a refund settlement. If the student does not believe the settlement to be reasonable and fair, that student may appeal to the Vice President of Academics for a judgment.
7. In the event that the institution cancels or changes a program of study or course (time or location) in such a way that a student who has started the program or course is unable to continue, arrangements will be made in a timely manner to accommodate the needs of each student enrolled in the program or the institution will refund all money paid by the student for the program of study or course if alternative arrangements determined by the Georgia Nonpublic Postsecondary Education Commission to be equitable to both the institution and the student are not possible.

Student Financial Assistance

Preparing for a college education requires a great deal of advance planning. To assist you in making appropriate financial

preparations, this section presents a number of important topics for your consideration. This information reflects current Bryan College practices; however, regulations and funding for federal and state programs are subject to change and Bryan College administers programs accordingly.

Need is the basic principle of financial aid eligibility and represents the difference between what it costs to attend Bryan College and what the student is expected to pay toward these costs. Need is demonstrated through the information requested on the *Free Application for Federal Student Aid* (FAFSA). The FAFSA is used to apply for federal and state grants. In addition, a report generated by the FAFSA is used by the College Financial Aid Office to determine eligibility for student loans.

Forms of Financial Assistance

Listed below are some of the more common forms of financial assistance:

- Federal Pell Grant. The Federal Pell Grant provides a foundation for financial assistance. Eligibility is determined through the FAFSA need-analysis process.
- Tennessee Student Assistance Award (TSAA). The TSAA is provided by the Tennessee Student Assistance Corporation to Tennessee residents who meet eligibility criteria and who demonstrate financial need based on Federal Pell Grant eligibility. The FAFSA serves as the application for the TSAA and contains state-related questions which must be answered to determine eligibility.
- Hope Scholarship for Non-Traditional Students. Students must be TN residents; have adjusted gross income of less than or equal to \$36,000; be 25 years of age or older; have a 2.75 cumulative college GPA after enrolled for 12 hours in the BSBA program; have not attended college in the past 2 years. The FAFSA serves as the application for the Hope Scholarship.
- Veterans' Benefits. Eligibility for these benefits is determined by the Department of Veterans' Affairs. Potentially eligible students should contact their local Veterans' Affairs representative. The regional office that services this area is in St. Louis. ***Notice: it takes a minimum of 90 days to complete the enrollment process with the Department of Veteran's Affairs.*** The office of the registrar will facilitate the process by certifying the student's enrollment.
- Employee Reimbursement Program. Contact your company's Human Resource Office to investigate this source of financial assistance.
- Federal Supplemental Education Opportunity Grant (FSEOG). This federal grant program is administered by the College. Need and eligibility is determined by the FAFSA.

Federal Educational Loans

The following is a description of the loan programs available to students. It is the policy of Bryan College to notify students of eligibility for all loans.

Federal Stafford Loan – A Subsidized Stafford Loan is awarded based on financial need and the federal government pays the interest on these loans while the borrower is in school at least half-time. An Unsubsidized Stafford Loan is not awarded based on financial need and interest accrues from the date of disbursement until the final payment. Repayment begins six months after student ceases to be enrolled at least half time. Minimum monthly payment is \$50, but may be more depending on the total amount borrowed. **A Master Promissory Note (MPN) and Entrance Counseling are required.**

Customary length of time to repay loans is 10 years. Deferment or Forbearance of loan repayment may be granted for certain types of conditions/activities. **All loans may be prepaid at any time with no penalty or extra fees**

General Policies

Bryan College offers no institutional grants or scholarships to students enrolled in the BSBA program.

Financial aid is awarded on an annual basis. Although a student normally may depend on the continuance of aid from year-to-year, renewal is subject to all standards and regulations governing the program. All students must re-apply annually for all forms of financial assistance. No aid is automatically renewed.

Any outside grants or scholarships received by a student must be reported to the Financial Aid Office and may require an adjustment to the student's financial aid package.

SATISFACTORY ACADEMIC PROGRESS FOR FINANCIAL AID

Financial Aid recipients must demonstrate through their scholastic records that they are making satisfactory academic progress toward completion of their program(s) of study in order to maintain eligibility for enrolling in classes and receiving any form of federal, state, or College financial assistance. Academic progress for financial aid is measured at the end of each term utilizing the following qualitative and quantitative standards.

Qualitative Standards for Financial Aid Eligibility

This standard measures a student's quality of performance in terms of courses successfully completed (credit hours earned) and Bryan College cumulative grade point average (GPA), as shown below.

Credit Hours Earned	Cumulative GPA
1-26	1.5
27-55	1.75
56 & above	2.0

Quantitative Standards for Financial Aid Eligibility

This standard has two components: maximum time-frame and course completion rate. The maximum time-frame in which a student must complete a program of study cannot exceed 150 percent of the published program length measured in credit hours completed. Example: a student, pursuing a 124 semester hour program would be allowed to attempt a maximum of 186 hours [124 x 150% (1.5)]. The number of hours attempted includes any transfer hours accepted from other institutions that are applied to the student's program of study.

In conjunction with the maximum program length, students must successfully complete (measured as credit hours earned) at least 66.67% of all coursework attempted as they progress through the program of study. This is a cumulative process, which includes transfer hours accepted.

Financial Aid Warning

A student who does not meet satisfactory academic progress standards at the end of a particular term is placed on Financial Aid warning for the following term, during which the student is eligible to receive financial aid. If the student meets the standards at the end of the warning term, the student is removed from Financial Aid Warning status and maintains financial aid eligibility. If the student does not meet the standards at the end of the warning term, the student is placed on Financial Aid Suspension.

Financial Aid Suspension

A student on Financial Aid Suspension is not eligible for any form of federal, state, or College financial assistance and remains ineligible until satisfactory academic progress standards in Bryan College courses are met.

Financial Aid Appeal Process

A student who feels that mitigating circumstances existed which adversely affected the student's ability to maintain satisfactory academic progress may request a hearing with the Director of Financial Aid in writing within five (5) business days. The student will be notified in writing of the decision of the appeal hearing. Approval of an appeal places the student on Financial Aid Probation for one term. The student must meet satisfactory academic progress standards by the end of the probationary period or be placed on Financial Aid Suspension.

GRADUATE PROGRAMS

Location

The MBA program is offered in various locations around the State of Tennessee as well as online. Current locations include Chattanooga and Knoxville. The MACS program is currently located in Chattanooga. The environment at Bryan College is designated “smoke-free”. Therefore, we ask that all students refrain from smoking on the campus.

Onsite Instructional Delivery Methods

The courses are hybrid, with MBA classes meeting weekly or every other Saturday and MACS classes meeting every other Friday evening/Saturday morning. Internet activities are ongoing during the periods between classes. Class sessions include a mix of lecture, discussion, and other learning activities. Internet-based components include research, discussion forums, assignment submission, and opportunities for follow-up and feedback. Participants and faculty together create an active learning community.

Online Instructional Delivery Methods

The online courses are conducted completely online. Classes and assignments are scheduled on a weekly basis. Class sessions include a mix of lectures, discussion forums, written assignments, quizzes, and other opportunities for follow-up and feedback. Participants and faculty together create an active online learning community.

MBA Program Overview

The Bryan College Master in Business Administration (MBA) is designed to prepare participants for roles of leadership in business. Upon completion, participants will be prepared to meet the challenges of their highly competitive business environments. The Bryan MBA is designed to instill a commitment to integrity and character while building participants’ knowledge of fundamental components of successful business practices.

The Bryan College Information Technology system of course management (Three Rivers Systems’ course management system, CAMS Enterprise) and Moodle learning Management system will be used. An international course will be offered and conducted to provide intensive formally structured sessions examining globalization.

The MBA at Bryan is a 36 credit hour degree delivered over approximately 18 months. The curriculum leads participants through a continuum of key competencies and outcomes expected of MBA graduates including those from finance, marketing, research methods and statistical analysis, economics, accounting, legal issues, communications, strategic management, human resource management, international business, and leadership. Business ethics and biblical worldview issues are present throughout the curriculum, and courses on both topics provide a distinctly Christian framework for the course of study.

Prospective participants for the MBA program will have an undergraduate degree, preferably in business, and at least three years of experience in a responsible business position. All participants should have satisfied competency requirements in key subjects such as accounting, finance, economics, and statistics. Participants are not normally admitted directly from a traditional baccalaureate program; however, adult degree completion graduates may be considered for admission on a competitive basis.

Objectives of the MBA Program

1. Develop a commitment to Christian values and ethical conduct
2. Develop the ability to comprehend internal and external social, legal, political, and economic forces as they affect strategic decision making
3. Enhance professional skills of business managers, executives, and other professionals by reinforcing knowledge of the major functional areas within business

4. Deliver management tools that can be applied immediately at each student's place of work
5. Emphasize critical business themes including the creation of value, the importance of a service perspective, new perspectives on risk assessment, decision making, and understanding ethical and social responsibilities
6. Prepare students for roles of leadership to meet the challenges of a highly competitive business environment with competence, integrity, and character

MACS Program Overview

In keeping with Bryan College's mission to educate students to become servants of Christ to make a difference in today's world, the Master of Arts Degree in Christian Studies is a 36 credit hour program delivered over approximately 16 months. The curriculum leads students through a continuum of key competencies and outcomes expected of MACS graduates including those from hermeneutics, theology, apologetics, ecclesiology, history of Christianity, church leadership, ministry, Christian Worldview, and language. Strong emphasis on twenty-first century apologetics and worldview issues are present throughout the curriculum, and courses on both topics provide a distinctly Christian framework for the course of study.

Objectives of the MACS Program:

1. Articulate the essentials of the Christian worldview and its major themes and demonstrate an ability to defend its claims in our global and pluralistic culture.
2. Demonstrate Bible study methods which employ consistent and accurate hermeneutics from genres of English Bible.
3. Be able to describe the Biblical and historical basis for the existence of the church and articulate the relevance of the contemporary church and her ministry in the world.
4. Be able to outline Christian ministry principles and analyze significant issues related to contemporary church ministry and church related activities in the light of those ministry principles.
5. Demonstrate a basic understanding of the historical and culture contexts of the Bible's original authors and audiences: the ancient Near East (Old Testament) and Greco-Roman background (New Testament) including issues concerning timeline, geography, religion, politics, social customs, language, and philosophical concepts.
6. Demonstrate comprehension of the essential historical beliefs of the Christian faith by being able to articulate those beliefs and defend reasons for those beliefs with good argument and evidence.
7. Demonstrate ability to use the dictionaries, lexica, concordances, grammars, and the best computer resources for language study.

Projected Number of Students

Ideally, each cohort will have between 15 and 20 students. This allows for optimal interaction between students and the instructor. New cohorts begin throughout the year as needed. Under normal circumstances, no course will be offered unless there is an enrollment of at least eight persons. Exceptions must be approved by the Dean of the School of Adult and Graduate Studies.

Policy on Catalog Changes and Course Schedules

Although this catalog is intended to give a realistic statement of admissions requirements and procedures, academic policy and practice, the program of instruction, expenses, financial aid programs, etc., the College reserves the right to make alterations as circumstances may require. For topics not addressed in the Graduate Studies section, please refer to the general section of the catalog.

Admission

Admission is competitive and based upon a committee review of the completed application packet and each applicant's undergraduate grade point average (GPA), and personal/professional background. An index score composed of the undergraduate GPA and the results of the assessment test will be used to qualify applicants. Late applications will be considered on a space-available basis.

Following the submission of the entire application packet, a prospective student may be interviewed by the faculty admissions committee before a final admissions decision is made.

MBA Admission Requirements

Guidelines for admission are:

1. An undergraduate degree from an accredited institution with a cumulative grade point average of 2.75 or higher
2. Three years' experience in a responsible business position
3. A completed application, along with a non-refundable application fee of \$50.00
4. A current resume
5. Successful completion of the Business Critical Thinking Skills Test (BCTST). The testing fee is \$50.
6. Two letters of recommendation which include the name of the person submitting the recommendation as well as the relationship to the candidate. At least one recommendation must be work-related. Family members may not submit recommendations.
7. An official transcript from each college or university previously attended including all undergraduate and graduate coursework.

MACS Admission Requirements

Guidelines for admission are:

1. An undergraduate degree from an accredited institution with a cumulative grade point average of 2.75 or higher
2. A 5-7 page essay that describes (a) your spiritual journey and (b) why you wish to pursue a MACS degree.
3. A completed application, along with a non-refundable application fee of \$50.00
4. A current resume
5. Successful completion of the Christian Studies Assessment Test which will be administered at the Krystal Building in Chattanooga several times a year. The CSAT fee is \$50.00
6. Two letters of recommendation, preferably from employers or former professors
7. An official transcript from each college or university previously attended including all undergraduate and graduate coursework.

Conditional Admission

Conditional admission may be given to applicants who do not meet the requirements for clear admission. Conditional status is intended to signal a need for special effort by the student and is not meant to be punitive or demeaning. The student on condition will have one term in which he/she must earn at least a 3.0 GPA. If this is accomplished, the conditional status will be removed.

Academic Policy and Procedures

Academic Integrity Policy

The Bryan Honor Code applies to all students at the college. The Honor Code is simply stated: "Every student shall be honor bound to refrain from cheating (including plagiarism). Every student shall be honor bound to refrain from stealing. Every student shall be honor bound to refrain from lying. Any violation of this Honor Code can result

in dismissal from the college.” The Bryan College Honor Code is designed to enhance academic uprightness on the campus. Academics and integrity are taken very seriously at Bryan College.

In the classroom, the Honor code is a declaration that the student is performing the required assignments and examinations with full integrity. Honor code violations will be handled by the Dean’s Office. Issues not resolved to the student’s satisfaction may be appealed to the Graduate Council by the student.

Online Course Policies and Procedures

Due to the nature of online education there are certain policies and procedures that must be adjusted or modified to meet the particular needs of online students. The following policies and procedures are intended to assist in that endeavor.

Online Attendance Policy

The Bryan College Online Learning Attendance / Automatic Drop Policies are as follows:

No show: Students who do not notify the college appropriately (as outlined below) and who do not log in to their course(s) during the first official week, and who have NOT previously notified the professor of their absence **will be automatically dropped from the course**. There is a \$150.00 administrative fee assessed to students who are automatically dropped.

Out of attendance: Any student who is determined to be out of attendance after the course begins will also be automatically withdrawn. Attendance is based on weekly participation in class activities and/or timely submission of assignments. *Students determined to be out of attendance will still be responsible for the full cost of tuition.*

Voluntarily Withdrawing

The guidelines for voluntarily withdrawing in order to receive a) full tuition refund or b) a “W” as opposed to a letter grade are as follows:

Full Tuition Refund: There is only ONE WAY for you to voluntarily drop and receive a 100% tuition refund: You must officially notify the Student Services Coordinator in writing via email. To receive a full refund you must drop by Monday, prior to the official start date of the class. The email must be received BEFORE midnight Eastern Time on the Monday prior to the start of the course.

Deadline to Voluntarily Withdraw (Academic): For each session that is 5 weeks in length, the last opportunity to drop the course with and receive a “W” is at the end of the third week of the session. Following that time you will receive a final grade for the course (whether you choose to finish the course or not). *Reminder: There is no financial refund of any kind after the course begins.*

Registration

Students will be added to the preliminary class list up to the course registration deadline which is the first of the month in which the course starts. Following the registration deadline students will then be officially registered for the course. After students are registered access to the online tutorial will be granted. Access to actual course materials will be granted three days prior to the course start.

End of Course

Courses end at midnight on Monday evening at the end of the last week. Assignments will not be accepted after the last night of the course unless prior arrangements have been made with the instructor. You may view your final

grade using your e-Student account. Grades will typically be posted within three weeks after the end of the course.

Minimum hardware/software requirements

A Web-Cam may be required for some courses.

Personal Computer:

2GHz Pentium 4 or faster, 1 GB of RAM

Windows XP with SP3 or higher

Internet Connection: DSL, Cable, T1 (512 kbps minimum)

Web browser Internet Explorer 8 Firefox 14, Google chrome 20, Safari 5, Opera 9

Word Processor (Microsoft Word required)

Virus Protection Software (strongly recommended)

Macintosh:

Apple Power Macintosh computer

MAC OS X 10.6 or higher

Internet Connection DSL, Cable, T1 (512 kbps minimum)

Web browser Internet Explorer 8 Firefox 14, Google chrome 20, Safari 5, Opera 9

Word Processor (Microsoft Word required)

Virus Protection (strongly recommended)

Grading Practices and Standards

Symbol	Quality Points	Explanation
A	4.0	Work which fulfills course requirements at a superior level of performance and which manifests outstanding interest, effort, responsibility, and creativity.
A-	3.7	
B+	3.3	Work which fulfills course requirements at an above average level of performance and which manifests above average interest, effort, responsibility, and originality.
B	3.0	
B-	2.7	
C+	2.3	Work which fulfills course requirements at an average level of performance and which manifests adequate interest, effort, responsibility, and improvement.
C	2.0	
C-	1.7	
D+	1.3	Work which falls short of fulfilling course requirements at an average level of performance and which manifests a lack of interest, effort, responsibility or which shows a need for improvement.
D	1.0	
D-	0.7	
F	0.0	Failure, carries no credit, and is given for work which fails to meet minimum course requirements.
AU		Audit
I		Incomplete
W		Withdrawn from the course

AW	Administrative Withdraw
NR	Not reported
NC	No credit

No institution-wide grade percentages are assigned to letter grades.

Visiting Students

Under special circumstances, a student may take up to two classes for credit as a visiting student. If the student wishes to take more than two classes for credit, it would then be necessary to apply to the program and gain acceptance to the program with the intention of completing all of the coursework. Also, auditing a class is permitted under special circumstances. The student must register for the class to be audited and is expected to attend all classes regularly. A student may not switch from credit to audit or audit to credit once classes have started. No more than 6 credit hours will be allowed to be audited without officially applying to the program with the intent of completing the program. Visiting students wishing to take a class for credit or audit will be required to fill out an application and submit a \$50.00 application fee.

Repeating a Class

Repeating a class for the purpose of improving a grade is possible with the approval of the Dean of Adult and Graduate Studies and the Registrar. Because of the nature of the cohort system, the student would be required to repeat the course within a different cohort. At this level, the class may only be attempted a total of two times. A repeated course with the corresponding grade will appear on the student's academic transcript after the course is completed, but only the highest grade earned will be used in calculating the student's cumulative grade point average. In accordance with the graduation requirements, no more than two "C's" are allowed in the 12-course sequence. Tuition costs for the repeated class are the responsibility of the student.

Incomplete Grades

An incomplete grade (I) is only given when extended illness or other circumstances beyond the student's control prevent the student from completing assignments by the due date. Students who are approved for an incomplete are required to complete course work within eight weeks from the last day of class. After this period, the 'I' becomes a grade of 'F' and is recorded on the student's transcript. **It is the responsibility of the student to initiate the Incomplete Grade request with the Director of Student Services who will obtain approval from the Dean of Adult and Graduate Studies.**

Policy on Transfer of Credit

There will be no awarding of credit for experiential learning, advanced placement, or professional certification. However, a maximum of 6 credit hours of transfer credit may be accepted for graduate course work completed prior to the first class meeting provided the content of that credit is deemed to be consistent with the course content in Bryan's graduate programs. Such transfer credit must be from a regionally accredited institution of graduate study and must be a grade of "B" or better. Each decision regarding acceptance of transfer credit will be handled on a case by case basis by the Graduate Admissions Committee during the admissions process.

Independent Study

In certain circumstances, students may request to complete an independent study. Students desiring to do an independent study must obtain approval before classes begin for the term in which the independent study is to be done. A maximum of three credit hours may be earned through independent study. Students who desire to do an independent study should secure complete guidelines and application form from the Office of the Registrar. In addition to the regular tuition cost for the independent study, an administrative charge of \$100 also applies.

Withdrawal from the Program

To withdraw from the program, the student must notify the Dean of Adult and Graduate Studies by completing the withdrawal form. Students will receive credit for courses completed. Students who withdraw from a graduate program before a class begins within the term will not be charged for that particular class. There will be no refund for classes which are in progress.

Application for Re-admission Following Withdrawal from the Program

Should a student desire to re-apply to a graduate program following a student-initiated withdrawal from the program, it is required that he/she submit an application for re-admission to that graduate program. In addition to the application for re-admission, the student must also submit a current resume, a \$50.00 non-refundable re-admission fee, and official transcripts from any school attended since he/she was last enrolled in that graduate program. Re-admission will be based upon a review of all re-admission materials by the Admissions Committee. Because of the cohort system, if the application for re-admission is accepted, a student would be re-admitted to a different cohort depending on where they were in the sequence of classes. Should the time between withdrawal and re-admission be such that the program requirements have changed, the student would be admitted under the new requirements and any deficiencies would need to be satisfied.

Administrative Withdrawal from the Program

Should a student miss a minimum of three consecutive classes with no notification to the Department of Student Services and without completing the withdrawal form or a student's GPA falls below 3.0 at any time during the program, that student will be administratively withdrawn from the program. The result will be an incomplete withdrawal and a grade of "AW" will be submitted for all current courses. A grade of "AW" would be considered punitive and calculated in the grade point average as an "F". The student will be responsible for any outstanding financial obligations owed to the College.

Transcript of Record

The registrar keeps on file a permanent record of all credit earned by each student. Transcripts of record are issued only upon receipt of a written request signed by the student in accordance with the Family Educational Rights and Privacy Act (FERPA). Before an official transcript of record will be issued, the student's financial obligations at the college must have been met, and there must be no record that the student is in default status on any student loan. Each transcript is \$5.00. Transcripts required in 48 hours or less require a \$20.00 charge plus the cost of speed posting (FedEx or other means).

Application for Graduation

All candidates for graduate program degrees are required to fill out an Application for Graduation form and submit the graduation fee (see "Miscellaneous Fees" under Financial Information) three months prior to the anticipated completion date. No student will be placed on the prospective graduation list until this application is on file in the Registrar's Office. The graduation fee must be paid whether the graduate participates in commencement activities or not.

Graduation Requirements

To graduate from a graduate program, the student must:

1. Complete the 36 hours of required classes with no less than a 'C' in each class. No more than two

“C’s” are allowed in the 12-course sequence

2. Have a cumulative grade point average of at least 3.0 (on a 4.0 scale)
3. Fill out and submit the application for graduation along with the graduation fee

Time Limits for Completing a Degree

Students must complete all degree requirements within four years of the date of enrollment in the first class after the student is admitted to the program. A student may petition the Dean of Adult and Graduate Studies for an extension.

Commencement Participation

Commencement exercises are held in early May and mid-December. All graduates are encouraged to participate in the commencement activities following the completion of the program of instruction and all graduation requirements. At the graduate level there are no Latin designations for honors.

Exceptions to Academic Policies and Procedures

A petition for exception to academic regulations may be made by obtaining a petition form from Student Services. The completed form, signed by the student, is then considered by the AGS appeals committee. Once the committee has made a decision, the student is notified in writing within 90 days of the appeal. If the student finds that outcome unsatisfactory the student may further appeal the decision to the office of the Vice President of Academics. A written response to the second appeal will be communicated to the student within 90 days of the second appeal.

Student Complaint Procedure

Student complaints that cannot be mediated by a cohort professor are submitted to the Director of Student Services. Any decisions that do not satisfy a student may be submitted in writing to the Graduate Appeals Committee. Student complaints must be submitted within 90 days of the event, and student complaints will be resolved within 120 days of the event.

Financial Information for Graduate Programs

Tuition and Fees

MBA Program Tuition	\$467 per semester hour
MACS Program Tuition.....	\$300 per semester hour

Miscellaneous Fees not covered above:

- Non-refundable application fee\$50.00
- Graduation fee\$200.00
(The graduation fee, along with the Application for Graduation, is due three months prior to the anticipated completion date. This fee is due whether the graduate participates in commencement activities or not.)
- Re-admission Fee\$50.00

Tuition Payment Schedule

The first term tuition is due no later than orientation prior to the first class session. Tuition for the remaining terms will be due approximately two weeks prior to the first class session of each term. Financial aid, personal check, Visa, Discover and MasterCard are accepted for payment of tuition and fees.

General Financial Information

Any obligations, including miscellaneous charges, incurred during the term must be paid before the term concludes. No academic credentials (grade reports, transcripts of record, or diploma) will be issued to the student until all financial obligations are satisfied. Failure to receive a bill does not exempt a student from the timely payment of all charges. All billing information can be reviewed through the student's eStudent account or by calling the Business Office at Bryan College.

Textbooks

Students are responsible for obtaining textbooks and/or software. Textbooks and/or software for the 12-course sequence should cost approximately \$1,000 to \$1,200. Textbook information for each course is found on the school's online bookstore.

Student Financial Assistance for Graduate Programs

The purpose of financial aid at Bryan College is to provide financial assistance to students who, without such aid, would be unable to attend college. The college is able to fulfill this purpose by participating in federal student aid programs.

Sources of Financial Aid for Graduate Students

- Employee benefits
- Scholarships funded by foundations or private entities
- Veterans' benefits
- Federal Stafford Loan
- Private loans

Application Process

A completed application for financial aid at Bryan College includes the following:

1. Formal acceptance for admission to Bryan College as a regular degree-seeking student.
2. Completion and submission of the FAFSA (Free Application for Federal Student Aid). Indicate Bryan College as one of the colleges you would like to attend. The school code of the College, 003536, should be used on the form. The financial data on this form should be taken from the previous year's completed tax return.

Financial Aid Policies

1. Financial aid is awarded for one academic year, usually for two terms. Aid eligibility is re-evaluated each year, and a new FAFSA must be submitted annually.
2. A financial aid recipient must be accepted for admission, pursuing a qualified degree, and enrolled at least half time. The student expense budget, built under federal regulations, will include the cost of tuition, fees, books, and etc.
3. If a student is selected for verification by Bryan College or by the federal processor, reasonable efforts will be made to verify personal and financial data submitted by applicants for financial assistance. Included in the required support documentation will be income tax returns, W-2's, and schedules from all independent students and their spouses. Other documents may also be requested. Refusal to submit required documentation could result in the cancellation of financial aid. All forms must be signed and dated and returned before financial aid is awarded.
4. Disbursement of federal funds is contingent upon Congressional appropriation and upon receipt of the funds by Bryan College.
5. A student who accepts student loans as part of a financial aid package must complete other steps before the loan can be a credit on account. These include, but are not limited to: completion of loan entrance counseling and promissory note.
6. Students should report in writing to the Financial Aid Office any additional aid which he or she receives from outside sources (loans, outside scholarships, etc.).
7. Students who withdraw from the college must notify the Financial Aid Office at the time of withdrawal.
8. The Financial Aid Office reserves the right on behalf of the College to review and change an award at any time because of changes in financial situation or academic status, or change of academic program.
9. Financial aid will be provided to degree seeking students enrolled a minimum of half-time, with remaining eligibility per program.

Additional Information

1. It is the student's responsibility to be aware of the Satisfactory Academic Progress Standard.

2. Renewal of financial aid is also dependent on punctual, accurate reapplication and availability of funding sources.
3. When the FAFSA is processed, students will receive a Student Aid Report. This report should be kept with other financial aid papers for reference.

Satisfactory Academic Progress for Financial Aid

Financial Aid recipients must demonstrate through their scholastic records that they are making satisfactory academic progress toward completion of their program(s) of study in order to maintain eligibility for enrolling in classes and receiving any form of federal financial assistance. Academic progress for financial aid is measured at the end of every term utilizing the following qualitative and quantitative standards.

Qualitative Standards

This standard measures a student's quality of performance in terms of courses successfully completed and must maintain a cumulative grade point average (GPA) of 2.0.

Quantitative Standards

This standard has two components: maximum time frame and course completion rate. The maximum time frame in which a student must complete a program of study cannot exceed 150 percent of the published program length measured in credit hours attempted. Example: A student pursuing a program that contains 36 hours would be allowed to attempt a maximum of 54 hours [$36 \times 150 \text{ percent } (1.5) = 54$]. The number of hours attempted includes any transfer hours accepted from other institutions that are applied to the student's program of study. In conjunction with the maximum program length, students must successfully complete (measured as credit hours earned) at least 66.67 percent of all coursework attempted as they progress through their program of study. This is a cumulative process, illustrated as follows: A student has maintained satisfactory academic progress for the first two terms of enrollment. However, at the end of the third term the student's academic transcript indicates 36 hours attempted and 21 hours earned. The course completion rate is 58.3 percent (21 divided by 36). The student does not meet the required 66.67 percent standard and thus will be placed on Financial Aid Probation for the following term.

Financial Aid Warning

A student who does not meet satisfactory academic progress standards at the end of a particular term is placed on Financial Aid Warning for the following term, during which the student is eligible to receive financial aid. If the student meets the standards at the end of the warning term, the student is removed from Financial Aid Warning status and maintains financial aid eligibility. If the student does not meet the standards at the end of the warning term, the student is placed on Financial Aid Suspension.

Financial Aid Suspension

A student on Financial Aid Suspension is not eligible for any form of federal financial assistance and remains ineligible until satisfactory academic progress standards are met.

Financial Aid Appeal Process

Students placed on financial aid suspension can appeal to the Financial Aid Committee for financial aid reinstatement. The appeal must be submitted in writing to the Financial Aid Office and be accompanied by appropriate supporting documents if necessary. Reasons that may be acceptable for the appeal are: 1) serious illness or accident on the part of the student; 2) death, accident or serious illness in the immediate family; 3) financial difficulties forcing incomplete and premature withdrawal; 4) other extenuating circumstances directly affecting academic performance. Approval of an appeal places the student on Financial Aid Probation for one term. The

student must meet satisfactory academic progress standards by the end of the probationary period or be placed on Financial Aid Suspension.

Withdrawal from the College

To withdraw from the program, the student must notify the Dean of Adult and Graduate Studies by completing the Withdrawal Form. Students will receive credit for courses completed. Withdrawal from the program will jeopardize any financial aid for the remainder of that academic year (these regulations have been set by the federal and state governments).

When the Registrar's Office is asked to verify full time enrollment for a student, that office is required to use the last date in class as the last day of attendance. The student has a grace period of six months after the last day of class attendance before repayment of Stafford loans must begin.

A student receiving financial aid who anticipates withdrawing should contact the Financial Aid Office regarding the implications of such action.

Students who withdraw from the program before a class begins within the term will not be charged for that particular course. There will be no refund for classes which are in progress.

Upon withdrawal from the program the amount of Title IV and other financial aid, which must be returned to a program source, will be calculated and charges will be adjusted by the amount of aid earned. The calculation for return of Title IV aid is a federally mandated formula and is based on the percentage of completed course time.

Return of Title IV Aid for Adult & Graduate Studies Program Withdrawals

The financial aid office calculates federal financial aid eligibility for students who withdraw, drop out, or are dismissed prior to completing 60.01% of a term. Refund/repayment calculations are based on the percent of earned aid using the following formula:

$$\frac{\text{\# of days completed up to the withdrawal date}}{\text{total days in the term}}$$

Federal financial aid is returned to the federal government based on the percentage of unearned aid using the following formula: Federal aid to be returned = 100% - % earned.

When federal financial aid is returned, the student may owe a balance to the College. The student should contact the College Business Office to arrange for balance repayment. A student who believes that mitigating circumstances warrant exceptions from the above stated refund policy may submit, within 15 days of the student's withdrawal date, a written appeal to: Business Office Manager, Bryan College, P.O. Box 7000, Dayton, TN 37321.

Program of Study-MACS

CSM 511 Language Study Methods & Materials – 3 credits - This course is designed to 1) introduce the student to the most recent computer tools available for Bible study and interpretation together with the best internet resources for Bible study, and 2) introduce the student to how major schools of interpretation use Bible study methods to arrive at their particular interpretations of the Bible.

CSM 513 Foundations of Biblical Interpretation – 3 credits - This course will focus on foundational principles of biblical research and interpretation, covering various hermeneutical approaches and Bible study methods. Special attention is given to the importance of interpreting the Scriptures through the lenses of context, grammar, semantics, genre, canon, and theology.

CSM 517 Cultural Contexts of the OT and NT – 3 credits - This course will survey the cultural contexts of the Bible by focusing on the geographical, historical, social, political, religious, philosophical, linguistic, and literary backgrounds of the biblical books and authors. These contexts include the ancient Near East (Old Testament) and Second Temple Judaism and Greco-Roman culture (New Testament).

CSM 519 Christian Theology I – 3 credits - This course is intended to be a study of the science of God and His relations to the universe. Includes the major doctrines that have constituted the history of Christian thought, specifically: prolegomena, revelation and authority of the Bible, God, the Trinity, the person and work of the Father, creation, anthropology and sin.

CSM 520 Christian Theology II – 3 credits - This course is intended to be a study of the science of God concerning Christian thought on: the person and work of Christ, salvation, Christian life, Biblical Covenants, the church, and prophecy.

CSM 522, 533 Worldview and Apologetics I & II – 3 credits - This two-semester course is an in-depth study of the claims and dissonances of major worldviews, with an emphasis on the Christian theistic worldview. The students will learn a systematic, logical way to define and defend the Christian belief system. To this end, attention will be paid to various apologetic methods as tools for understanding and defending a Christian worldview. Contemporary social and cultural issues will be examined so that students will be better equipped to communicate the Gospel and minister in a pluralistic world. The course also involves thinking through a Christian value system and some ethical implications of the Christian worldview. It includes in-depth reading and writing from significant texts, journals, and popular literature in worldview and apologetic studies. The course will consist of two independent semesters, each addressing different issues in philosophy, theology, culture, and apologetics.

CSM 524 Ecclesiology – 3 credits - An exegetical and theological study, this course will focus upon key passages from the New Testament and trace the development of the church's thinking about itself. Although the course will consider historical questions, it is primarily concerned with the understanding of the church as presented in the New Testament and how this ecclesiology might impact present conceptions of the church, worldviews and apologetics.

CSM 526 History of Christianity – 3 credits - An understanding of the history of Christianity will be developed using parallel themes: major historical events, and history of Christian thought. Students will read about and discuss selected writings from leading Christian thinkers from the second century through the twentieth century. Some of these are St. Augustine, Thomas Aquinas, Desiderius Erasmus, Martin Luther, John Wesley, John Wesley, Richard Hooker, Henry Ward Beecher, Walter Rauschenbusch, Amy Cartwright, and Dietrich

Bonhoeffer.

CSM 531 Church Leadership – 3 credits - This course is designed to trace the biblical, theological, and historical foundations of church leadership. Particular attention will be given to the various leadership roles within the church and forms of church government throughout biblical and contemporary history. Issues and matters related to the contemporary church will be examined and discussed, with specific focus being given to the role of church leadership related to such issues and matters.

CSM 537 Vocation of Ministry – 3 credits - This course is designed to deal with the issues regarding ministry as vocation from a biblical and practical framework as it relates to their individual ministry callings. Particular attention will be given to ministry as calling, cultivation and creation of culture in ministry, family and ministry, and specific tasks and roles of the individual minister. The student will describe a comprehensive ministry philosophy as part of this course.

CSM 539 Capstone Seminar – 3 credits - This course is designed to 1) allow the student to develop a project touching on an issue of interest to the current Christian community, and 2) bring to bear the skills acquired in the MACS program in order to analyze the issue and articulate a Christian approach to that issue.
